JERSEY'S ATHLETIC MEET.

NEW YORK, Sept. 5.—Arrangements have been completed for the sports of the New Jersey Athletic Club, which is to be held on the club grounds to-morrow. Great interest centers in the appearance in the sprints of Champion Wafers and two western cracker, J. H. Maybury and J. R. Rush, of the Chicago Athletic Club. These three will meet in the 100 yard dash. The western boys, although taking their defeat in the national championship in true sportsmanlike manner and offering no excuses felt being going home they would like one more chance at the championship. The 100 yard dash is a handicap affair and the Chicago men have been given a foot and a half each on Wafers, but the event in which they are most interested is the 300 yard special scratch race, in which all three again figure. It is in this race that the boys are placing most of their hopes, as they are generally considered to be better performers at the distance. The Chicago boys have been training faithfully at Travers Island and have become acclimated since the championships and consequently have greater hope of defeating Wafers. At the national championship meeting on August 23th, the judges decided that J. H. Maybury and J. H. Rush ran a dead heat for second place. Chairman Fishburn, of the Chicago athletic association, has arranged that Messrs. Rush and Maybury will run this heat off to-morrow. This will be the first event so as to give the boys a chance to compete in the other races.

Easy for the Reds.

PROVIDENCE, R. I., Sept. 5.—Cincinnati and Pawtucket played an exhibition game at Crescent Park to-day and the Reds won as they pleased by hitting McCaffery all over the field. When his team had secured a safe lead Dwyer let up some and Pawtucket did some slugging. The fielding of Stouch, stops by Irwin and Coughlin, and a catch of a short fly by Miller were the leading features. Attendance, 1,500. BASE BALL COMMENT.

The Wheelings closed their two weeks' engagement with the western teams on the local grounds Saturday afternoon, when a double-header was played with Springfield, each team winning a game. Both were close and exciting and won on margins of one run. Bates, Garvey, Dolan and Poole were the pitchers, and Poole and Bates the winners, but all of them pitched the finest kind of tilt-edged ball. Errors lost the second game for Wheeling.

The Wheelings left last night for Mansfield, where they play two championship games to-day and Tuesday. In Tuesday's game, Jim Corbett plays first base for the Mansfields. On Wednesday and Thursday the Nallers play exhibition games with a semi-professional team at Zanesville, and come home for the last games of the season on the home grounds, with Mansfield on Friday and Saturday. In Friday's game, Corbett plays first for the Nallers. There is great interest in the game and the largest crowd of the season will turn out.

Terrapin is after a second baseman. W&A secured, Bradley will be played

regularly in right garden. His heart is not in his work at second and the sooner he is relieved of inbred work the sooner he will strike his gait, although even now he is one of the most valuable members of the team and by far the best run getter.

HELD UP BY TRAMPS.

One Man Shot Through the Heart for Refusing to Shell Out. BEAVER FALLS, Pa., Sept. 5.—Charles Gower is dead at this place with a bullet wound through his heart, the result of a hold-up by tramps.

Gower, who had secured work at New Castle, Pa., as a moulder, prevailed on five of his fellow workmen to board a freight train for Allegheny City to help him pack his goods and move his sick wife and three small children to his new home at New Castle. The men were riding in an empty ore car on the Pittsburgh & Lake Erie railroad, and were not disturbed until just before this place was reached early this morning. They were then confronted by three tramps with revolvers, who ordered "hands up." Gower's companions were fleeced of all they possessed and when they reached him Gower began to explain that had only \$9 which he was taking home to his sick wife and children. The ruffian who had him covered became impatient and fired his revolver, the bullet going through Gower's heart.

As the train slowed up for this station the robbers jumped off and escaped in the darkness. Every effort is being made to capture the miscreants.

Worse Than Tramps.

ALTOONA, Pa., Sept. 5.—The Pennsylvania railroad company has issued an order directing railroad policemen to break up the practice of stealing rides on trains. The order is not aimed at tramps particularly, but at men and boys living along the line of the road, who presume on their respectability and acquaintance with trainmen for exemption from the general rule against railroad trespassing. Arrest and imprisonment will follow every violation of this order. It is issued because of the frequency of accidents to train jumpers.

Killed in Boiler Explosion.

MORTON, Ill., Sept. 5.—A terrible explosion occurred here this evening at 5 o'clock. The electric light plant owned by Byer Bros. & Co., valued at \$14,000, was completely demolished by the bursting of the boiler from some unknown cause.

Two girls, aged 5 and 9 years, were killed outright and two boys, aged 4 and 12, were seriously hurt. They are the children of Moses Byer. Three of Mr. Moschel's family and many others were slightly hurt by flying missiles.

Horses Trampled to Death.

TRENTON, N. J., Sept. 5.—Nine horses were trampled to death early yesterday morning on a Pennsylvania railroad train between New Brunswick and Trenton. The horses killed were a portion of a consignment being sent by a New York car company to James Cox, a Baltimore contractor. The killing of the horses resulted from a stampede caused by a spirited horse in one of the dead horse cars, which was of no great value. The car was detached from the train at Trenton and the dead animals were taken out.

Consul General Lee's Vacation.

WASHINGTON, Sept. 5.—Assistant Secretary Day, of the state department, who returned to Washington to-day, was asked whether or not it was true, as reported, that Consul General Lee, now on his way to the United States, would not return to Havana when his vacation is over. Judge Day replied that the regular thirty days' annual leave had been granted to General Lee and that so far as he was aware there was no reason to suppose the general would not return to Havana when the thirty days had expired.

Nothing but Skeleton Left.

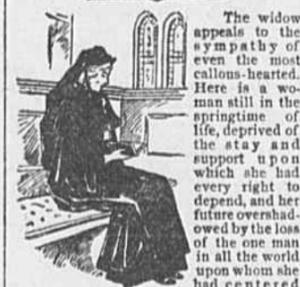

LAUREL, Md., Sept. 5.—The decomposed naked body of a white person, supposed to be a woman, was found this morning in the woods about three-quarters of a mile east of this place. The body had evidently been lying where found for a month, as it was reduced to a mere skeleton. There is no clue to the identity of the remains and an air of mystery is imparted by the circumstances. The only thing of any description has been found.

Caused by an Old Grudge.

RUSSELLVILLE, Ky., Sept. 5.—Will Barker, a prominent farmer, who was shot by Doc Chapman last night at Adairville, died to-day. Chapman is here under guard. He was taken to Bowling Green to-night for safe keeping, as a mob was expected to-night. An old grudge caused the trouble. Chapman claims self defense. Barker's friends say it was a cold blooded murder.

Defaulter Still at Large.

TRENTON, N. J., Sept. 5.—Peter W. Crozer, the defaulting treasurer of the Mercer and the Mechanics' Mutual building and loan association, is still at large. Yesterday a further shortage of \$3,000 was discovered in class 12 of the Mercer building and loan association. It is generally understood that the serious misdeed was committed on Tuesday to the appointment of a receiver for the wrecked concerns.

her love and affection. A man has no right to sacrifice his life in the mad race for money, by neglecting his bodily health. A man owes it to himself and to his wife and children to live a long and helpful life. If a man would live he must keep healthy.

Health is a matter of a little patch here and there. Look after the little ailments and the big ailments will take care of themselves. They will never come. Dr. Pierce's Golden Medical Discovery keeps the body in perfect health. It promptly eradicates the little ailments that bring serious illness. If the serious misdeed has already arrived it promptly cures it by removing the cause. It corrects all disorders of the digestion, invigorates the liver and makes the appetite keen and hearty. It makes the assimilation of food perfect and supplies the blood with the life-giving elements that build new and healthy tissue and firm muscles. It tones and builds up the nerves. It drives impurities and disease germs from every organ of the body. It cures all diseases due to overwork and worry and faulty nutrition. It is an unfailing remedy for weak lungs, spitting of blood, shortness of breath, severe cough, bronchitis, asthma and all dried affections. It cures 98 per cent. of all cases of consumption.

Mr. Isaac E. Downs, of Spring Valley, Rockland Co., N. Y., writes: "For three years I had suffered from that terrible disease, consumption and heart disease. Before taking Dr. Pierce's Golden Medical Discovery I had lost all my strength and was unable to do any work. I was a skeleton and could not sleep nor rest, and many times wished to die to be out of my misery, step by step, the signs and realities of returning health slowly but surely developed themselves while taking the 'Discovery.' Today I tip the scales at 175, and am well and strong. The 'Golden Medical Discovery' has also cured my daughter of a very bad ulcer located on the thigh."

A WORTHLESS CHECK.

Gets a Louisville Man into Trouble—A Touching Interview with His Mother. NEW YORK, Sept. 5.—Wm. Botto, of Louisville, Ky., who was arrested yesterday for having uttered a worthless check in Philadelphia, was arraigned to-day in police court. He was committed to the Tombs to await the arrival of requisition papers from Kentucky.

The alleged bad check was on the Louisville Trust Company and was for \$5 and was made payable to Frank C. Benjamin, of Philadelphia. Botto is said to be the son of the owner of the Louisville base ball club. His mother, who was sent for when Botto was arrested, was in court to-day. She talked with him for a few minutes and then burst into tears. She accompanied her son to the prison.

In court to-day Botto said that he had been in the habit of drawing checks against the Louisville Trust Company, although he never had an account there. He would wire his father that he had drawn a check and his father would make it good. The money in the present case was sent on by him, he said, to his first wife, who failed to deposit it as he had directed.

On Gettysburg's Gory Field.

GETTYSBURG, Pa., Sept. 5.—The veterans and friends of the Seventy-third New York and One Hundred and Twenty-fourth New York regiments, and the veteran firemen of New York spent all of to-day on the battle field. The veterans of the One Hundred and Twenty-fourth held an informal meeting in the afternoon at their monument at Devil's Den, which was opened with prayer by Rev. T. Brittain, who also made an address. Brief historical sketches of what the regiment did here in battle were given by Colonel Weygand, who commanded the regiment after Colonel Ellis was killed, Dr. Thompson, the regimental surgeon, under Sheriff Howell, and other veterans of the regiment.

Didn't Know He Had so Much.

TORONTO, Ont., Sept. 5.—Thomas V. Hawkins, colored, was arrested here last night by Detective Sleeman. Hawkins was formerly porter in the tax collector's office at Washington, D. C. On August 31 he disappeared with some \$9,000. The police of this city were notified to look out for him. Yesterday he was located in a small boarding house on Bond street. When searched at police headquarters \$5,234 was found on him. Hawkins appeared to be quite startled when told of the amount of money taken from him, saying that he had never counted it and had no idea the amount was so large.

Prominent Railroad Man Dead.

NEW YORK, Sept. 5.—Benjamin Brewster, president of the Keokuk & Des Moines railroad, died yesterday at his summer home in Cazenovia, N. Y., aged sixty-nine years. In 1849 he went to California, where he remained in business for twenty-five years. He was closely associated with John D. Rockefeller in the establishment of the Standard Oil Company and was prominently identified with the construction of the Rock Island railroad.

BARCELONA, Sept. 5.—Barri, the anarchist, who, on Friday evening last, attempted to assassinate Chief of Police Portas and assistant chief Teixedor, as they were leaving the circus, was tried by court martial to-day and it is expected that he will be executed to-morrow. It is stated that the two accomplices of Barri also fired at the officials, but succeeded in making their escape.

Germans Celebrate.

CINCINNATI, O., Sept. 5.—The anniversary of the first settlement of the Germans in America, at Germantown, Pa., was celebrated here to-day with the largest demonstration of the kind ever known in this city. Over one hundred German societies participated. All the railways brought excursions. There were parades in the morning and over 40,000 people assembled in the Zoological gardens in the afternoon. Carl Schurz was the orator of the day.

Excursion Train Wrecked.

WATERVILLE, Me., Sept. 5.—An excursion train on the Maine Central railroad was wrecked this morning, two miles west of Etna Station. One person, Martin Payne, aged 21, of Plymouth was killed and thirty-two wounded. The train was carrying excursionists from Dover and Foxcroft to the Etna camp meeting. The breaking of a flange derailed and overturned a car containing sixty-five passengers.

The True Remedy.

W. M. Repine, editor Tishkwa, Ill., "Chief," says: "I've won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experienced with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc. It is able to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and benefits is guaranteed. It never fails to satisfy. At Logan Drug Company's Drug Store. 4 What stops Neuralgia? At the Craig boarding house in the Standard addition yesterday afternoon, Robert Spears and James O'Donnell got into an excited dispute at the dinner table, which soon led to an intense desire for them to settle it by more forcible means than mere words, so they retired to the back porch and there a lively fight took place. O'Donnell was struck on the head by a flat-iron, fracturing the left side of the skull, making it necessary to remove several small pieces of bone. Buying a Stove

It is an important undertaking. If you get an unsatisfactory article, there's misery ahead of you all winter. Some stoves cook well, but eat up an awful amount of coal. Other stoves are economically inclined in this respect, but won't bake well. The CLIMAX is built of good solid stuff. It doesn't require an awful amount of coal—it bakes beautifully, and its price is low.
