**YESTERDAY'S GAMES.**  
 Boston, 12; Brooklyn, 4.  
 Baltimore, 6; Washington, 3.  
 New York, 7; Philadelphia, 1.

**BROOKLYN, Sept. 29.**—The Boston and Brooklyn began a series of three games at Eastern park this afternoon, on which depends much for both teams. Winning all the games will give the Boston the championship, no matter what Baltimore does. A majority of the games for Brooklyn means a clinch on the only place still left in the first division—sixth.

The management had planned to handle a large crowd, but the cranks failed to materialize, and when the game began only about 2,500 persons were present. It was Kennedy against Lewis and for six innings it was nip and tuck, Lewis having a shade the better of the argument. In the seventh Kennedy took a ride in the "air ship" and before he came back to earth the Boston Eaters had hit him for one three bagger, four singles and a sacrifice, which brought in four runs. This was more than Captain Griffin would stand, and so he called on Payne to come back to the field. He looked like Kennedy to the Boston and three more runs was the result, thus clinching the victory.

After the third inning Lewis had the home team completely at his mercy. The support given the youngster bordered on the phenomenal. Duffy took a ball off the left field fence, and was loudly cheered for it was a grand piece of work. Stahl caught Shoch's foul fly from off the top of the picket fence in the sixth. Long and Lowe seemed to be all over the field. The Boston rooters had a section all to themselves in the grand stand. There were not over seventy-five of them, but what they lacked in numbers they made up in enthusiasm. The Boston contingent brought every possible kind of an article which they thought would prove a mascot for their favorites and a hoodoo to the Brooklyn. One came with a large broom on which was ribbon bearing "A clean sweep for the Hub." The Hub enthusiasts hardly had an opportunity to exert themselves until after the sixth inning, and then they made up for lost time. The game was called at the end of the eighth inning on account of darkness. Score:

**BALTIMORE, Sept. 29.**—Washington went down before the Champions to-day in a well played contest. The game was characterized by the sharpest kind of fielding on both sides, Wrigley and Lewis being the stars. Nops, while hit for double figures, was very effective in tight places, whereas McJames gave six passes to first, hit two batsmen and had a wild pitch. The attendance was in marked contrast to that of Monday. The reaction seems to have set in, and though the faithful local "rooters" are full of hope, the enthusiasm of Monday last was conspicuous by its absence. Attendance, 1,219. Score:

**BALTIMORE, Sept. 29.**—Errors in the first inning and clean batting in the second gave New York a lead which the Phillies could not overcome. Although they hit the ball more frequently than did the Giants, the Phillies only run was a home by Clements. With a lead of six runs, Rust retired at the end of the seventh and Seymour went in. He succeeded in striking out five men and being hit but once, before.

**RAMBLERS MUST BE SOLD AT REDUCED PRICES.**  
 It is an undeniable fact that all wheels carried over from one year to another must be sold at a reduced price, and rather than carry any of our '97 wheels over to '98, we will make that price now, viz:

All '97 model Ramblers, except No. 21, \$65.00; No. 21 (special), \$75.00; Tandems (all styles), \$110.00. We have also a few model '98's (wheels) which we will sell, while they last, at \$50.00. This is a chance for the ladies.

All others will be sold at auction. Sale will begin Monday evening at 8 o'clock, and continue one hour each evening during the week.

 President Polk in the White House chair. While in Lowell was Doctor Ayer; Both were busy for human weal. One to govern and one to heal. And, as a president's power of will Sometimes depends on a liver-pill, Mr. Polk took Ayer's Pills I trow For his liver, 50 years ago.

**Ayer's Cathartic Pills**  
 were designed to supply a model purgative to people who had so long injured themselves with gripping medicines. Being carefully prepared and their ingredients adjusted to the exact necessities of the bowels and liver, their popularity was instantaneous. That this popularity has been maintained is well marked in the medal awarded these pills at the World's Fair 1893.

**FOOT BALL.**  
 There was considerable local interest in yesterday's game at Philadelphia, between the Washington and Jefferson and University of Pennsylvania eleven, and the score of 18 to 4 in favor of Old Penn set the W. & J. enthusiasts wild. To score on the big university was indeed an honor, and W. & J. stock will be high on the gridiron henceforth. The red and black's brilliant record of last year bids fair to be outdone this season, though it was feared the loss of Ingalls and Duffey would sadly cripple the team. In yesterday's game the first half ended 0-0, and U. P. managed to get three touchdowns in the second half, kicking goal each time, while W. & J. failed for goal after its touchdown.

The manager of the St. Clairsville yesterday sent a challenge to Benwood, the Belmont county lads being eager for the scalps of the young men now learning the game there. No definite answer was returned for the very good reason that Benwood hasn't yet organized a team. It is probable one will be organized, for a sort of scrub practice has been going on for some time.

The arrangements for Saturday's game are completed, and the line-ups will be published by to-morrow. The Tigers are confident that they will wrest the championship of eastern Ohio from the East Liverpool Monarchs, and the rooters are getting ready to help them do it. The game will be played at the Island ball park, and starts at 2:30 o'clock.

**HAD A STRONG ARGUMENT.**  
 PHILADELPHIA, Pa., Sept. 28.—The University of Pennsylvania foot ball eleven stacked up against the strongest proposition they have tackled this year in the Washington and Jefferson team, of Washington, Pa., and after two twenty minute halves only succeeded in defeating the boys from the western end of the state by the small score of 18 to 4 in the first half and 12 in the second.

The Washington and Jefferson team were a beefy lot of players, their average weight being 165 pounds. Time and time again they massed and crushed against Penn's weak spot, left guard, from three to twenty-five yards. There was a lack of fumbling on the part of the visitors, and only on two occasions did the red and black let the ball slip from their grasp. There was considerable slugging on the part of the Washington and Jefferson team, and time was frequently taken out on account of injuries, the teams being on the field, barring the fifteen minutes intermission, one hour and forty minutes.

For the visitors, Matthews, Crookston and Wood did the best work, while Minds, Jackson, Morlee and Outland carried off the honors for the red and blue.

**BOWLING.**  
 The composition of the Wheeling Bowling League insures its success, and some hot games are promised the devotees of ten-pins this winter. The schedule for the tournament embraces twenty-seven weeks, beginning October 11. The league will use Fette's new alleys, which are calculated to please the most fastidious. The following are the competing teams, with their respective captains:

Team finishing first place, \$25; second place, \$20; third place, \$15; fourth place, \$10; fifth place, \$5; high average man in each of the ten teams, \$2; highest team average in the league, \$10; team making highest team score in a single game, \$5; high individual average man in the league, \$5. To the team of the last five at the beginning of the third meeting, winning the most games, \$2.

All games will be governed by the rules of the American Bowling Union. With the premiums in store, good alleys and everything in general lovely the boys that gather out to run the coming cool nights are to be envied.

The Old Cronies had a good practice game last night, at Fette's alleys. This evening the Defenders will meet for the same purpose.

**A DOG FIGHT.**  
 Articles were signed last night, for a dog fight, to take place near this city in ten days. Wheeling sports are interested in the match, which is for \$100 a side.

A forfeit of \$40 was posted last night. One dog hailed from Chillicothe, and the other which belongs in New Philadelphia, trounced a Cleveland dog Monday night. They are to fight at thirty-five pounds, give or take one pound.

**CYCLING.**  
 Herman Friedrichs and Will Miller will make a century run Sunday, going to East Liverpool and return, a distance reaching over the century mark. A cordial invitation is extended to all wheelmen wishing to roll off a hundred miles. These two roadsters will doubtless set a pace sufficient to keep out the frost.

**BULLAIRE.**  
 All Sorts of Local News and Gossip From the Glass City.

The county Christian Endeavor societies will hold a convention here, beginning in the Christian church, this evening, and lasting for two days. The exercises this evening will be devotional and the real programme will begin to-morrow morning, which will be in the same church. The third session will be held in the U. P. church on Friday afternoon at 2:30 o'clock; the fourth session at the First Presbyterian church at 7:30 o'clock Friday evening; the fifth session at the Second Presbyterian church on Saturday morning at 7:30 o'clock, and the closing services at the Trinity church at 10 o'clock. The meetings will be very interesting, and instructive, and will, no doubt, be largely attended. Among the speakers chosen for the various sessions from this city are Professor Henry G. Williams, Rev. H. S. Boyd, Rev. Charles M. Watson, Miss Anna Blaney and Rev. John T. Foster.

The clerk of courts has completed the trial docket for next term. Upon it appears two hundred and seventy-four cases for trial, of which forty-seven are criminal. The most important of these is that of the state against James Williams for the murder of Wash Linker. The next in importance is that against James Matthews, accused of horse-stealing. There also appears two cases of alleged attempt to commit rape, one against John Laville, the other against James Aldridge, both late of Bellaire. Probably the suit asking for the largest amount of money is that of William Crow vs. Levi Lichtig, for \$10,000 damages for "unlawful and malicious arrest without cause." Both parties are residents of Bellaire, and the suit grows out of a two-dollar shot-gun deal. After the grand jury gets through its grind, the number of cases appearing on the trial docket will probably reach three hundred and fifty or even a greater number.

W. C. Bergundthal, the Republican candidate for county treasurer, started out over the hills yesterday to call upon the voters in the country. He is developing lively hustling qualities. But the portion of the ticket that greatest interest will center upon is the legislative ticket, the Democrats making that a specialty. The Republicans are now busy with their selections of candidates for the legislature, Hon. Charles J. Howard and E. B. Armstrong, one a bright and active young man, the other a sturdy and intelligent man of middle age, a combination that will not lose.

M. F. Walker, the colored mail agent on the Cleveland and Pittsburgh road, says he has always been a Republican until last fall and that he did not distribute the petitions for the Afro-American ticket on the blank ballot, but he explains that the confusion of names came about by reason of the fact that his brother is one of the executive committee of the Democratic annex that has placed a colored man's ticket in the field. Mr. M. F. Walker says he is out of politics.

Our own James C. Tallman, who awakened the echoes last fall for Bryan and free silver, is booked to open the Democratic campaign at Morristown. John C. Welty, of Canton, and Judge J. B. Driggs, of Bridgeport, are announced for the same meeting. An entire change of programme will be given. None of the platitudes of last fall will be rendered, but Mark Hanna will be the mark to shoot at and the exhibition will be given in broad daylight.

The Cleveland Press had a man in this city yesterday, gathering political news. He said he had been in nearly all the counties in the state, and that while he thought in some localities there was a strong pull being made for the Democratic candidates for representatives, he could not see much to base hope upon, as the general trend is toward the McKinley administration.

The pastoral relations of Rev. H. A. L. King and the First Presbyterian church of this city, were officially dissolved at the meeting of the St. Clairsville presbytery, at Cumberland, yesterday. The pastor and Messrs. D. W. Cooper and Theo. Hibbs were in attendance.

A cow belonging to John Sattulid, who lives on the Barnard place, was run over by a freight on the Cleveland, Lorain & Wheeling road early yesterday morning, and three cars and the tender of the engine were thrown off the track. It took several hours to clear up the wreck.

The "Fast Mail" company appears at the Elysian theatre this evening. This is a fine company and will be greeted with a full house.

The members of the Second Presbyterian church held a reception last evening.

**Love is the key-stone of a woman's home.** Her fondness for her husband is the tender emotion; her highest pride is in her capacity to awaken the love which makes a happy wife; her noblest ambition is to become a loved and loving mother. Any weakness or disease which incapacitates her to fulfill the exalted function of motherhood is the saddest blight which can come upon a woman's life. But there is no reason in nature why any hindrance or deprivations of this kind should continue to exist. Ninety-nine times in a hundred they are completely overcome in a perfectly natural and scientific way by the use of Dr. Pierce's Favorite Prescription, which gives healthy power and capacity to the special organs; reinforces the nerve-centres and makes natural, healthy motherhood possible, safe and comparatively easy. It makes the mother of baby almost free from pain; gives strength and cheerfulness to the mother, and constitutional vigor to the child. It is the only medicine in the world devised for this one purpose by an educated physician, a skilled and experienced specialist in this particular field of practice.

"I cannot say enough in praise of Dr. Pierce's Favorite Prescription as it has done me a world of good, and has, undoubtedly saved my life."—Mrs. Florence Foster, of Corley, Logan Co., Ark. "I miscarried four times; could get no medicine to do me any good. I concluded to try the 'Favorite Prescription,' and after taking several bottles it made me healthy and a preserver of a fine girl. I think it is the best medicine in the world."

Dr. Pierce's Pleasant Pellets: One is a laxative, two a mild cathartic.
