He fell a distance of about twenty feet into a rock run.

There was an alleged abduction yesterday afternoon on the river front. Sam Cook and his wife separated some time ago, the husband taking the boy and the wife caring for the girl. Yesterday the husband came down from Steubenville and is alleged to have secured possession of the girl through the boy. The wife invoked the aid of Officer McCausland, and had the steamer T. M. Bayne searched, but the persons wanted were not there and are supposed to have taken a train for Steubenville.

THE MEN CONFER.

Meeting of the Benwood Plate Mill Helpers.

A GENERAL STRIKE POSSIBLE.

THE STEELWORKERS, WHO HAVE BEEN NOTIFIED OF A HEAVY REDUCTION NEXT MONTH, WILL MEET AT BENWOOD ON SUNDAY AFTERNOON—THE WORKMEN MAKE A STATEMENT OF THE SITUATION—NO CHANGE YESTERDAY.

There was no change yesterday in the strike of the helpers of the Benwood plate mill, and nothing was done toward effecting a settlement. The steel workers, who have been asked to accept a heavy reduction, to go in force the latter part of next month, met at the Benwood city hall to-morrow afternoon. The majority of them say they will not accept the cut, and as noted previously, there are prospects of a general strike. The helpers met yesterday afternoon at Benwood, and expressed their willingness to confer with President Hubbard regarding a settlement, and say they were willing to be conferred before, but that both turns had no chance to get together.

Yesterday afternoon, after their meeting, the men gave the Intelligencer a statement of the situation, which in effect is as follows: "As there has been considerable misunderstanding regarding the real differences between the management and employees of the Benwood plate mill, the employees desire their grievances to be set right before the public. It has been stated that the difficulty was only a matter of six heats, instead of five heats, and that a question of wages didn't enter into the controversy. This is incorrect, as the company based the tonnage of the mill at too high a basis. The rate the company offers for six heats would be more money by increasing the iron tonnage, but we claim it is impossible to increase the tonnage, as the furnaces are worked to their full capacity on iron. The reduction proposed amounts to about twenty per cent, on both iron and steel."

The men also deny the statement that they have severed their connection with the company, and say they are merely on strike, and are willing to receive the new scale was sprung on them without any previous notice, not allowing both turns to confer regarding it and consider the scale proposed. The meeting at the Benwood city hall yesterday afternoon, and discussed all phases of the question. They expressed their willingness to hold a conference with President Hubbard, and were willing to receive a conference with him at the time the notice of reduction was posted, but, as stated, they had no chance to get together, men working on one turn being prevented from getting to see those on the other turn.

Deed of execution by Elizabeth Bell to Lavinia E. Keeler.

THE GIBNEY COMPANY.

The management of the Gibney Comedy Company at the Grand has been very successful. Its repertoire of popular plays having given entire satisfaction at the matinee and evening performances daily. The engagement will close to-night. A comedy bill has been reserved for the last day. This afternoon the company will present "The Prince of Lovers," and to-night "The Prince of Lovers." Both are very laughable comedies, and it goes without saying that the audiences will be large.

A Soldier's Theory.

CINCINNATI, Jan. 28.—C. Klein, president of the Klein Flour and Feed Company, who was found on the street fatally shot last night, is still alive and adheres to his statement that he was assaulted by two highwaymen on the street, and then shot. The police are unconvincedly clinging to the theory of a suicide. No new developments have been made to-day tending to clear the mystery. The flour and feed company made an assignment to-day, giving assets of \$7,000, liabilities \$29,000. It was this business embarrassment which gives weight to the theory of suicide.

Dark Days.

The person who by overwork or excess has brought on a condition of nervous prostration, nervous debility and loss of vigor is greatly to be pitied. There is no affliction worse than this, because it affects body and mind, and ultimately it very rarely leaves the human system. The days are dark, and the nights full of gloom. But you should not despair, for you can certainly be cured. Write at once to Dr. Greene, 35 West 11th St., St. Louis, Mo., in the most successful physician in the world in the cure of this class of diseases, and be treated and cured at your home. You can consult him by letter free. His reply will give you wonders of good. Do not put off writing him one day longer.

Footprints in the Snow.

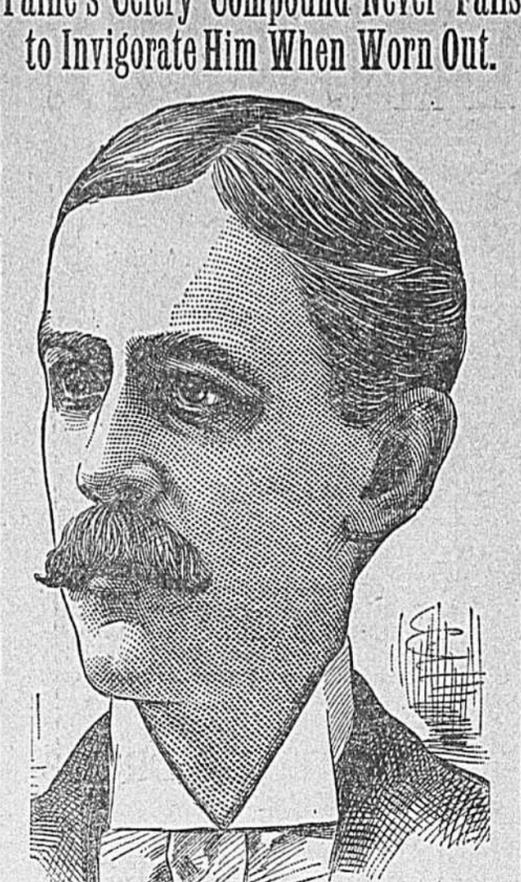

NORWICH, Conn., Jan. 28.—The dead body of Frank Hogan, forty-two years of age, a paper maker, was found in the woods near this city to-day. It was frozen stiff and had been there during the storm. On the head was a cut and the skull injured. The circumstances lead to a suspicion of foul play. Leading up to and away from the body were foot prints in the snow of two men. An investigation is being made.

A Very Uncongenial Companion.

NORRISTOWN, Pa., Jan. 28.—Mrs. Jennie Sherman, colored, early to-day, sent a thirty-eight caliber bullet into the lungs of her sleeping husband, George Sherman, and afterward tried to brain him with an axe. The husband,

THE MAYOR OF LYNN.

Paine's Celery Compound Never Fails to Invigorate Him When Worn Out.

Mayor Ramsdell is again mayor of Lynn.

Two years ago he was elected by the combined People's party, Democratic and Citizens' Reform party. He was again nominated by acclamation by the Democrats to succeed himself as mayor of the busy modern city, and was again elected by a rousing majority last month.

Mayor Ramsdell's present high position is the legitimate reward of his ability and his fearlessness in defending his opinions. He has never hesitated to declare his convictions in public, nor has he been slow to espouse the cause of the shoemakers and other wage earners. In 1884 he was candidate of the People's party for Congress. A hard worker, a conscientious official, Mayor Ramsdell has more than once been pushed to the limit of his strength. At such times of extreme nervous tension and overwork, he has saved himself from breaking down by taking Paine's celery compound.

Mayor Ramsdell's honest opinion of this great remedy cannot be mistaken by any one who reads his letter that follows:

WELLS & RICHARDSON CO., Burlington, Vt. Gentlemen:—A previous experience with Paine's celery compound, as a restorer of exhausted energy, induced me recently to take it again, the many duties of the mayor's office having taxed my slight physical resources greatly. I made no mistake. In one week I found my appetite improved, the feeling of weariness disappearing, and my nerves becoming steadier. Paine's celery compound has thus been a friend in time of need, and I like to say to a friend, Truly yours,

WALTER L. RAMSDPELL, Nov. 5, 1897.
