When a man is sick his work rides him instead of he riding his work. His daily task instead of being the means which supports and carries him on to comfort and prosperity becomes a burden weighing him down. He has no strength, no ambition. He feels that there is nothing left but to let him slumber along until the awful pressure of disease and trouble at last crushes him to earth.

The prosperous man is the one who keeps the upper hand of his work, because he is strong, capable and energetic. Dr. Pierce's Golden Medical Discovery has brought the best kind of prosperity to thousands of weighed-down, over-burdened men and women by giving them the physical strength and stamina to carry on their work forcibly and easily.

"For the last three years," says Mr. J. C. Morgan, of Monongah, Marion Co., W. Va., in a letter to Dr. Pierce, "I have been a constant sufferer from indigestion complicated with dyspepsia. Always after eating there would be a formation of gas and a heavy load in my stomach. I would betch up my food after eating, would be very irregular, I would issue a few objects floating before my eyes. I had pain across my back. About December, 1904, I began feeling much worse than usual and was beginning to think I was about to suffer the remainder of my life. I was greatly discouraged. I described my case to Dr. Pierce's staff of physicians and they directed me to begin at once with a course of 'Golden Medical Discovery' according to directions. I did so, and am happy to state I experienced most gratifying results, as all the unpleasant feelings have entirely left me. I have now a very good appetite, relish my food, and am pleased to say I feel once more like my former self. I recently walked a distance of one hundred and ten miles in about four days."

No remedy relieves constipation so quickly and effectively as Dr. Pierce's Pleasant Pellets.
