TRI-COUNTY W. C. T. U.

Held its Annual Convention in Wheeling on Thursday.

On Thursday, the annual convention of the tri-county Woman's Christian Temperance Union was held at W. C. T. U. hall, with a large attendance from the three counties of the district. The convention was opened with short devotional services conducted by Mrs. Schofield. The address of welcome was by Mrs. Schweickhardt. The president, Mrs. M. Anna Hall, presided. The response was by Miss McCutcheon, of Romney's Point.

After the election of officers and reports from committees, the convention adjourned.

Wanted Fifty-one Months.

On April 5, 1894, a marriage license was issued by County Clerk Hook to a man and a woman in this city, whose names County Clerk Robertson would not divulge, who failed to get married at the time, and have kept the license ever since. On July 31 of this year, over four years after the license was issued, they were married. The fellow in the case must have put up a great struggle before he gave up the state of single cussedness.

Among the visitors introduced were Rev. C. B. Graham, of the North street church; Rev. Dr. J. L. Sooy, of the Fourth street M. E. church, and Rev. Mr. Stephens. Dr. Sooy complimented the women of the union upon the great work which they are accomplishing. There is need that this work of reclaiming slaves of the strong drink habit be prosecuted with the utmost vigor in the future. Mr. Stephens spoke along the same line, and like Dr. Sooy he said the importance of the W. C. T. U. work cannot be overestimated.

The noon-tide consecration service was conducted by Mrs. Louisa Huntley, assisted by members of the local detachment of the Salvation Army. Rev. Mr. Graham made the closing prayer.

Shortly after noon the ladies sat down to an excellent dinner that had been prepared for the occasion. The afternoon session was opened by a devotional service conducted by Harry Brennan, of the Salvation Army. Mrs. C. H. Watkins, superintendent of prison and jail work, made her report, showing the extensive work that had been done during the year. After a vocal solo by Miss Ruth Hall, Sister Elaine, of the Rescue Home, made a report of the work done at this well known institution. Mrs. Allen reported from the department of Mothers' Work in an interesting man-

Some Fall Hoaxing.

The boys of Union school are doing some tall hustling under the leadership of Master Elmer Bonnette, in the interests of the "American Boy" celebration, which is to occur at Wheeling park, October 22. They will seek the aid of the other schools, and are confident of getting a big turnout for the street parade, which is to precede the exercises at the park in the evening. W. Rankin Good, of Cincinnati, the schoolboy who originated the "American Boy" idea, is to make an address in the evening.

The Fourth Pool.

MONONGAHELA CITY, Pa., Sept. 22.—Having scored a victory in the third pool, the miners will now turn their attention to the mines in the fourth pool, where the Chicago agreement is being violated. The contest will be opened in a few days and the officials say will be waged vigorously until every operator is paying the district rate.

Three mines in the third pool are still idle, the employer, Capt. S. S. Brown, not having signified his willingness to comply with the Chicago agreement. The night will be continued at these mines until the strikers are successful.

WITH HONORS OF WAR

Will Henretta will be Buried at Moundsville to-day.

THE BODY ARRIVED YESTERDAY

FROM CAMP POLAND, HAVING BEEN DELAYED EN ROUTE. COMMANDER RICHARD ROBERTSON, OF THE WEST VIRGINIA G. A. R. AND THE SONS OF VETERANS FIRING SQUAD, OF WHEELING, WILL TAKE PART IN THE BURIAL SERVICES.

The body of W. H. Henretta, commonly known as "Huse," who died in the hospital at Camp Poland, Knoxville, Tenn., Tuesday morning, arrived in Moundsville yesterday afternoon at 3:15. An undertaker took charge and moved the remains to the opera house, which had been arranged for its reception, where they will remain until 10 o'clock this morning, when the body will be removed to his father's residence on Seventh street, where the funeral services will be conducted.

Rev. B. M. Spurr, assisted by the other ministers of Moundsville, all of whom are invited to be present, will have charge of the services at the residence. When the services are concluded at the house, the local post of the G. A. R., assisted by Department Commander Richard Robertson and a delegation which he will take to Moundsville with him from Wheeling, will take charge of the remains and bury them with the honors of war. The Wheeling Sons of Veterans firing squad and other organizations will attend the funeral in a body.

William H. Henretta was a private in Company M, First West Virginia Volunteer Infantry. He joined the company at Charleston with a squad of recruits enlisted by Sergeant J. E. Roberts. He had been a clerk in Dr. Davis' drug store for about three years previous to his enlistment and expected to follow the profession of pharmacy. He was about twenty-three years of age and was well liked by all who knew him. His company made up \$46 with which to purchase a floral offering. The interment will be in the Rose Hill cemetery.

Commander Robertson requests that members of the local posts of the G. A. R. and the Sons of Veterans firing squad call at the county clerk's office at 8 o'clock this morning, prepared to go to Moundsville.

CAMP POLAND HOSPITAL

Under Direction of Major Baguley is Doing Well Constructed.

The Knoxville (Tenn.) Sentinel pays a tribute to Major H. B. Baguley, of this city, who is in charge of the Second division hospital at Camp Poland. Says the Sentinel:

The patients now under treatment number about 300. Nearly all of these are fever cases. Many of them had fever when they came to Knoxville. Others had it in their system and the change of water brought it forth. Surgeon and Major Baguley, in charge of the division hospital, thinks Camp Poland a most healthful location, and says that the fever developing here is due almost entirely to Chickamauga. The fact that the Fourth Tennessee regiment, camped here all the while, has been entirely free from fever is conclusive evidence that this section is not fever breeding.

The most remarkable example of the excellence of the present site of the division hospital is the fact that out of about 700 patients treated since its establishment only eight deaths have occurred. For the last week about 300 patients have been under treatment and not a single death has occurred. For this, of course, Major Baguley, with his excellent corps of assistants, deserve praise. The surgeons employed can no more fittingly demonstrate their efficiency than by their reducing the mortality to such an extremely low percentage. The most improved method of fever treatment is employed. Such treatment as is most applicable to the case that in the opinion of the doctor is necessary after a diagnosis is applied. Major Baguley allows his assistants liberty in this matter and has no red tape methods that in the hands of unsympathetic assistants might result in more harm than good.

As soon as the patient is sufficiently convalescent he is removed from the dangerous ward to large tents east of the pavilions. Here they are as carefully looked after as before, so that no relapse may occur. In multi-colored pajamas of many styles and sizes these convalescents lounge about. Their favorite pastime is swinging. The large number of chair swings in the park makes it possible for them to gratify this desire.

Major Baguley in speaking of the food used for the sick, said that anything they desired that was good for them was bought. With the sixty cents allowed per day about all that a sick man wants can be purchased. No trouble whatever is had in obtaining food for the sick. Much of the trouble talked about in the matter of obtaining food, especially at Chickamauga, was greatly exaggerated, and no trouble was had by this division hospital in this respect.

W. VA. SOLDIER KILLED

At Camp Poland While Escaping From the Guard House.

A special dispatch to the Intelligencer from its soldier-correspondent at Camp Poland, Knoxville, Tenn., says: Private W. C. Goff, Company A, First West Virginia, of Hazelton, Pa., who enlisted at Charleston, was found dead this morning near the Ohio guard line, his neck being dislocated. Goff escaped from the guard house last evening in his underclothing. He was confined for striking Corporal G. T. Cullen over the head with a gun. He is supposed to have fallen while escaping.

A Fourth Tennessee man was shot and killed by the provost guard of the same regiment while under arrest last night on Cripple creek in the Bowery district of Knoxville.

Private Matthews, of Company M, First West Virginia, is reported to have been removed to the death ward at division hospital last night.

ELIAS IS INSANE.

The Inquiry Into His Case Finally Reaches This Conclusion.

For the last two or three days, County Physician Armbricht has been looking up evidence as to the sanity of Louis Elias, the man who set fire to his house on Forty-second street, last Saturday night. Dr. Ackerman, the physician who had attended Elias, claimed that the man was not insane, but Drs. Armbricht, Ulrich and Ford, who had been called into the inquiry by the county physician, united in the belief that the man is insane. The evidence of these physicians, together with that of Elias' relatives and neighbors, all of whom believe he is not sane, contributed to the decision arrived at last evening by the committing justice, Squire Rogers, in adjudging Elias insane. The squirrel notified the Weston asylum superintendent, Dr. Stathers, last night, and it is supposed an attaché will be here to-day or to-morrow who will conduct him to Weston.

ANOTHER DEMENTED MAN.

John Smith, the man who was left at Haskins' hospital in a pitiable condition, was yesterday adjudged to be insane by Justice Fitzpatrick, and will be taken to Weston with Elias, another man yesterday declared to be insane. Justice Fitzpatrick says efforts should be made to prevent people from other places dumping such cases as Smith in to Wheeling.

PECULIAR POISONS.

GENERATED IN THE HUMAN BODY.

The Result of Imperfect Digestion of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay and death.

In the human body these germs of disease and death (called by scientists "Poisons"), are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning the blood, making it thin, weak and lacking in red corpuscles, poisoning the brain, causing headaches and pain in the eyes.

Bad digestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and pepsinogenic products; the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach.

They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

AMUSEMENTS.

"The Man from Mexico," H. A. Du Souchet's successful farce, with the quaint and nimble-witted comedian of various fames, Willie Collier, is announced for an engagement at the Opera House next Thursday, September 29. Many comedies come and go during the course of a theatrical season, and make little impression, and are soon forgotten, but it is safe to say that those who have witnessed "The Man from Mexico" will remember the event for many a long day. According to all reports, no farce given to the stage in years has afforded such wide scope for laughter and amusement. It is filled with laughs from the rise to the fall of the curtain, and the rapidity with which one ludicrous situation follows another gives the audience no time for thought. Willie Collier stands almost alone in his peculiar line of comedy, but he has never before had a play that gives him scope to display his art of expression and body, voice and face like the "Man from Mexico." His every line of comedy is said to be quaintly humorous, his every movement irresistibly funny, and his face is at all times a study. In the interpretation of the farce, Mr. Collier will be supported by the members of the Smyth and Rice company, an organization of well known players.

High Art.

are often made by a plucky adherence to a principle. The merchant wins who gives his customers a better shoe for \$1.25 than does his competitors.

We have a shoe, a Cincinnati make, of fine Chromo Tanned Dongola, which has the style and quality required for this purpose.

AT THE GRAND.

There was another big audience at the Grand last night, and the attendance was larger at the matinee, in spite of the very inclement weather. The Ideals produced the famous melo-drama, "The Planter's Wife," last night, and will repeat it this afternoon. It was one of the most finished and artistic productions of the week. The specialists were of a very pleasing character, and were repeatedly encored. Mr. Chester DeVonde is a very handsome and talented leading man, and he is capably supported by Beatrice Earle and a strong company. Those who have not seen the company have missed a genuine dramatic treat.

Our Challenge To Any Competitor.

A "WARM" ITEM.

Yesterday there appeared in this department a curious appearing statement about "accentuated territory." For the benefit of those who are unable to grasp its meaning it should be said that was only another case of where the intelligent compositor gets in his work. It should have been "accentuated territory."—Last evening's News.

This is "terrid" weather, indeed.
