OPENS IN MARSHALL.

First Republican Meeting of Campaign at Moundsville.

CAPTAIN DOVENER'S SPEECH

ENTHUSED A LARGE AND APPRECIATIVE AUDIENCE — THE ISSUES OF THE CAMPAIGN DISCUSSED IN A CLEAR AND LOGICAL MANNER — THE FAILURE OF MR. BLAIR TO MEET HIM IN JOINT DISCUSSION — COLONEL ARNETT WAS IN THE SAME BOAT.

Captain B. B. Dovenor addressed a large and appreciative audience at the court house, in Moundsville, last night. This was the opening of the campaign in Marshall county, and judging by the way the people turned out, and the interest they took in the captain's talk, they are awake to their interests, and the campaign will be an interesting one.

The Middlebourne band furnished music for the occasion, and added much to the interest of the meeting. The meeting was called to order by County Committeeman George Berry, and Prosecuting Attorney T. J. Parsons was named chairman. Mr. Parsons, on taking the chair, made a very neat and appropriate speech, concluding his remarks, which were well received by the large audience, by introducing Capt. B. B. Dovenor as the speaker of the evening.

The captain was received with loud and prolonged applause, which was repeated several times during his address. He spoke of his challenge to Mr. Blair to discuss the issues of the campaign throughout the district, which was not accepted. He said this was not the first time a Democratic candidate had refused to meet him before the people. He referred to two years ago, when he offered to meet Col. Arnett at Moundsville, in the Assembly Hall, where all the people could hear them, and that he was there on the day and date named, but the colonel did not make his appearance, and that soon after this party came into power prosperity came to us, and we were a prosperous and satisfied people until Cleveland was first elected, when the shadows began to fall over the country, but the Republican Congress prevented the disaster that would certainly have followed. But in 1892, when the Democrats were given complete charge of the government, the crisis came, and we had the darkest days since the birth of the grand old Republican party. They began the free and unlimited destruction of our country. They started out seventy-five cent sheep with ten-cent wool on their backs. They stopped our mills, and turned out of house and home thousands of honest and industrious working men.

Captain Dovenor recalled several statements made by his opponent, Mr. Blair, during the present campaign, and directed them to the satisfaction of all present.

He praised the boys of West Virginia and the other states of our great Union for the way they rushed to the help of our country, at the first call, and the patriotic way they have conducted themselves during the war.

He spoke of the Democratic assertion that he had not been making any speeches in Congress. The captain said: "I am not afraid that the people of the First district will think that I among them too often for that. I would rather go to Congress and send you back results than to send you back stump speeches."

The captain's speech was a very strong exposition of Republican principles and the issues of the present campaign.

THINGS POLITICAL.

Chairman James B. Taney hasn't met with a brilliant success in his soliciting pilgrims among the Democratic business men of the city. One day's work was represented by the figures, \$65, and a part of this amount was money put up by "Gold Bug" Democrats who would with more reason contribute to the Republican campaign fund. The chairman, it is said, is expected to put up \$500 for the honor he is supposed to have received when he became chairman of the Popocratic county committee.

And the Democratic county legislative candidates seem to have shown a disinclination to come up with the "stuff" as the ward workers express it. For instance, there is Mr. Hissom, of the Island, late of Monroe county (O.). When he was nominated, his boomers circulated the statement that the oil magnate would contribute at least \$10,000 to the campaign fund. Although Hissom was perhaps not personally known to half a dozen of the workers and delegates, his nomination was assured so soon as this alluring promise had been made. But Mr. Hissom has conscientious scruples and proposes to put up one cent more than the other legislative candidates. So there you are.

Captain Dovenor opened the Republican campaign in Ohio county with a splendid meeting at Valley Grove on Tuesday afternoon, and last night at Moundsville he was the principal speaker at the first meeting in Marshall county.

The assertion of the Market street organ that Captain Dovenor is no speaker is hilariously funny to the people of this city and of the First district. Probably every town and hamlet in the district has on one or more occasions heard Mr. Dovenor. The organ's effort to belittle Dovenor are said to have been inspired by the acknowledged weakness of their own candidate on the stump. It is possible that Mr. Blair will not be called upon to address the voters in this county. Unless he has oratorical help, it is the feeling of the Democrats that acknowledged by the Democrats that to divert attention from the weakness of their own candidate, the Democratic organ would have the people here believe that Captain Dovenor can't take care of himself in public discussion.

THIS IS A "WISE" MOVE.

The Postmaster succeeds in Having Hours of the General Delivery and Stamp Department Extended to 9 p. m.

Postmaster George Wise has again demonstrated that he is the right man in the right place. Before entering into particulars, it is timely to remark that Wheeling's hustling postmaster has gone after several improvements since he entered the office less than a year ago, and in no case has a recommendation from him been turned down by the postoffice department officials at Washington.

His latest move for the benefit of the public is to have the hours of the general delivery and stamp window extended. Heretofore it has been impossible to buy stamps at the postoffice after 7 p. m. and as a great amount of business is transacted after that hour, complaints have been numerous, particularly from the retail merchants of the square in which the postoffice building is located, who have been forced to keep stamps on sale for the benefit of the public after the stamp window at the postoffice closed.

Postmaster Wise has just received an order from the postoffice department, changing the hours during which the general delivery and stamp window shall be open for business. At present the hours are from 7:30 a. m. to 7 p. m. On and after Thursday, October 6, general delivery letters and stamps can be had at the postoffice from 7 a. m. to 9 p. m. The extension of the hours of business made it necessary to give Stamp Clerk Allen Robinson, an assistant, who has been appointed. She is Miss Jennie A. Evans, of East Wheeling, lately connected with Ewing's queanaware establishment.

A BRAKEMAN KILLED

Yesterday at the Mingo Point of the Aetna Standard Company.

Samuel R. Crawford, a Wheeling & Lake Erie railroad switchman, met with death in a shocking manner at the Aetna-Standard plant, Mingo Junction, yesterday morning. Cars were being thrown on siding from the main track and it was necessary for Crawford to change the coupling pin from a moving car to a stationary car, and while running in front of the moving car he tripped, but in falling caught hold of the car and was dragged about twenty feet before his strength failed and he fell across the track and the wheels passed over his stomach.

His remains were taken to Sistersville. Crawford had come to the Wheeling & Lake Erie only recently, having formerly worked on the Fort Wayne railroad, and resided at Alliance. He was thirty-two years of age and leaves a wife and two children. He belonged to the Brotherhood of Railway Trainmen and the Maccabees.

COUNTY COMMISSIONERS

Met Yesterday and Transacted Some Routine Business.

Yesterday the board of county commissioners met in monthly auditing session and transacted considerable routine business. The ordinance granting to the Tri-State Gas Company, of Pittsburgh, right of way through the county for a natural gas pipe line, was passed after it had been amended in several particulars. The route of the pipe line is through farms, excepting where it runs for a short distance along the Peters' run road. The pipe line extends from Tyler county's gas field to Wellsburg, in Brooke county, and it is said it will be extended to Pittsburgh in the near future.

An ordinance assenting to mutual concessions by the Wheeling Bridge & Terminal and Wheeling & Elm Grove railroad companies, in order that the former may have double tracks on the Peninsula, and giving the latter right of way over the former's property, was discussed, and referred to council.

TO SETTLE GRIEVANCES.

CINCINNATI, Sept. 28.—The employes of the Baltimore & Ohio Southwestern railway, having failed in several conferences with the officials of that road to obtain satisfactory adjustment of suggested grievances, the several chiefs of the different railway organizations are to meet here and endeavor to assist in settlement. E. E. Clark, railway conductor; P. H. Morrissey, brakeman; W. V. Powell, telegrapher; Assistant Grand Chief Youngson, of engineers, are already here. Sergeant of the firemen, is expected to-night. These gentlemen are confident that an amicable adjustment can be had when a conference with the railway officials is held.

STEALING HOUSEHOLD GOODS.

Yesterday morning about 2 o'clock, H. Hatfield was discovered appropriating for himself some household goods at the Baltimore & Ohio freight depot. The goods were on the platform. Officer Michaels was called and he arrested Hatfield, who was taken before Squire Rogers, and in default of payment of his fine was sent into the keeping of Jailer McCormick for ten days. The charge was petty larceny.

MILLIONS of bottles of Cook's Imperial Champagne, extra dry, have been drunk, always leaving a taste for more.
