

SPORT.

BOWLING.

Wheeling's "Big" Team Challenge Columbus, Dayton, Mannington and Steubenville—Columbus Willing to Take on the Nallers.

The "big" Wheeling team of bowlers, who polished off the Cincinnati cracks in such a clever manner last spring, are again in the field, and anxious to scalp or be scalped. Manager William Fette has already sent challenges to bowling teams of Mannington, this state, and to the representative or picked teams of Columbus, Steubenville and Dayton, Ohio.

So far, none of the cities have been heard from, but from the following, which appeared in yesterday's Columbus Journal, it will be seen that a series will probably be arranged between Wheeling and Columbus. When seven last night, Manager Fette said he believed the change spoken of in the length of the series could be arranged without any trouble. Says the Columbus paper:

Wheeling, W. Va., has been in the ten-pin business for several years, and the Nall City boasts many crack bowlers, who have gained proficiency in several tournaments during the past few years, as well as in private matches. They have heard of the progress Columbus is making on the alleys, and several efforts have been made to arrange a series of games between teams from the two cities. W. J. Joseph, of the Pioneer alleys, recently received a letter from William Fette, manager of the Harvest bowling alleys, of Wheeling, and captain of the club which represents that city. Mr. Fette offers to bowl a six-game match, three in Wheeling and three in Columbus, for a purse of \$300, and the local men are inclined to accept the offer. However, as long as such a long trip would be necessary, the Columbus men think a larger number of games should be played, at least six in each city, and such a proposition has been made to the Wheeling team.

Table with columns: WHEELING LEAGUE, W. L. Per. Puritan, Rum Dums, Wheelings, All Alike, Old Cronies, Bowlers, Golden Rods, Aber Nit, Frog Horn, La Belle.

Last night's games in the Wheeling league resulted in three straight victories for the All Alike aggregation over the LaBelle team, by scores that were altogether one-sided. LaBelle rolled the poorest three games ever sprung upon an unsuspecting public. Score:

Table with columns: WHEELING LEAGUE, W. L. Per. Puritan, Rum Dums, Wheelings, All Alike, Old Cronies, Bowlers, Golden Rods, Aber Nit, Frog Horn, La Belle.

MUSEE LEAGUE.

The Takeyournights, of the Musee league, took plenty of time last night and won three straight from the Off Again team, by decisive scores. Evans, of Takeyournights, rolled high average, 150, and Modar next with 140. Score:

Table with columns: TAKEYOURNIGHTS, W. L. Per. Evans, Modar, Bahr, Bahr, Wingerter, Cochran.

FOOT BALL.

Rain prevented practice at the ball park yesterday, and consequently there was disappointment for practice is necessary for Saturday's game with the strong Washington aggregation, which includes many college players, and is likely to bring down a good proportion of the W. & J. eleven. The game is looked forward to with considerable interest, and a pretty article of football will undoubtedly be given.

Manager O'Connor, of the Ritchies, will produce several of his team tomorrow afternoon, to form the "scrub" which will line up against W. A. C. The Madisonians are also invited to come out, or any of the other local teams. Assurance is given that none of the scrubs will be hurt, or roughly handled. The more players on hand the better, and it will cut no figure if there are twenty players in the scrub team.

The Wheeling-Washington game will be started a few minutes before three o'clock, as the visitors want to return on the Baltimore & Ohio 5:30 p. m. train.

The second team of the Aetna Juniors challenge the Lirisyw to a game at the Bridge Park. If accepted, answer through this paper.

Jason C. Stamp, the sporting goods dealer, has ordered a number of small megaphones for foot ball rosters. A big megaphone, with an announcer, will be a feature Saturday.

BOXING.

A local admirer of Eddie Gardner last night left \$20 at Bader & Maurer's saloon, to be bet on Eddie in case a meeting with Jack Kinlow, of McKeesport, can be arranged. All Kinlow has to do now is to come to time, and if \$50 isn't enough he can get a bigger bid.

Jack Arthur and Winnie Wiedner, and probably one or two others, leave Monday for New York, to see Oscar Gardner, trim Sammie Kelly, the 116-pound champion, Friday night. Gardner and Kelly meet at 116 pounds, and not at 115, as was reported. Oscar is now down to 115 pounds.

The Bridgeport club's next attraction will be on November 7, Harry Fischer and Jack Colyer are the main guys. Fischer bested Jim Franey in four rounds, and Colyer has also a good record.

There is a move on foot to get up an excursion from Wheeling to Cleveland, Thanksgiving night, when Oscar Gardner meets George Dixon.

Scrofula is Snake-Like

In its subtlety. It lies hidden for years in the ambush of the blood, and when it strikes it voids its venom alike on strength and beauty, disfiguring the one and undermining the other.

Ayer's Sarsaparilla

is a specific for scrofula in its worst and most malignant forms. Scrofula is a blood disease. Ayer's Sarsaparilla is a blood purifying medicine. Mineral medicines only drive scrofula below the surface. Dr. J. C. Ayer's Sarsaparilla is a vegetable remedy and it eradicates the disease. There is no remedy for scrofula equal to Ayer's Sarsaparilla.

"I was cured of a long-standing case of scrofula by Dr. J. C. Ayer's Sarsaparilla. The disease first manifested itself when I was a child, by breaking out in red blotches all over my body. I was not free from the trouble until I took several bottles of Ayer's Sarsaparilla. That effected a permanent cure."—Mrs. E. H. Shreve, Lehigh, Pa.

THE RAILROADS.

NEW YORK, Oct. 18.—Testimony was taken here to-day before a commissioner appointed by a Baltimore court in proceedings instituted by the first preferred stockholders of the Baltimore & Ohio railroad. The stockholders seek to stop the reorganization of the road until certain demands have been complied with. One of these is that the interest on their stock, amounting to \$300,000, which has been in default since August 1 last, shall be paid.

Among the witnesses examined to-day were the managers of the Baltimore & Ohio reorganization plan. They were asked many leading questions, principally about the mechanism of the proposed advance of counsel, they did not answer.

Bernard Carter, Arthur G. Brown and John J. Donaldson, of Baltimore, represented the first preferred stockholders, and John N. Steele, of Baltimore and John C. Johnson, of Philadelphia, appeared for the mortgage trustees.

Mr. Steele said, after the taking of the testimony: "The first preferred stockholders have petitioned the United States circuit court in Baltimore, asking that no foreclosure of any Baltimore & Ohio mortgage shall be permitted until after the supreme court of the United States has decided whether the first preferred stock is a lien upon all the mortgages. The case is set for a hearing in Baltimore, on October 31, and the proceedings in New York to-day were merely the formal taking of testimony in support of their petition. The statement in a New York newspaper to-day that the foreclosure proceedings in West Virginia and Ohio have been enjoined is incorrect. That question is to be argued in the Baltimore court. There is little doubt that the reorganization will be permitted to proceed."

TWO IMPORTANT INVENTIONS.

Two important railway inventions are being tested by the Austrian ministry of railways. The first, which is a new form of signaling, is described as follows: When the signal is placed at danger the apparatus is moved near the rails in such a position as to come in contact with a corresponding mechanism attached to every engine. As the moment of contact this mechanism automatically causes the engine's whistle to blow, shuts off the steam and simultaneously applies the brake.

At the official trials on the Staatsbahn a train traveling fifty miles an hour was brought to a standstill within 300 yards by this contrivance. It is claimed that this invention would render such accidents as arise through misunderstanding or inattention to signals almost an impossibility.

Another proposed method of checking existing signals is the division of a railroad into so-called electric sections. When the train enters such a section it would cause an electric current to flow through the whole section. Another train entering the same section would cause a counter-current, and by an ingenious method electric bells would be immediately set in operation on both engines. This invention would reduce the possibility of collision to almost nil.

Herr Stauffer, a prominent engineer, says that the matter of electric signals is a practical one, and, if introduced, would greatly contribute to the safety of the traveling public.

A robust, manly son and a cooing baby-girl nestling in her bosom—what more can any womanly woman ask? It is a boon that heaven has even intended should be granted to every woman. Thousands fail of this because they have neglected to look after their health in a womanly way. The health of a woman's babies is dependent upon her own health during the period of prospective maternity. The prospective mother cannot be too particular about her physical condition. If she suffers from local weakness, nervousness or loss of vigor and virility, her children will be weak, puny and sickly. Dr. Pierce's Favorite Prescription is the only unfailing cure for all weakness and disease of the delicate and important organs that bear the brunt of maternity. It makes these organs strong, healthy, vigorous, virile and elastic. It makes the prospective mother strong and cheerful. It robs maternity of its perils. It insures a baby constitutionally strong. It is the invention of an eminent and skillful specialist, who has had thirty years' training in this particular branch, during which time he and his staff of physicians have prescribed for many thousands of women. Medicines dealers sell it and an honest dealer will not urge upon you an inferior substitute merely for the little added profit he may make thereon. The mother of a nice baby four or half months old, writes Mrs. J. B. Clough, (Box 201) of Lisbon, Grafton Co., N. H.: "I cannot give too much praise to Dr. Pierce's Favorite Prescription. Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One 'Pellet' is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is 'just as good.'"

MARTIN'S FERRY.

Hopwood Mishap in the Thriving City Across the River.

Barton E. Noble, of Walkerton, Ind., and Miss Sadie E. Oxley, of this place, were married yesterday afternoon at 2 o'clock, by Rev. S. J. Bogie, of the Presbyterian church, at the bride's home on Hickory street. Both bride and groom are mutes and graduates from the institution for mutes at Columbus. They will leave this morning for a visit to Youngstown and Cleveland, after which they will go to Mr. Noble's home at Walkerton.

Charles W., three-year-old son of John Coas, who resides at the Cayland coal works, died Monday night, of diphtheria, and was buried at Tilton's burying grounds yesterday afternoon.

The Hobson Fishing Club, composed of the well known young men of Standard's addition, held their first meeting in their new reading room on South Broadway, last evening.

The Twentieth Century Mandolin and Guitar Club will play at the entertainment to be given by the ladies of the Presbyterian church at the Opera House Saturday night.

Roy C., four-weeks-old child of Mr. and Mrs. Fred Eberling, of Vine street, died Monday night, and will be buried at Riverview this afternoon.

Miss Maud Moore, whose serious illness was mentioned yesterday morning, remains about the same and is in a very precarious condition.

The Thimble Bee was handsomely entertained by Mrs. J. E. Blackford yesterday afternoon, at her home on North Fourth street.

The senior and junior classes of the high school will meet Friday night for the purpose of organizing a literary society.

Bishop Watterson, of Columbus, arrived here last night and will officiate at the funeral services of Father Mattingly.

Miss Amelia Reits will entertain the senior class of the high school at her home on Fourth street, Friday evening.

Rev. Charles P. Proudfoot, of Allegheny, will preach in the United Presbyterian church Sunday, at the usual hours.

B. A. Whitson, of the Pittsburgh Commercial Gazette, is in the city, visiting the family of George W. Tweedy.

Miss Laura Wyrick will return to her home near Cambridge, to-day, after a visit with relatives here.

Father McCaffery, of Cambridge, is here to attend the funeral of Father Mattingly.

NO FAITH CURE.

ABOUT STUART'S DYSPEPSIA TABLETS.

They Cure Stomach Troubles and Indigestion Anyway—Whether You have Faith in them or not.

Mere faith will not digest your food for you, will not give an appetite, will not increase your flesh and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and peptones necessary to the digestion and assimilation of all wholesome food.

Stuart's Dyspepsia Tablets will digest food if placed in a jar or bottle in water heated to 98 degrees, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is, plenty of wholesome food, well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by nearly all druggists at 50 cents for full sized package, or by mail from the Stuart Co., Marshall, Mich.

AMUSEMENTS.

Mr. H. A. Du Souchet has written a farce called "A Mist Marriage," which will be seen in the Opera House this evening. Like his previous efforts in the field of dramatic literature, "A Mist Marriage" is a farce of a farcical nature, and has succeeded admirably in writing a piece intended to evoke laughter from beginning to end. The plot is an ingenious and complicated one, but possesses the merit of unfolding itself cleverly to the audience. A blundering magistrate whose mistake is brought about by the negligence of his drunken clerk, marries a young man to his sweet-heart's mother. This episode is one about which the entire action of the piece revolves, all the characters of the piece being more or less affected by the results of this unfortunate comical mistake. The fun resulting from the complications is hearty and continuous, but clean and innocent. The new piece was given for the first time in Washington, on October 2, where it scored a hit with the public, and was strongly praised by the press. The company Messrs. Smyth & Rice, under whose direction the new play is given, have secured a competent and evenly balanced one, including Max, Fleming, Henry Herman, Clayton White, Frank McGuire, Miss Ima Harmer, Katharine Mulkins, Lucille Nunn, Annie Warrington, Millie James and others.

GETTYSBURG.

This stirring melodrama will be the attraction at the Grand Opera House the last three nights of this week. It has met with hearty approbation everywhere, as the following will attest: "Frank G. Campbell's new war play, 'Gettysburg,' is destined to be one of the big successes of the season, and wherever produced has aroused unbounded enthusiasm. Among the many scenes of interest is one which reproduces a section of the battle field of Gettysburg, with the debris of war picturesquely displayed. A curious feature of the production of the exhibition of tableaux meet with the wholesome approval of the audience, and the curtain goes down to deafening applause. New York Telegram.

"ON THE SUWANEE RIVER."

In spite of the inclement weather another large audience attended the Grand Opera House last night, to witness the second production of the charming southern comedy drama, "On the Suwanee River." Its reception was even more hearty than upon the opening performance. The specialties by the colored quartette and Stella Mayhew in the second act, were applauded so heartily and continuously that the performers were finally compelled to decline any more encores, and at the close of this act the entire company received a curtain call. The play is wholesome and refined in tone, and should attract a large audience of ladies at the matinee to-day. The closing performance will be given to-night.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has Lame Back and Weak Kidneys, Malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to Ayer and Kidneys, is a blood purifier and nerve tonic. It cures Constipation, Headache, Melancholy, Spasms, Sleeplessness, and Painful Urinary. It is purely vegetable, a mild laxative and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at Logan Drug Co.'s Drug Store.

TRY F. Schenk & Sons' Maple Leaf and Gold Coin brands of Lard.

WILL DO THE SAME FOR YOU

Or We Refund the Money.

SHIRLEY, Mass., Feb. 20, 1893. Gentlemen—Please find enclosed letters of praise for the best remedy on earth, "HYOMER," every day, but I wish to say to you that he has been troubled with Catarrh a very bad form for many years, and during the past year have been attended by local physicians, also have bought all kinds of medicine, yet none of them have afforded me any relief. When in Springfield, Mass., last week, I purchased one of your "HYOMER" Pocket Inhalers. I have used it carefully and now, and now I would so gladly know that I ever had such an affliction as Catarrh. \$100 would not buy the Inhaler if I could not get another, and I shall at every opportunity recommend it to all afflicted with Catarrh troubles in any form.

Sincerely yours, A. B. SPARROW. (Mr. Sparrow is one of the firm A. B. Sparrow & Co., publishers of directors in Maine, New Hampshire and Massachusetts.)

Physicians all admit that the new treatment is the only one by which diseases of the respiratory organs can be cured. "HYOMER" is sold by all druggists or sent by mail on receipt of price.

Outlet Complete, \$1.00 Extra Bottles, 50c. R. T. BOOTH COMPANY, Rooms 20-21 Auditorium Building, Chicago, Ill.

BELLAIRE.

All Sorts of Local News and Gossip From the Glass City.

The destruction of the foundry of Anderson Bros. & Simpson, Monday evening, was a hard blow to persevering and deserving young men. It is cheerful to note that they will rebuild at once and continue business at the old stand as soon as it is possible to get a new plant ready for operation.

A FATAL ACCIDENT.

The four-year-old son of Canby Fulton, at St. Clairsville Junction, fell from the wheel of a wagon just as the horses attached to it started and the wheel passed over the child's chest, producing such injuries as to cause its death. The child was not noticed on the wheel when the team was started and nothing known of its presence until the fatal accident occurred.

THE TURNERS ENTERTAIN.

The entertainment of the Belmont Turnverein at their hall Monday evening was in every way an enjoyable gathering. After the entertainment there was dancing and luncheon.

THE ELECTION JUDGES.

The county board of election supervisors met at St. Clairsville yesterday and made up the list of judges and clerks for the election this fall, and transacted other business in that line. The committeemen of all the parties seem to be short on funds this year, so far.

KANE-CONNELLY WEDDING.

Miss Maggie Kane, of Rose Hill, and Mr. John Connelly, a well known fireman on the Baltimore & Ohio railroad, of Newark, will be married this morning at the St. John's church by Father Wehrle. They will leave immediately after the ceremony for their future home in Newark, followed by the best wishes of a host of friends for their future success and happiness.

BELLAIRE BRIEFS.

The Chemical Hose Company has issued a challenge to the Mechanics' Hose Company for a fireman's race. The challenge is open to the Mechanics until Saturday, after which it is open to any hose company in the city.

Mrs. S. M. Wright, of Washington, D. C., who has been spending several weeks with relatives in the city, returned to her home yesterday. She was accompanied home by her sister, Mrs. C. Albright, of the First ward.

William Wells, a well known young man of the Fifth ward, and Miss Luella Malcolm, of the Fourth ward, were quietly married Monday evening. They have gone to Steubenville to visit relatives.

Mr. and Mrs. James Strong left yesterday for their home in Columbus, after visiting relatives here for two weeks past.

Rev. J. M. Wilks and family will leave shortly for Phillipsburg, Pa., where they will make their future home.

Col. C. L. Poorman will leave Sunday for Indiana, where he will spend a few days the guest of relatives.

Mrs. Frank Archer who has been seriously ill for several weeks past, is somewhat improved.

Mr. Samuel Phillips has gone to Jeannette, Pa., where he will work in the glass factory.

Miss Lena Campbell, of Toronto, is the guest of friends and relatives in the Third ward.

Mr. S. W. Malons, of Terre Haute, Ind., is the guest of friends in the Third ward.

THE RIVER.

YESTERDAY'S DEPARTURES.

BOATS LEAVING TOMORROW.

Matamoras...LEXINGTON, 11 a. m. Sistersville...RUTH, 2:30 p. m. Clarington...LEROY, 2:30 p. m. Steubenville...T. M. BAYNE, 2:30 p. m.

Along the Landing.

The marks at 6 p. m. showed 3 feet 3 inches and rising. Weather, cloudy and cool. Rain fell steadily from 3 a. m. until after noon.

The pilots of Pittsburgh will make the trip from Pittsburgh to Louisville on the steamer Repose to note the change in the channel.

The local steamboat inspectors are in receipt of a letter from General James A. Dumont. He says that mates who have previously held licenses and who are unable to write, can receive licenses. In such instances the applicant must pass an examination and the inspector's clerk can fill out the questions in the application.

River Telegrams.

PARKERSBURG—River 3 feet 10 inches and rising. Weather, heavy rain for twenty hours. Cloudy; mercury 60. A cool boating stage is anticipated.

OIL CITY—River 1 foot 4 inches and stationary. Cool and raining. Light rain all day.

GREENSBORO—River 7 feet 5 inches and rising. Rainy.

STUBENVILLE—River 2 feet 10 inches and rising. Weather cool and raining.

MORGANTOWN—River 7 feet 6 inches and rising. Weather raining.

EDUCATIONAL.

Mont de Chantal Academy,

UNDER THE DIRECTION OF THE SISTERS OF THE VISITATION.

First-class tuition in all branches. Excellent accommodations; home comforts; good table; large and healthy rooms; extensive grounds; pure air.

For terms and other information, address . . . . .

Directress of Mont de Chantal Academy, Wheeling, W. Va.

Geo. E. Stifel & Co.

Good Dressing

Need not, of necessity, be expensive dressing. When you consider the inducements now put forth in our dress goods departments—some very handsome and exceptionally good values offered this week, as

About 15 Pieces

Choice Cheviot Diagonals, Pocket Cloths, Colored Ground Coupe Effects and several other weaves in Colored Dress Materials, 42, 48 and 52 inches wide, worth 75c to \$1.00 a yard—

50c.

Very Stylish.

Our 25c lines of Dress Goods are simply wonders, and such a variety to make your selection from. We will only mention one line; it is of 42-inch plaid, not all wool, but it will wear well and keep color.

"Musser" Hosiery.

Not an entirely new thing, but it is the best thing introduced in the Hosiery market this season. Musser Hosiery is made of Saxony or Shrunken Wool, and is most perfectly fashioned, having Ribbed Tops and Flat Feet. Many sold in this vicinity by themselves—it's a pure wool article, for Ladies, Gentlemen or Misses, and will be appreciated by all who see it.

Geo. E. Stifel & Co.
