FIVE CENT FARE

Was not Discussed at Meeting of Bridgeport's Council.

THE COMPANY CANNOT GRANT

THE CONCESSION SO LONG AS HIGH BRIDGE RENTALS ARE REQUIRED OF IT—SENTIMENT GROWING IN FAVOR OF GRANTING THE COMPANY'S APPLICATION FOR A CONNECTING TRACK—THE \$75,000 PAVING ORDINANCE COMES UP.

The Bridgeport city council met in regular session last evening and transacted routine business. It was expected that something in connection with the application of the Wheeling Railway Company for the privilege of putting in a switch connecting its tracks with those of the recently acquired Belleaire, Bridgeport & Martin's Ferry line would be done, but the matter was not even mentioned, and the railroad representatives were not present. Neither was the principal advocate of five-cent fare to Wheeling, Councilman Riley, on hand.

A representative of the Intelligencer made an effort to learn from a prominent official of the Wheeling Railway Company its attitude in regard to the Bridgeporters' desire for five-cent fare, but he declined to discuss the matter. However, it is learned from a gentleman who is on the "inside," that the company is not in a position to entertain such a proposition at this time, and that in the event of the Bridgeport city council continuing to decline to allow the tracks to be connected, the company will submit to the inconvenience of the transfer at Bridgeport of passengers between Wheeling and Wheeling creek and between Wheeling and Belleaire. On the other hand, the company is ready to make the track connections whenever Bridgeport's council will say the word, and then inaugurate a through service out of Wheeling to Belleaire and Wheeling creek, respectively, doing away with the annoying stop of two to eight minutes now necessary at Bridgeport. The company would, it is said, grant five-cent fare if it were possible to do so, but while high bridge rentals must be paid it would be impossible to make a five-cent fare from Bridgeport profitable.

It is said Bridgeport citizens realize these facts in all or in part, and that sentiment is growing in favor of granting the company the privilege of putting down the connecting tracks recently applied for. The matter will likely come up at the next meeting of council. Council transacted considerable routine business, including the auditing of bills. The mayor was authorized to go beyond the \$25 limit in fixing saloon-keepers for violating the 12 o'clock closing ordinance. The ordinance appropriating \$75,000 for street paving, was presented and read for the first time, and further consideration postponed until the next meeting of council.

SOCIETY.

Last night, at the Carroll Club, was given the first of a series of entertainments this winter by the ladies of the club. It consisted of a kaffee visit and a progressive euchre party, and it was unusually well attended. Supper was served from 6 to 8 p. m., after which the auditorium was the scene of a merry throng engaged in the pastboard diversion until 11 o'clock.

Forty tables were in play and all the contests were spirited to a great degree. The affair reflects great credit on the committee of ladies in charge, who were as follows: Mesdames Albert Wilkie, J. W. Beltz, A. G. Hadlick, J. J. Carroll, Kate Flaccus, M. J. McFadden, Wm. C. Welty, J. A. Blum and Misses Gertrude Rieker, Anna Wingerter, Anna Lee Franzel, and others.

Matters of Minor Moment in and About the City.

Grand to-night—"Chattanooga."

Matinee at the Grand this afternoon.

This evening at the Pythian Castle the Daughters of Liberty will give an entertainment in which Mr. and Mrs. Walter Harding and many others will take part.

The annual meeting of the stockholders of the National Bank of West Virginia will be held on Tuesday, January 10, between 2 and 3 p. m. Directors will be elected.

Hiram Patholma, an old resident of Marshall county, who died at Benwood on Monday, will be buried to-day in McMechen cemetery. He was in his seventy-seventh year.

The storm doors at the postoffice will be placed in position before the close of the week. This is another creditable improvement to chalk up to Postmaster Wisg's credit in the ledger of public opinion.

Two men employed by the American Wringer Company, got into a dispute yesterday over possession of the horse and wagon used to distribute their wares, and Squire Fitzpatrick made it \$1 and costs for each of them.

Lovett's Boston Stars will give the third number in the Y. M. C. A. course of entertainments on Friday evening. Seats can be reserved this morning. The members of the company are all artists, and they will give a high class musical entertainment with just enough elocution to give it spice and variety.

ABOUT PEOPLE

Strangers in the City and Wheeling People Abroad.

W. J. Kenyon is a Parkersburger at the Windsor.

J. M. Dinsmore, of Cameron, was in the city yesterday.

W. G. Hays, of Sistersville, registered at the Stamm yesterday.

William Graham, a mail carrier, is off duty on account of sickness.

Mrs. Clem Jones, of Wellsburg, was shopping in the city yesterday.

Miss Ada and Lewie Wilson, of Charleston, are guests of the Howell.

Miss Mildred Horsley has accepted an engagement at Nicoll's art store during the holidays.

A. L. Wade, of Morgantown, and W. D. Jacobs, of Moundsville, were McClure registers last night.

State Labor Commissioner I. V. Barton will leave to-morrow morning for Charleston, to inspect himself in the efforts of much needed factory regulations and other business pertaining to his department.

Sheriff Eugene Baker and special deputies A. L. Woody, W. L. Gibson and J. W. Ringer, of Charleston, were in the city yesterday, having deposited five prisoners from Jefferson county in the state pen. One of the prisoners, Edward Nelson, colored, was in the pen for the third time under Sheriff Baker's supervision. Nelson will serve a seven-year sentence for an attempt to kill.

ASTHMA CURED AT LAST.

DR. R. SCHIFFMANN PROVES HIS FAITH IN HIS REMEDY BY GIVING IT AWAY.

Dr. Rudolph Schiffmann is a recognized authority on the subject of throat and lung diseases, and has, during a practice of over thirty years, undoubtedly treated and cured more cases of Asthma and kindred diseases than any doctor in the world. He announces that he has at last perfected a remedy which not only instantly relieves the most attacks, but has permanently cured thousands of so-called "incurable cases." Dr. Schiffmann has perfect confidence in his remedy, and in order to convince others of its merits in the quickest, surest way, he has arranged with the Logan Drug Co., Main and Tenth streets, to give a liberal sample package to each sufferer applying at his store next Thursday. An opportunity to test, without cost, a remedy so celebrated and promising so much, certainly should be eagerly grasped by every sufferer. Those living out of town will be sent a free sample not later than December 15 by writing name and address on a postal card, and sending to Dr. R. Schiffmann, 315 Rosabel St., St. Paul, Minn.

MUSICAL WHEELING.

Musical Wheeling enjoyed a genuine treat last evening with the reappearance of the Philharmonic Quartette on the concert stage of the city. The musical "Tuesday Evenings" of last winter have been much missed and it is now hoped that last night's performance is the initiative in another season. The audience which assembled in the Y. M. C. A. hall for the first of this season's concerts was appreciative and enjoyed every number of a well selected programme.

The Quartette now embraces Prof. Hermann M. Schockey, violin and piano; Professor Edward Blumenberg, violin and viola; Mr. C. LaRoche, of Belleaire, second violin, and Mr. Fred Meyers, cello, and the work of the ensemble deserved the hearty recognition accorded it. Mr. LaRoche, the new member, made a splendid impression, while the cello work of Mr. Meyer, the violin of Prof. Blumenberg, in the trios, and viola in the quartettes, and the masterful piano part of Prof. Schockey in the trio portion of the evening, as well as violin playing in the quartettes, all merited individual notice as attested in the demand for the repetition of several selections.

Last night's enjoyable music function was due to the energy of Mrs. Nellie Warren Holloway, and the sooner the contemplated continuance through a subscription series is arranged for, the more grateful Musical Wheeling will be.

THE STRIKE HAS ENDED

At the West Virginia Glass Works—The Action of the Strikers Not Upheld.

The strike which has been on at the West Virginia Glass Works for the past two days, came to a satisfactory termination yesterday afternoon. A conference between the officials of the company and representatives of the strikers was held yesterday afternoon, at which John Kunzler, of Pittsburgh, secretary of the National Glassworkers Association, was present.

The chief grievance of the striking men, and the only one mentioned by them, was due to the patent finisher used at the plant. Mr. Kunzler informed the striking men that their action in this case was uncalled for and in direct opposition to rule 9, laid down by the National Glassworkers Association, which plainly states that in case of any friction between employer and employee, the matter shall be submitted to a committee appointed by the National Association.

The strikers' representatives finally decided that their grievance in regard to the finisher was of little or no significance and the strike was ended without any trouble. As the works are now closed down the management decided to take this opportunity of taking stock and making a yearly statement and it will be ten days or more before the works resume.

FEAST OF CHANAKA.

The feast of Chanaka, a Jewish season for rejoicing, will be celebrated at the Synagogue, commencing Friday evening. The Sabbath school children will give a programme of music and recitations Sunday evening. The celebration lasts ten days and in some respects is like Christmas. Chanaka pertains to the finding of the candles after the destruction of the temple in Jerusalem.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public, both are certain to be tried, and the public will very quickly pass judgment on them, and use only the better one.

This explains a large sale on Chamberlain's Cough Remedy. The people have been using it for years, and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty, put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy.
