TO DROP RACING.

Sterling Elliott will Advocate Such a Step Before the L. A. W.

PROVIDENCE, R. I., Feb. 6.—Beginning Wednesday, the annual national assembly of the League of American Wheelmen will be held, and the proceedings will be watched with interest, not only by the 75,000 members of the big organization, but by riders of the wheel all over the country. Naturally there is more or less interest attached to the fillings of the officers, but the main topic to be discussed will be the question of the final disposition of racing.

The chief office of the league, Thomas J. Keenan seems to be the unanimous choice, and there is little doubt of his election to the presidency. He is now the first vice president. It is his natural order of events that he should direct the movements of the L. A. W. next year.

Herbert Fothergill of Indianapolis, a man known throughout the country as a worker, is the candidate for first vice president, and even though there is talk of that position being filled by George Cossum, of New York, it is thought very likely that the young man from the Hoosier town will be the first one on the list, and the Empire state representative to follow.

For treasurer, there has been a number of candidates talked of, including O'Brien, of Nebraska, and J. C. Tattersall, of Trenton, who is the present holder of the league funds.

Keenan is said to favor Mears for chairman of the racing board, as the Cleveland man was the first to bring him for the presidency, and has accomplished some good work in the campaign, now drawing to a close. Nevertheless, there seems to be a reasonable doubt of Mears being selected.

Twenty-two amendments will be offered for adoption at the assembly, the most important of which will be Sterling Elliott's proposal to drop racing. Year after year, since it was first introduced at the assembly, and each year the vote for it has grown stronger, so that now there is a fair chance of its success.

here to-night, for a purse of \$800, before the National Athletic Club. The aspiring light weight champion proved a big disappointment to a large crowd present. The local man forced all the fighting and Darcy eluded the ring numerous times in each round. In the mix-ups Darcy showed his superiority, but at long range he looked a novice. In the preliminaries, John Mack knocked out George Doran in the first round of what was to be a six round go.

### Campbell the Winner.

PITTSBURGH, Pa., Feb. 6.—The fight between Louder Campbell, of this city, and Billy Farren, of Philadelphia, at Homestead, to-night, was decided in Campbell's favor in the sixteenth round. Farren did good work up to the sixth round, after which he claimed foul several times. In the sixteenth round he went down after colliding with Campbell's head in a duck and while he was claiming foul, the referee, "Buck" Cornelius, counted him out.

### BASE BALL.

Frank Torreyson, manager of the Grand Rapids team, has written for spring dates with the Reds in Cincinnati, and will undoubtedly be accommodated, although but a few exhibition games will be played in Cincinnati this spring, the management thinking the seventy-seven championship games is about all the base ball the public wants in one season. Grand Rapids and Indianapolis will probably be the only minor league clubs that will be seen in Cincinnati this season.

### EFFECT OF RATIFICATION

#### Of Peace Treaty on the Present Situation in Philippines.

WASHINGTON, D. C., Feb. 6.—As to the change in conditions wrought by the ratification of the treaty to-day there is a variance of views and Adjutant General Corbin and Second Assistant Secretary Ade, of the state department were giving the matter attention with the idea of being able to send full instructions for his future guidance to General Otis immediately. The extreme view on one side is that until the Spanish government ratifies the treaty it is not of legal effect. According to that view, therefore, the United States government is stopped from proceeding beyond their lines at Manila for the time. By the other extreme view the United States government is free to do just as it pleases in the entire group of islands and will therefore proceed at once to complete the military occupancy of the islands. Perhaps there is justification for this last view in the fact that the Filipinos were Spanish subjects nominally when they broke the terms of the protocol and thereby released the United States from its obligations. The medium view, and that which is likely to be followed, is that General Otis is justified in doing anything that is necessary to protect his army and all American and foreign interests interested, even if this obliged him to assume the offensive and to go outside of the old lines in pursuit of the insurgents who may be seeking to reorganize and recoup from their late defeat with an intention of attacking Manila or even threatening the Americans.

Secretary Long this evening said that no additional orders had been sent to Admiral Dewey and he did not anticipate that any would be necessary just now. He had been acting on the theory that the President desired to follow the most liberal policy in dealing with the Filipinos and there was no reason now to change that policy.

The Solon started from Norfolk at 3 o'clock this afternoon with a supply of ammunition and other needed stores for Dewey's fleet, via the Suez canal, but it is not the intention to send further naval reinforcements.

### Charlie Burns in a Draw.

CINCINNATI, O., Feb. 6.—Jack Daly, of Wilmington, Del., and Charlie Burns, of this city, fought a ten round draw

## CONGRESSIONAL AFFAIRS.

### Senate Discusses McEnery's Resolution—Suspension Day in House.

WASHINGTON, D. C., Feb. 6.—This was a day of excitement and severe strain in the senate. The fact that the treaty was to be voted upon and that the result was hanging in the balance served to keep senators on both sides of the chamber at a high tension. When the senate convened at noon members were present than had been in attendance upon any session of the senate since it assembled in December.

After the ratification of the treaty, the senate in open session took up a joint resolution offered by Mr. McEnery (Dem., La.), declaring a policy for the Philippines and an effort was made to adopt it, but the debate occupied so much time that the resolution went over until to-morrow.

The resolution in full follows: "That by the ratification of the pending treaty of peace with Spain, it is not intended to incorporate the inhabitants of said islands into citizenship of the United States, nor is it intended to permanently annex said islands as an integral part of the territory of the United States. But it is the intention of the United States to establish on said islands a government suitable to the wants and conditions of the inhabitants of said islands to prepare them for local self-government and in due time to make such disposition of said islands as will best promote the interests of the citizens of the United States and the inhabitants of said islands."

This was suspension day in the house and quite a number of bills were passed, several of them of importance. The census bill, prepared by the house committee, went through by a vote of 147-42. The bill differs in several essential features from the senate bill, particularly in the fact that it makes the census bureau entirely independent of any existing department and Chairman Hopkins stated on the floor the expectation was that the senate would accept the house bill. A bill was passed to extend the anti-contract labor laws over the Hawaiian islands.

### Wages Increased.

JOHNSTOWN, Pa., Feb. 6.—It was announced to-day that a general advance had been ordered for the employes at the Cambria Iron company's works. The increase amounts to ten per cent, and took effect February 1. It is a voluntary advance and benefits every one of the five thousand men employed at the works.

### Wire Nails Advanced.

CLEVELAND, O., Feb. 6.—The American Steel and Wire company to-day advanced the price of wire and wire nails \$2 a ton, making the price \$145 a hundred base at mills to jobbers, and wire nails \$1 60 a hundred.

### BENWOOD NEWS.

#### Local Happenings of Importance in a Busy Town.

On Sunday morning the early car on the Benwood Southern narrowly escaped being struck by Baltimore and Ohio passenger train No. 5, at the Wheeling steel works crossing, that most dangerous of all death traps. The motorman didn't hear the engine's whistle. The steep incline is conducive to accidents, and the company, by purchasing some of the houses nearby, could effect a less abrupt and steep curve, which is about the only remedy that seems apparent. If the river foot bridge is ever built both street car lines could run along Kentucky Heights, having their terminals at the bridge. This plan, of course, would take the cars off Main and McMechen streets, and business men might object, thought business might not be diverted from Main street by that move.

Council will meet this evening, and Councilman Barrett threatens to raise a storm over the granting of a liquor license to Oppenheimer & Klein, of Pittsburgh, who have rented the Hotel Windsor. Mr. Barrett claims the license was not issued by council as a body, but by individual signatures, and therefore not in proper form.

The snow was productive of many sleighs and cutters on the streets to-day, and it was reported to be very heavy in the country. The street car lines suffered no serious delays.

Great interest was manifested yesterday in the return of the First regiment, and there was a number of anxious friends and relatives at each arriving train.

Mayor Shepard presided at a session of police court yesterday morning and assessed the usual fines on two drunks.

Abe Thomas is recovering from the result of the assault made on him by William Smith, who is still at large.

Lafayette Glover has returned from a visit to Glover's Gap.

Peter Joyce, the tailor, is a grip sufferer.

### MARTIN'S FERRY NEWS.

#### The Daily Chronicle of Wheeling's Progressive Neighbor.

There were a number of disappointments with the starting of the Laughlin mill yesterday morning. A large number of unemployed men and boys were waiting at the mill gates in hope that some of the old employes would not return to fill their old places, and in that case it would be necessary to employ new men. Such, however, was not the case, as the old employes were only too glad to go back to work.

Harry Ulrich, a popular young man of this place, and Miss Mary Mears, of North Main street, Wheeling, will be quietly married at noon to-morrow, at the parsonage of St. Joseph's Cathedral. After the ceremony a wedding feast will be partaken of, at the home of the bride's parents. They will leave at 3 o'clock in the afternoon for Muncie,

## Is Your Hair Falling Out?

Do not worry about the falling of your hair, the threatened departure of youth and beauty. And why? Because, if there is a spark of life remaining in the roots of the hair,

# Ayer's Hair Vigor

will arouse it into healthy activity. The hair ceases to come out; it begins to grow; and the glory of your youth is restored to you. It will also cure dandruff, make a rich growth, and restore color. \$1.00 a bottle.

We have a book on the Hair and its Diseases, free.

**The Great African Tree.** If you do not wish to be benefited you expect from the use of the Vigor, write the Doctor about it. Address: Dr. J. C. Ayer, Lowell, Mass.

Another Off Day.

HARRISBURG, Pa., Feb. 6.—This was another off day in the senatorial contest. Less than two score of legislators were present at the joint assembly, and not all of these voted. There were 176 members of the two houses paired and several others were absent without pairs. There was no quorum of the joint assembly, although under the provisions of the constitution it was necessary to take a ballot. Of the 23 votes cast Senator Goff received 19; Jenks, 3 and Judge John Stewart, 1. The session was very short. Lieutenant Governor Gobin presided and the usual order of verifying the roll was dispensed with. The senate and house met just before the session of the joint assembly for the purpose of arranging for the ballot. General Gobin presided in the senate and Mr. Voorhees, of Philadelphia, in the house.

### Will Ask for an Advance.

PITTSBURGH, Pa., Feb. 6.—President T. J. Shaffer, of the Amalgamated Association of Iron, Steel and Tinplate Workers, will go to Chicago on Wednesday night to confer with the officials of the tinplate combine and ask for an advance in wages for all the tin mill workers in the United States, to take effect immediately. Unusually prosperous conditions in the tinplate trade and the terms of the wage scale entered into between the tinplate manufacturers and the wage committee of his commission furnishes the motive for his mission.
