CLIMATE AND CROP REPORT

For West Virginia Furnished by Department of Agriculture PARKERSBURG, W. Va., April 25 .-The crop and climatio conditions for West Virginia, furnished by the depart-

ment of agriculture, for the week ending April 24, are as follows: Light to heavy frosts occurred over the greater portion of the state on the morning of the 17th inst. No damage was reported to the fruit or growing crops. From the 18th to 24th insts., fair,

much warmer weather prevailed. Farm work advanced rapidly under continued favoring conditions; plowing for corn is nearing completion, and preparation for planting is in progress; some planting was done over nearly all counties, by a few farmers, and will be in general progress during the next ten days. Oat and potato seeding is practically completed; the early seeded coming up well.

Wheat has continued to make a good growth; the early sown being in fine condition; the late sown improving considerably.

Grass has made slow growth, short, but is in a healthy condition; clover is in good condition over most countles; mendows and pastures are suffering some from the dry weather. The ground is becoming hard and dif-

The ground is becoming hard and dif-ficult to work, and rain is needed now to place it in proper condition, and also to advance the growth of vegetation. Fruit trees are budding and blossom-ing out, and all promise an abundant yield, except peaches. Gardening has been advanced and is nearing completion.

International Convention.

ATLANTA, Ga., April 25.—The ninth international, (fourteenth national), Atlanta to-morrow. One thousand and Atlanta to-morrow. One thousand and twenty delegates have already registered and notification has been received and 285 more are on the way. Delegates are coming not only from every principal city in the United States, but there will be representative men from England and many countries of the old world. The first sersion will be a business meeting in the first Methodist church of the lesson committee, to-morrow morning. The first regular open session of the convention as a whole, takes place at the Grand Opera House to-morrow night.

Russia in the Persian Gulf.

BOMBAY, April 25.—The Times of India says it learns from an "unimpeachable source" that Russia has secured an insource that itussia has secured an in-terest in a portion of the Persian Guif, sufficient to give her the right to take possession of it whenever she chooses. It is added that this information comes di-rect from Teheran and it is believed the port referred to is Bunder-Abbassee.

Chicago's Restrictions.

CHICAGO, April 25.-The first street railway ordinance which provides for a four cent fare, 10 per cent compensation to the city, and the option for municipal ownership, has been introduced in the city council. The company seeking a inventy year franchise under these terms is the Chicago Western Elevated Rail-road company.

She Will Reform Him.

CLEVELAND, O., April 24.-May Coo ney, a comely young woman, was married to-day in the county jall to George M. Regenauer, a confessed pickpocket, who is under sentence of four years in the penilentiary. The girl said she believed in Regenauer, and it was her intention to reform him after he had served out his term.

The market was generally heavy in the forenoon, while in the afternoon strength appeared, especially among those stocks which had been most depressed early. The Grangers initated the improvement coincident with the weakness in wheat. London was a seller of the Internationals, particular the improvement coincident with the weakness in wheat. London was a selier of the Internationals, particularly of Louisville & Southern. Although the professional element was bearish, speculation throughout displayed an undertone of resistance which caused many of the trading element to reverse their tactics. Among the generally inactive shares very material advances appeared in Minneapolis and St. Louis, Detroit Gas, Canadian Pacific and Illinois Central. Anaconda mining sharply advanced on continued gossip connecting it with the proposed consolidation. Sugar, Glucose and Metropolitan were well supported, and Tennessee Coal more than recovered from its early weakness. Gossip was revived of some alliance among the Sugar and Glucose interests, but nothing definite was made known in this connection, parties who should know being non-committal. In the money and sterling exchange markets, steadiness prevailed at practically unchanged quotations. Strength prevailed in the dealings until near the close, when heavy realizing, especially in Manhattan and other transportation shares cut off part of the advance, leaving the market weak, although a number of shares retained good advances on the day.
