

SCHOOL MELANGE.

The writer was very greatly impressed with a remark made by a minister of our city in a sermon preached a few Sundays ago. He said: "There are some homes where individual character of any moment cannot be developed."

It is in connection with the above the writer is led to remark that one of the greatest necessities for a system of public education, and perhaps the very greatest lies in the fact that multitudes would grow up to manhood and womanhood in a profound ignorance of the public school did not exist.

Now then, we read in our educational journals articles on school government, in which the writer, who perhaps has never, as a teacher, attempted to conduct a school, can tell all about it.

But then it takes all kinds of people to make a world, and there must be those to tell their fellows just how it ought to be done, though they may not be able to do it themselves.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. It was so weak I couldn't even sit up in bed."

The Christian Endeavor Society of West Virginia, which gathered in this city last week, is one of the great educational forces of the state. It is every other society that has for its object the advancement of its members in everything that pertains to the proper development of the whole man.

Doesn't Expect Any Trouble. HAVANA, May 26.—The distribution of the \$2,000,000 which the United States government has offered as a gratuity to the Cuban troops on disbanding and surrendering their arms, will begin at 10 o'clock to-morrow morning at the Hotel de Prado.

PARIS, May 26.—Former President Boulanger, who is acting as the legal representative of Venezuela on the boundary commission, which meets here on June 15, has arrived in this city.

MANY old soldiers now feel the effects of the hard service they endured during the war. Mr. George S. Anderson, of the United States Army, who has been frequently troubled with rheumatism, "I had a severe attack of rheumatism in my back. It did me so much good that I would like to know how you would charge me for one dozen bottles."

EASILY PROVEN.

There is not the slightest necessity for leaving Wheeling to look for proof.

The experience given below by this well known citizen of Wheeling is easily proven. The proof he offers for his convictions can safely be left for the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys.

RUSSIA'S AGGRESSION. Finland—The Finnish Diet Discusses Counter Measures. HELSINGFORS, Finland, May 26.—The Finnish diet, after a protracted deliberation over the new military law, is discussing a counter measure by which some of the Russian institutions will be accepted.

Wool. Bradstreet's: The market holds firm under the effect of recent speculative purchases on the part of dealers. Advances from London show a continued firmness in that market since the close of the auction sales May 19, while purchases of wool in the west are at prices costing higher than sales are made at the seaboard markets.

His life was saved. Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. It was so weak I couldn't even sit up in bed."

FINANCE AND TRADE. The Features of the Money and Stock Markets. NEW YORK, May 27.—There was a marked disposition in the stock exchange dealings to under the speculation in railroads and in the industrial specialties.

looks with apprehension always on a few days' interval of inaction and its possibilities of important developments. The heavy decline in value of merchandise exports compared with the corresponding period of last year, the rise in value of imports and the persistent rise in the rate of sterling exchange were all incidents to reinforce the argument that our credit lines abroad had been exhausted and that an early movement outwards of gold was likely.

Much was made, also, of the impairment to values of an important group of stocks that would result from the enactment of a public franchise tax bill by the New York legislature. On these various assumptions the bears sold stocks quite assiduously during the early part of the week.

NEW YORK—Flour dull but steadily held; winter patents \$3 85@4.00; do straight \$3 55@3.65; do extra \$3 60@3.70; do low extra \$3 45@3.55; Minnesota patent \$4 00@4.15; do bakers \$3 00@3.15.

There has been a very notable demand for all available issues of railroad mortgages during the past week. There was a moderate absorption of gilt-edged and government bonds. But the favorites are now issues for refunding and reorganization purposes in syndicates, and which may presumably hope for a stable higher level of prices after this floating supply has been absorbed by investors.
