The reception, which awaited the visitors as they alighted and entered the car, was so spontaneous and of such a friendly and cordial nature, that at Mrs. McKinley's request the President ordered the car to delay its departure for a few moments while he shook the hands of the people who clustered about the window where the couple were seated.

The journey from South Hadley back to Holyoke was quickly made, and after the car reached the Whiting residence and dinner served the tired company gave over the evening to complete rest.

At noon Bethesda circle, order of the Eastern Star, of which organization Mrs. McKinley is a member, will present her a handsome loving cup at the residence of Captain Williams.

By the Founder of the American Protective League—Plain Truths Told.

BOSTON, June 18.—Joseph W. Henderson, of Providence, founder of the American Protective League, an organization of colored people for the securing of their rights, delivered an address in the Spark Street church to-day.

Said Mr. Henderson: "It is not necessary at this time for me to make any reply to Governor Northen's dramatic defense of human slavery. But had I been an owner of human beings and man-killing dogs, as he has been, and since written my name among the followers of Christ, I would have felt more like coming up to the altar of repentance at this stage of reform than to have come to one of the greatest cities in the world with a type-written defense of the most cruel institutions of human debauchery ever known to civilized or savage man.

"Governor Northen says that miscegenation by law will never take place in the south. But miscegenation in the south has already taken place.

"The increase of miscegenation in the south is due chiefly to three causes, namely, force, financial persecution and discernible willingness on the part of both sexes of both races.

"One seldom hears of the wholesale assaults that southern white men are making upon colored women, but they are as constant as the rising of the sun.

"Aside from force there is a regularly organized society of white men and colored women, for which the colored woman is as much to blame as the white man.

"The poor whites of the south are not to blame for this racial amalgamation, for they and the blacks do not associate. They mutually hate and scorn each other.

"I have been unable to ascertain what led Governor Northen to tell his northern audience that the negro has the same chance in southern courts that the white man has.

"As to lynching, it is the proper cure for assaults upon women, why do not the lynchers simply lynch the assailants and let it go at that?

"As to lynching," continued the speaker, "if lynching is the proper cure for assaults upon women, why do not the lynchers simply lynch the assailants and let it go at that?

Nothing New Developed Yesterday. Only One Line Operated—Strikers' Demonstration This Evening.

DIFFICULTY EXPERIENCED

In Forming a New French Cabinet—Former President of the Republic SLATED FOR WAR PORTFOLIO.

PARIS, June 18.—President Loubet received in audience early this morning M. Casimir Perier, former president of France, and consulted him regarding the ministerial crisis.

The latter, it is understood, has made his acceptance of the task of forming a cabinet conditional upon the co-operation of M. Casimir-Perier and certain sections of the chamber of deputies, which he hopes to secure.

M. Waldeck-Rousseau is meeting with considerable difficulty, but he appears determined. He will confer with M. Loubet again, probably to-morrow morning, before submitting a draft list of colleagues.

Of the three former premiers whom he has consulted, Maurice Rouvier, who was president of the council of ministers and minister of finance in 1887, alone consented to take a portfolio.

Waldeck-Rousseau waited upon Casimir-Perier and earnestly endeavored to induce him to accept the portfolio of war, on the ground that his presence at the ministry of war would simplify the difficulties of the situation.

The question now is whether he will go so far as to include a socialist in the ministry. He, himself, is indisposed to do so, and no doubt his view will prevail.

It is said that Clement Fallieres, president of the senate, informed M. Loubet this afternoon that the senate seemed opposed to the inclusion of Alexander Millerand, the radical socialist, in the cabinet.

It is understood that if M. Waldeck-Rousseau falls, the president will again summon M. Poincare, whom he has asked to remain in Paris at his, M. Loubet's, disposition.

NOTORIOUS WOMAN. Of Havana Found Murdered—Army Officer Accused of the Crime.

HAVANA, June 18.—The local papers to-day devote considerable space to the murder of the notorious Minnie Ross, who was killed with the blunt end of a hatchet, after being choked, and was found dead early yesterday morning.

It was first reported that a well-known army officer was involved, but the uniform found in the room of Fred Krause, now in custody on the charge of being the murderer, is undoubtedly one formerly worn by him.

Thus far there is but little evidence against him. Many believe from the nature of the crime that it was committed by a woman. One theory is that the blow from the hatchet was not immediately fatal and that the victim was then choked to death.

Robbery could scarcely have been the motive, for the police found \$2,500 in the murdered woman's room and a quantity of valuable jewelry on her dressing table.

Another theory is that the authorities, having received definite information that the woman had been paying money to someone connected with the police department for the privilege of conducting her house, which was one of bad repute, had sent an agent to ascertain the name of the guilty official.

This agent, it is thought, had threatened her that unless she disclosed the name of the man her house would be closed. She, as the story goes, refused to give it, despite the protection of the black-maller. The government agent left the house after midnight, according to this explanation of the crime, and it is supposed that she afterward had an interview with the black-maller, with the result that he killed her.

The friends of Krause bitterly complain of the incompleteness of the system, which is rigorously enforced in his case. Thus far neither his friends nor legal counsel have been allowed to see him.

Murdered Missionaries. HONG KONG, June 18.—It has developed that the Rev. Dr. H. S. Phillips, Mrs. Phillips and Miss Sears, missionaries of the church missionary society, who with three native converts were recently killed by rioters in the province of Ngan-Hwei, had sought protection of the Yamen at Kien Yang.

The Yamen, not being strong enough to protect them, sent the party under escort to Kien Ning Fu, but the missionaries were murdered on the way there.

It is reported that the natives destroyed also the church, parsonage and hospital at Kien Ning Fu. The British consul is active in the matter, but the floods interfere with communication.

Murder at a Picnic. CLEVELAND, June 18.—At a Bohemian picnic outside the city limits this

MERCIER TALKS. Still Expresses the Belief That Captain Dreyfus is Guilty.

PARIS, June 18.—General Mercier who was minister of war when Captain Dreyfus was condemned, spoke publicly for the first time since the court of cassation rendered its decision, at a meeting of the French Patriotic League yesterday, when he was greeted with loud applause.

"Your acclamations," said General Mercier, "are addressed only a small part to the soldier who did his duty in 1894, and is firmly resolved to accomplish it in 1899. They are chiefly addressed to our dear army, which at this critical moment you do me the honor of regarding as the standard bearer."

He then proceeded to declare his absolute conviction of the guilt of Captain Dreyfus and his belief that the Rennes court-martial would fearlessly ascertain the truth and do its duty.

"As for myself," he declared, "I shall tell everything I know."

This, as a prominent advocate of revision remarked, is just what is wanted.

Dreyfus Nearing France. PARIS, June 18.—A dispatch from the Cape Verde islands announces that the French second class cruiser Sfax, carrying Captain Dreyfus, has passed, en route for Brest, where she is expected before Saturday next.

It is understood that Captain Dreyfus will be landed at night, and that a special train will be in waiting to take him to Rennes, where the court-martial is to be held.

Promising Outlook. LONDON, June 19.—The correspondent of the Times at The Hague, who thinks the outlook for the peace conference promising, says: "Emperor William is a born dramatist. He does not like to see such an important event as the peace conference pass by without impressing his own stamp on it, and most likely when Dr. Zorn returns all will go well."
