

CROPS AND WEATHER.

Conditions for West Virginia During the Past Week.

PARKERSBURG, W. Va., June 20.—Following is the report of the weather and crop conditions for West Virginia, for the week ending June 19:

Showers or thunderstorms occurred almost daily over the state, being very heavy over some localities. Moderate mid-day temperatures and cool nights prevailed until the latter portion of the week, when a decided fall in temperature occurred.

Farm work progressed slowly, being retarded by the wet condition of the ground, and as a result harvesting and the working of corn were delayed.

Wheat is ripening rapidly, and harvesting is in progress; low land wheat has suffered from rust, and is very thin on the ground; in other respects it is in good condition, late sown wheat is beginning to color, and in some sections is damaged by rust and fly, and not worth cutting.

Corn is in excellent condition, and far advanced in growth; plowing in the second time continues, in some sections, while in others is hindered by the wet ground.

Oats, rye and grass are in good condition; oats have improved slightly and bid for a fair yield; young grass is being cut.

Meadows are making rapid growth, but very weedy; pastures continue in fine condition; clover is being harvested with a fair yield.

Potatoes and gardens are very promising; beans, peas, radishes, young potatoes and cabbage are in season. Onions are making rapid progress, corn in good condition; meadows improving; ground too wet to work crops.

Barbour.—The continued wet and cool weather has delayed farm work; corn growing rapidly; meadows and pastures very good.

Harrison.—Wheat ripening rapidly and harvesting is in progress; corn worked delayed by the wet weather and some fields are weedy; oats and grass flourishing.

Lewis.—Wheat harvesting continues and will be an average crop; corn doing well but ground too wet for working the second time; oats short; potatoes and gardens doing well.

Glimer.—Harvesting delayed by the wet weather; corn, grass and gardens making good growth.

Calhoun.—Harvesting in progress; corn looking well; grapes will be good. Doodridge.—Continued wet weather delayed all farm work; crops have made an excellent growth; meadows thickening and will make good crops.

Richie.—Wheat in good condition and being cut; corn, potatoes and gardens doing well; meadows short and weedy. Wirt.—Corn making rapid growth; wheat being harvested; potatoes growing well.

Roane.—Wheat harvesting continues, with light crop; corn looking well; oats improving; potatoes and gardens fine. Wood.—Wheat harvesting continues; corn, potatoes, gardens and oats in good condition; grass short.

Pleasants.—Wheat being harvested, and a fair crop expected; pastures short, corn backward and damaged by grub worms.

Marshall.—Wheat being harvested, and is well filled; pastures good; meadows improving.

Ohio.—Wheat coloring, late sown very poor; corn doing well; oats good; meadows improving.

Brooke.—Oats and grass growing well; corn injured by grub worms; gardens looking well.

Monongahela.—Wheat harvesting continues with fair yield; meadows improving; corn good; oats heading and look well.

Marion.—Wheat being harvested; corn very weedy, but growing well; oats doing well; meadows continue weedy, and prospect poor.

Taylor.—The wet weather has retarded all farm work; oats looking moderately well and heading; early grass being cut.

Lincoln.—Wheat looking well; oats and corn growing fast; potatoes and gardens in the condition; cherries plentiful.

TO BE OR NOT TO BE? This Old Question has to be Answered Candidly by Wheeling People.

What do the people of Wheeling think of the statement published below? Can any citizen ask for more convincing proof? What is there lacking in such evidence? Investigation will corroborate it. It is Wheeling proof for Wheeling people. The most exacting cannot wish for anything more. Read it.

Mr. Walter McLachlin, of No. 2022 Jacob street, a machine hand working at J. A. Holliday & Sons' planing mill, says: "I firmly believe had I not used Doan's Kidney Pills when I did I would not be alive now. I was in a terrible condition, and although I took quinine of medicine, and was attended by doctors I got no better, but worse. Friends spoke of my bad appearance, and those who know about it. I could hardly get around, and felt and looked like a dead man more than a living one. Doan's Kidney Pills procured at Logan Drug Company, were a blessing to me; half a box relieved me; three boxes entirely cured me."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

More Demagogy. ST. LOUIS, June 19.—Colonel William J. Bryan, in a letter declining an invitation to attend a picnic to be given by the Ancient Order of Hibernians, owing to other engagements, says: "All races have exhibited more or less of race pride and attachment, but none have shown themselves more devoted than the Irish to the land of their birth and the people of their blood. Our nation can give no greater honor to the people of the Irish race than a lesson of great importance just at this time, namely, that one race cannot govern another race by force; nor can it govern without exciting the continued enmity of the governed. Ireland has long been denied the right of self-government, but the desire for self-government has increased rather than diminished with the lapse of years."

Germany's Position. BERLIN, June 19.—An official of the German foreign office, who was interviewed to-day by the correspondent here of the Associated Press relative to the visit of Dr. Zorn, one of the German delegates to the peace conference, to Berlin, emphasized the impossibility of Germany accepting Sir Julian Pauncefote's arbitration tribunal proposal.

A Thousand Tongues. Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure: "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the world. I will tell everyone who tries it. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1.00. Trial bottles free at Logan Drug Co. Drug store; every bottle guaranteed."

If the Baby is Cutting Teeth. Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gum, always all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

To-day's advance in price of stocks after an early weakness was no more conclusive of a settled condition of the speculative situation and of the future course of the stock market than was yesterday's decline. There was a brief and spasmodic period of liquidation in Federal Steel and American Steel and Wire in the opening dealings and the professional bear party took advantage of this to make a drive against the whole market. But the brief duration of the decline and the firm resistance offered by prices at the low points warned the bears of the futility of an effort to break the whole market. They therefore took their profits in decline of yesterday and this morning by break-

ing stocks at the low level. There was some organized buying of the Flower group of specialties, not only in support of Federal Steel but for the long account in Brooklyn Transit, People's Gas and other specialties. The action of the wheat market prompted some buying of the grangers also. The continued weakness of wheat in face of the well defined information of poor crops in Russia and eastern Europe made the conclusion unavoidable that supplies of American wheat were believed to be forthcoming by those who are best able to judge. Aside from this, the market continued very narrow and professional could not be said to represent anything more than the covering of short contracts by yesterday's bears. The opening in both Federal Steel and Steel and Wire was wide, 5,000 shares of the former selling at a drop of 1 1/2 to 3 points, and 6,000 shares of the latter showing simultaneous transactions from 1 1/2 to 2 1/2 points below last night's prices. The motive of course was the granting of the judicial injunction against the payment of the 1 1/4 per cent dividend which has been declared on Federal Steel common, on the ground that before the expiration of the fiscal year the prior right of the preferred stock to its 6 per cent dividend could not be insured. The statement of President Gary that a sufficient sum had already been set aside to pay a yearly dividend on the preferred stock was the decisive influence in the rally of both stocks. The net decline for each on the day is only about a point. Rather conspicuous strength was shown by the Union Pacific stocks, New York Central and Pennsylvania in the late dealings, but as these have recently had sharp declines their relatively greater advances were but natural. Operations by outsiders through commission houses continued at a minimum. Sugar was strong, Continental and American Tobacco were weak and the local traction stocks moved upwards. Some apprehension still exists over the threatening situation in France and in South Africa and the high ruling price for money in Berlin, which is the result of a rather unbridled speculation. The advance in money in Berlin was reflected in higher discount rates in London and an advance in the rate for sterling exchange here, which is believed to foreshadow a further outflow of gold. The rate of exchange on Berlin, however, eased off a fraction in New York, rather inconsistently. The general weakness of government bonds was unexplained.

Railroad bonds were heavy, Kansas City, Pittsburgh & Gulf firsts dropping 2 1/2 per cent. Total sales par value \$1,800,000. U. S. new 4s and the 3s registered declined 1/2 do coupon, the old 4s and the 5s 1/4 per cent in the bid price. The total sales of stocks to-day were \$38,514 shares.
