THE DOUBLE SEASON.

No additional replies have been received in answer to requests made by the Intelligencer for the views of Inter-State magnates on the suggestion that the championship season be divided in order to awaken an interest, but from the reception the suggestion has received at the hands of Inter-State papers it looks as though sentiment is against the change.

The Wheeling Intelligencer is out with a scheme to close the championship season on July 31 and start another on August 1.

The Intelligencer of Wheeling comes forth with a cry for a double season. Bosh to such nonsense. This was once tried by the Inter-state league.

WHEELING.

The L. A. W. press committee gives out the following: The cycle racing situation in this country at the present shows that the League of American Wheelmen has sanctioned nearly as many meets throughout the states as it had in one time last year.

The so-called opposition organization to the League, on the other hand, had been able to conduct but a comparatively few scattering meets. The "outlaw" meets seldom average more than two a week in all districts, while the League averages nearly forty a week.

It is noticeable that since the beginning of the season, when the "outlaws" made such bold statements of how they would conduct the sport honestly, there have been any number of instances where they have not inflicted punishment in the most flagrant cases.

A SCHMULBACH HORSE.

In her First Race Took Second Place at Detroit, Wednesday. Mr. Henry Schmulbach was highly elated yesterday when he learned of the remarkable performance of his four-year-old pacer, Minnie Simmons, at Detroit, on Wednesday, and his friends were nearly as well pleased. It was the mare's first race, and the event was the 2:27 pace, in which many high class pacers contested.

BENWOOD NEWS.

Local Happenings of Importance in a Busy Town.

An amusing collision occurred at Main and Sixth street yesterday, between a Pole's head and a window in Sprouts & Traux's saloon. The damage was done to the window, which was smashed to atoms. The Pole was riding a bicycle at a fast clip, and in turning the corner he missed it, running smash into the curb, which had the effect of tossing him over the sidewalk, head-first, into the window.

A. bicycle racing team, in answer to "Lover of Sport," whose published objection to certain racing teams having their pictures taken, was so very funny and inconsequential, announce that they will ride against any two members of the team who inspired the "Lover of Sport" kick for love, marriage or money, on either single machines or tandems, straight way or purchase. Answer through this paper, if accepted.

Flatmouth in Paint and Feathers.

MINNEAPOLIS, Minn., July 20.—A special from Walker, Minn., says: Chief Flatmouth has discarded citizen's clothes and appeared at the Pilot office to-day arrayed in war paint and feathers and in a most excited and determined mood. He said that he had called a council of all the Leech Lake Indians to assemble at the old agency on Monday, the 24th, to protest against the revocation of the eviction order. He claims that the government would not respect the rights of the Indians; that the reservation was their territory and that if the settlers were permitted to remain in one part of the reservation there was no cause why they would not be permitted to go to other places. It will require careful diplomacy to convince the Indians that the government intends keeping faith with them.

BRIDGE HAPPENINGS.

Events of a Day in the Town at the End of the Bridge. The residents of this city are complaining a great deal about the condition of the streets. MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor. The Republicans of the Sixteenth Congressional District of Ohio will hold a convention about the middle of August for the purpose of nominating a candidate to succeed the late Hon. Lorenzo Danford. The question naturally arises, where shall it be held? Martin's Ferry can no doubt secure it, and would like to have it, but can adequate accommodations be furnished to the 200 or 400 delegates and others who will attend? Our hotel accommodations will not suffice, and it will be necessary to open the houses of other citizens. These matters should be inquired into at once. If ample accommodations can be procured, then let us have the convention.

A prominent citizen of this city received a letter yesterday from parties away from here asking for an advantageous site in this city. Its advantages are well known, and probably some new enterprise will be established here as a result. Our city needs more diversified industries, and no opportunity to establish one should be allowed to pass without investigation.

The lawn fete given Wednesday evening by the young ladies of the St. Mary's church was such a successful affair that it was repeated again last evening, and was crowned again with success. The lawn was tastefully decorated with bunting and Chinese lanterns, which presented a very handsome appearance from the street. A large sum will be realized.
