The Council Refunding Committee Will be Called When

THE THIRD WARD COUNCILMAN

Returns from his Lake Trip—Receiver Forgy has Received Between Fifty and Sixty Replies from Bankers and Investors, Giving Their Opinion on a Lower Rate of Interest on Wheeling's Bonds.

It is learned on the authority of Mayor Sweeney that the refund situation is so well in hand now that the special council committee having the project in charge will be called to meet so soon as one of its members, Councilman M. A. Crew, of the Third ward, returns from Mackinac.

Mayor Sweeney and Receiver Forgy sent out some weeks ago to bankers and investors in municipal securities some 100 circular letters, in which it was asked how investors would look at a Wheeling bond bearing interest at the rate of 3 per cent. It is learned that between fifty and sixty replies have been received, and that they are largely to the effect that a bond bearing three to three and one-half per cent interest can be floated successfully—at par or above.

The special committee on the refund is composed of the following: First branch—Mayor A. T. Sweeney, Councilmen M. A. Chew and John Waterhouse.

Second branch—President James P. Maxwell, Councilmen August Marschner and Andrew Korn.

MARSHALL TEACHERS.

Their Annual Institute Began Yesterday at Moundsville—An Interesting First Day's Programme.

The annual teachers' institute of Marshall county met in the auditorium of the Moundsville city school building yesterday at 10:30 a. m. The hall was well filled with teachers, many of whom are familiar to Moundsville people, but among the enthusiastic throng are many new faces. The institute was opened by singing, and prayer by Rev. J. M. Rine. The enrollment showed 104 ladies and 103 gentlemen present.

After introductory speeches from Professors Powell and Skinner, in which they completely won the confidence of their hearers, the institute adjourned for the noon recess.

The after session began by singing "The West Virginia Hills." The first topic, "The War With Spain," was ably treated by Professor Powell. The causes, direct and indirect, were clearly set forth; the principal events of the recent struggle were ably discussed and the results enumerated. In the course of this talk, Prof. Powell made many patriotic references, that called out much applause.

The subjects, "What Should the Teacher Read?" and "Arithmetic," were handled in a most interesting way by Prof. Skinner, and his modern ideas and rich experience threw much of value and interest into these subjects. One idea is worthy of special mention. "Let each school in Marshall county be supplied with scales of weight and measuring apparatus and teach compound numbers practically and effectively."

"Moral training" came in for its due share of attention, and the high moral standard pointed out by Prof. Powell is worthy the efforts of every Marshall county teacher.

The relation of moral training to good government, and progress is a thought of great worth to every teacher. Among the visitors present are Prof. Crago, of Wheeling; Mrs. Platt, of Missouri; Prof. Inghram, of Nebraska. Everything points to one of the most pleasant sessions in the history of the county.

KIDNEY TROUBLE.

The Most Prevalent, Dangerous and Deceptive Disease.

Thousands Have It and Don't Know It.

Pains and aches come from excess of uric acid in the blood, due from neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is overworking to pump the thick, kidney-poisoned blood through the veins and arteries.

Soreness or uncomfortable feeling in the back indicates kidney trouble of no small importance. The passing of scanty or profuse quantities of urine is a warning of kidney trouble. If you want to feel well you can make no mistake by first doctoring your kidneys.

The famous new discovery, Dr. Kilmer's Swamp-Root, is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases after all other efforts have failed.

Sold on its merits by all druggists in fifty cent and one dollar sizes. A sample bottle sent free by mail to any address. Also a book telling all about Swamp-Root and its wonderful cures. When writing address Dr. Kilmer & Co., Binghamton, N. Y., and mention that you read this generous offer in the Wheeling Daily Intelligencer.
