

ELLEN OSBORN'S FASHION LETTER.

Prophecies of Spring in the Latest Hats and Gowns.

Special Correspondence of Intelligence.

NEW YORK, Jan. 25.—Walking is much in fashion. Every afternoon, between the hours of 4 and 5, when the carriages of women of society roll through the park...

One of the vagaries of costume, sometimes thus exhibited is the straw hat. An airy lace-like creation, fluttering with ribbons and piled high with flowers...

And the public is willing to benefit by this first glimpse of spring styles. If one may trust these harbingers of fashion, which have all the air of swallows from the Riviera that in due time will make a summer, the Easter hat of 1900 will have a high, formidably-looking, square crown, or else one that is practically flat; its brim will be swathed in cloudy rolls of tulle, and its ornaments will be large, wheel-like rosettes of lace or ribbon or velvet, and flowers of a delicacy of coloring and texture that is new to millinery. Apple, peach and cherry blossoms are

across, was an intricate mesh of black silk cords.

A younger girl, in brilliant hussar blue, had her skirt laid in seven tucks upon the hips, the uppermost being about six inches below the waist-line. A smart dress that was not a Park exhibit, but was worn at a morning concert by Miss Edith Van Courtlandt Jay, of the old Knickerbocker set, was of black broadcloth, with box-plaited back beautifully strapped, each strap being corded and buttoned with a small ball button. The mannish coat opened over a blouse of bright pinky-red crepe, and the same contrast of colors appeared in the big black velvet hat, trimmed with red rosettes and sweeping black plumes.

Not one of these dresses whither of anything revolutionary; the changes are in details. Even in the frothy muslins that dressmakers have already prepared for summer models there is as yet little hint of the Louis XV. styles and the looped-over dresses, which, nevertheless, are confidently expected to appear.

Each dress is still a trailing mass at the back, and the sweeping, down-falling effect is increased by the depth of the fringe trimmings. On elaborate costumes an eighteen-inch fringe is not too much, and fringes are made in two or three layers of different colors, or different shades of the same color, that in themselves almost constitute costumes. Epaulé dresses show the military tassets of the hour, the epaulé serving the double purpose of giving to the shoulder the breadth denied by the close

Sick Headache

Is the cause of untold suffering to many women; of neglected pleasures and unhappy homes. Pleasure is banished from the life that is subject to these attacks, and yet it is possible to be free forever from such trying ordeals. Dr. Williams' Pink Pills for Pale People, by enriching the blood, toning up the nerves, and strengthening the stomach, make sick headache impossible, and restore nervous energy to the despondent sufferer. The full name:

Dr. Williams' Pink Pills for Pale People is on every package of the genuine.

Mrs. Francis B. Riggs, of Martinsville, Mo., says: "I had to have terrible sick headaches, which I had as far back as I can remember. In recent years they were getting worse. A few years ago I took treatment of a specialist in Kansas City, but it only relieved me for a while. When I came here two years ago my health was miserable. My husband, who had great faith in Dr. Williams' Pink Pills for Pale People, secured for me a box, and after taking a few doses I could see an improvement, and my headaches were not so frequent. I took four boxes, and since that time I have not had any of these attacks, and I never feel so well in my life."

No discovery of modern times has proved such a blessing to mankind as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health in the exhausted patient when every effort of the physician proves unavailing.

These pills are sold in boxes at 25 cents a box, or six boxes for \$1.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Co., Schenectady, N.Y.

FINANCE AND TRADE.

The Features of the Money and Stock Markets.

NEW YORK, Jan. 26.—Money on call easier at 2 1/2 per cent; last loan at 2 1/2 per cent. Prime mercantile paper 1 1/2 per cent. Sterling exchange firm, with actual business in bankers' bills at 4 3/4 per cent for demand and 4 1/2 per cent for 60 days; paid rates 4 1/2 per cent; commercial bills at 3 1/2 per cent. Silver certificates 99 1/2 per cent. Government bonds 4 1/2 per cent. Railroad bonds 4 1/2 per cent. The record of the day on the stock exchange was a repetition of yesterday in inertia, but prices went down instead of up as was the case yesterday. The retirement of the British from Spain had as little influence as did the previous day's news of the success there. Opening prices showed sharp declines, international stocks being quoted at about the London parity. The weakness in London induced no selling here, however, and the local traders were disposed to buy the stocks offered for London account in the same way that they sold yesterday to meet the London demand. No attempt was apparent to bid up prices as the local dealers seemed content to take the offerings at the London level of prices. The sales for London account were estimated at something over 20,000, very evenly distributed among the various international stocks. This constituted the bulk of the day's business in railroad stocks and prices in that department never got from the opening level. Much the greater portion of the day's actual business was in the speculative industrial and foreign stocks, which were very active and profitable. These were worked from the start. The weakness in Sugar was attributed to operations by a speculative clique. Metropolitan made a momentary show of firmness on belief of a hitch in the closing of the contract for the rapid tunnel. The rubber stocks which have not been active recently were forced down 4 and 3 points respectively, but recovered 2 points each. On the curb New Amsterdam Gas was rather active and strong and Standard Oil advanced to a new high level. Returns by the leading banks of the currency movement for the week indicate that the net receipts for the interior by express have been but slightly less than last week, but the gains on sub-treasury operations were little more than half those of last week. The total gain in cash for the week is estimated at near \$7,000,000. It is evident that stock exchange operations have made no demands on the loan account; the time loans and the buying of mercantile paper may have further increased loan accounts. The rate of New York City bank during the week may also be reflected in the loan account. The bond market made further progress towards dullness and the tone was rather easier. Total sales for United States old 4s and the 5s coupon advanced 1/4 per cent in the bid price.

Walking Dress of Black Broadcloth.

Velvet, fastened at one side of the front with a full velvet rosette. Mrs. Gould wore pale blue slippers and gloves, and her hair was dressed with roses.

What Surprised Grosvenor.

Washington Post: General Grosvenor was walking through the corridors of the capitol yesterday when a lady approached him. "I beg your pardon," said she, pleasantly enough, "but isn't this Congressman Grosvenor, of Ohio?" "Yes, madame," was the reply. "I thought so," she continued. "You see, I recognized you from your pictures in the papers." Then she paused a moment, while General Grosvenor also paused. "General Grosvenor," said the lady with a touch of timidity in her voice, "couldn't you give me a ticket of admission to the galleries?" Quite gallantly the Ohio congressman procured a card, filled it out, and signed his name. The lady went on her way rejoicing. General Grosvenor stood for a moment thoughtfully. "Well," he said, "that is the first time I ever knew I really looked as bad as my pictures."
