A Baby's Taste guided to Grape-Nuts

Rev. S. V. Robinson, Brooklyn Hills, N. Y., says: "A few days ago an incident occurred in my home that may interest you. Our boy baby, a fine specimen of two years and three months old, was brought downstairs immediately after he awoke. He was teething, and had eaten but little for two or three days, and had to be coaxed to do that. On this particular morning his first request was for Grape-Nuts, of which he is very fond. His mother had some cornmeal mush cooked, and served him with that instead, but after he had looked at it for a moment, he pushed it away, indignantly, saying, 'I don't want that; I want Grape-Nuts.' He would not be satisfied until Grape-Nuts were served to him, which he ate with evident enjoyment. We were interested in his discrimination, and you will doubtless appreciate the boy's taste. Probably no food in existence—not even excepting the very best prepared baby foods—is as well adapted to the use of infants as Grape-Nuts, well-soaked a few minutes in hot water, when it becomes a mush and should be treated with cream and sugar. It contains the elements required for building the bones, and the gray matter in the nerve center. A child or an adult fed on Grape-Nuts will show marked improvement in physical and mental ability. Many of the elders testify to the removal of physical ailments by abandoning portions of the food that have been in use, and taking up Grape-Nuts regularly. Sold by grocers everywhere, and made at the pure food factories of the Postum Cereal Co., Ltd., Battle Creek, Mich.

DON'T EXPERIMENT! TAKE THE SUREST CURE!

Dr. Greene's Nervura Blood and Nerve Remedy.

Now is the Time You Are Most Out of Order. Now is the Time You Need It Most.

When you dose your poor nerves with dangerous drugs and opiates, when you overwork them or abuse them, then you are like the man in the picture—you are spurring them into the great vortex from whence there is no return. They know better than you. They are trying to warn you by dulness, exhaustion, tired feelings, dyspepsia, melancholia, despondency, etc., that they need aid. They are crying for Dr. Greene's Nervura, the remedy which Nature planted in the earth solely for the purpose of recognizing the weakened, overworked nerves and impure blood. It will bring back to you the power and vigor of health. It will revitalize and enrich your whole body. It will fill your nerves and veins with the fire and vigor of youth, and make a real man or woman of you again. It is a veritable Fountain of Youth and of Strength—thousands will testify to this. Why don't you try it? Mrs. FLORENCE TAYLOR, of 6 Courtland Place, Bridgeport, Conn., says: "For four years I was troubled with nervous debility and hysteria in a most aggravated form. It caused sleeplessness, nervousness, and almost constant dizziness. I had lost my appetite. For months I was unable to eat. My constitution wanted, and I was nearly dead. I was advised to try Dr. Greene's Nervura, and I bought a bottle. I was in a terrible condition when I began to use it, and almost immediately there was a wonderful change came over me. I regained my appetite, the dizziness in my head, and I was able to eat. I thank God for this medicine. I think it is the best medicine I ever used. Dr. Greene's Nervura did for me what hundreds of dollars and numerous physicians failed to do. I cannot do credit to its merits. Truly, Dr. Greene's Nervura should be in the hands of every body to take it if they want to feel well." Dr. Greene, 25 West 14th St., New York City, is the most successful specialist in curing nervous and chronic diseases.
