Car and Wagon Collide.

At 3 o'clock yesterday afternoon the delivery wagon of Ault & Sons, of Bellairs, collided with motor No. 66, on Eoff street, near Thirty-sixth. The tongue of the wagon cut a gash in the fore leg of one of the horses, and the front of the car was considerably damaged. No one was hurt.

Raided the Boat.

On Sunday Sheriff McCleary, of Brooke county, and posse raided a boat that has been lying in the river at Steubenville for some time past, being the resort of questionable characters and causing complaint from citizens of the neighborhood. The occupants made their escape and the craft was brought down the river to Wellsburg yesterday. A large quantity of liquors was found on board.

Struck Out Nine Men.

The Charles Stephens were defeated by the Will Gutmans in a well-played game of ball at the Fulton grounds Sunday afternoon. The score was 10 to 4, and the feature of the game was the great pitching of Bennett, who struck out nine of the Gutmans. McConkey pitched for the Gutmans, and gave his opponents nine hits, while thirteen hits were secured off Bennett.

Struck by a Train.

Yesterday afternoon, about half-past three o'clock, Mrs. Sheldon was struck by an Ohio River train at the foot of Twenty-fourth street, and hurled some distance. When picked up she was unconscious. She was removed to her home, in East Wheeling, where a physician was summoned. The result of her injuries cannot yet be determined but it is thought they are not of a serious nature. Mrs. Sheldon became bewildered when she saw the train approaching, and did not know which way to turn. She was returning from the other side of the river, and had just gotten off Wolff's ferry boat.

Serious Accident Averted.

What might have been an accident fraught with the death of many persons was prevented by Joseph Mahood and Joseph Hill, at Benwood, yesterday. On the Baltimore & Ohio tracks, at the head of Eighth street, in Benwood, at 10 o'clock a. m. the break shoe on a south-going freight train caught in a frog and wrenched itself loose from the car and became tightly wedged there. Mr. Mahood heard the noise, and ran to see what it was. Knowing that the No. 193 passenger train, bound for Cincinnati, was due at that point in about five minutes, he hurriedly sent for the foreman at the junction, so that the train could be flagged, and then secured an axe, and after a great effort he succeeded in removing the obstruction. Were it not for these two gentlemen a serious accident would surely have occurred, and it might have resulted in a great loss of life.

JOS. L. RHEES DROWNED OFF MAINE COAST.

The News of the Sad Event was Received With General Regret in Wheeling Where

HE RESIDED UNTIL MARCH

Of the Present Year, When He and His Brother Became Interested At Southport, Me.

The sad intelligence that Joseph L. Rhees, son of the late Dr. Morgan L. Rhees, was drowned Saturday night off the Maine coast, was received in Wheeling with general regret. Joe Rhees was one of the most versatile of men, and numbered his friends in Wheeling by the hundreds. The news of the tragedy came in the following telegram from the deceased's brother, Morgan L. Rhees, the artist, to Mr. C. E. Morris: BOOTHBAY HARBOR, Me., September 24, 1900.

Leut. C. E. Morris, Wheeling, W. Va. Joe drowned. Run down in dark by tug. Come at once if possible, at my expense, to settle up affairs. Wire answer. MORGAN RHEES.

A telegram from Boothbay Harbor, Maine, states that Mr. Rhees had started for Southport, his home, from Boothbay Harbor, in a small boat, and was run down by a tug in the darkness. The body was found in the seaweed the following morning.

Joseph L. Rhees was forty years of age, and well known to very many people in this community, having spent here when a boy with his parents, his father, the late Dr. Morgan J. Rhees, being a prominent physician, and residing for many years on Fourteenth street.

Mr. Rhees occupied a prominent position in musical circles in this vicinity, having been organist at the First Presbyterian church in Bridgeport, Ohio, and later was organist at the First Presbyterian church in this city. He was also instrumental in bringing some of the most prominent musical talent here.

He took a course of art study at Paris, and was an artist of no mean ability. He was also employed in the engineering department in constructing the Niagara Falls tunnel, and also assisted in laying out a portion of the town of Niagara Falls. He later studied law in the office of Messrs. Erskins & Allison, and was admitted to the bar in 1897. He opened an office in the Germania Half Dollar Bank building, in June of that year, and remained there until June, 1898.

Upon the breaking out of the Spanish-American war he enlisted in Company D, Second regiment, West Virginia volunteers; was mustered in as first sergeant of the company, and served until the muster out of the regiment, April 10, 1899. He was generally known as the best first sergeant in the regiment.

He returned to this city last December to practice law, and remained until March, when he went to Southport, Maine, where he had since resided. He is survived by only one brother, Morgan J. Rhees, the artist, his parents being deceased. The news of his sad death will be heard with great regret by his many friends in this city and vicinity.

TOBACCO WORKERS'

Convention Opening Deferred to Await the Arrival of Several Delegates—Informal Meeting Held.

The convention of the International Association of Tobacco Workers which will be in session here all this week did not assemble yesterday morning as was expected, owing to the non-arrival of the delegates from Richmond and Petersburg, Va.

The delegates that have arrived assembled at Odd Fellows' hall yesterday morning on schedule time and President Henry Fisher, of St. Louis, was in the chair, Secretary E. L. Evans, of Louisville, being also present. A committee on credentials was appointed, but the report was deferred until the arrival of the other delegates.

They then adjourned until afternoon expecting the other delegates to arrive in the meantime. When the afternoon session was called to order it was found that the Richmond and Petersburg delegates were not present, and they adjourned until this morning when the real work of the convention will begin. The credentials committee will bring in their report this morning.

South Side Runaway.

Yesterday afternoon a horse driven by William Foose, the coal dealer, became frightened on South Wood street and dashing up the street threw the driver out at the corner of Twenty-ninth and Wood streets. Mr. Foose was removed to his home at 2619 Locust street, where a surgeon found him suffering with two ribs fractured on his left side and otherwise badly bruised.

Bitten by a Dog.

Yesterday afternoon George Pole, who resides on Lawyer Clark's farm on Chapline hill, was bitten in the chest by his Newfoundland dog. Mr. Pole keeps the animal tied and was passing him when the dog jumped at his throat, knocking him down. The beast caught him on the chest, producing a painful wound. The dog was afterwards shot.

Republican Rally.

The Republicans of Clay and Union districts will meet on Tuesday evening, at 7:30 o'clock, at the club room opposite the city building, for the purpose of reorganizing the old Clay-Union District Republican club, and also for the purpose of organizing a Rough Rider company of those of the members who desire to join a marching club. Great interest is being taken in this movement to reorganize the old club that did such effective service during the campaigns of 1884 and 1896, and the younger element is anxious to get in line for the Roosevelt demonstration on the 18th of October.

An invitation has been extended to all Republicans of Clay and Union districts to join in this movement.
