Weather Forecast for To-day—Fair.

S. & T.

Our second floor is a revelation to visitors since the opening of the new millinery and suit departments.

The elegance of the furnishings is in pleasing harmony with the wealth of seasonable attire for women, misses and children on show. It's the section of the store particularly attractive just now.

The entire floor is devoted to the display of millinery, suits, coats, capes, waists, separate skirts, and in fact ready-made garments of every description. When we say the entire second floor, we mean also the new building, for we're occupying the new structure on every floor except the first and the basement.

Our Millinery Emporium is one of the finest in the country, and the galaxy of "beauty hats" is most comprehensive and satisfying—you'll say the same of the suit parlor.

millinery

We take especial pride in our own make of Hats, Bonnets and Toques—those made by our own milliners, we mean—made after the newest and prettiest of the autumn and winter Parisian models.

We have the foreign-made fancies, too, made by Camille Roger, Virot-Berthe and others, but you can hardly tell the difference except by looking at the price card.

Sarah Bernhardt's latest, the Empire, is just out of our work room. It is a pretty, swaggar shape, made with tan velvet and trimmed with shaded velvet roses. Priced at only \$7.98.

Prices in trimmed millinery range from \$1.98 to \$65.

tailored garments

The suit parlor is in the new section of the enlarged second floor. The equipment is magnificent, the arrangement perfect.

Here and there, artistically placed, are forms clothed in the new and handsomely fashioned suits, automobiles, etc. Immense cases contain hundreds, yes, thousands of jackets and separate skirts, affording a selection such as has never been shown in this section.

One tailored costume, particularly attractive, is made of Camel's Hair Cheviot and Imported Broadcloth. Blouse jacket, handsomely trimmed with stitched taffeta to form yoke, military collar, and chevron on the sleeves. Lined throughout with best taffeta silk—flaring skirt. They come in blue. Price \$22.50.

Our autumn and winter suits range in price from \$10.00 to \$100.00.

A VETERAN REPUBLICAN INTERVIEWED.

Hon. John H. Atkinson, a Delegate to the Fremont Convention of 1856, Talks Interestingly.

THE REPUBLICAN PARTY TO-DAY

Stands for Prosperity, Americanism, Free Schools and Protection to American Labor.

One of the most interesting figures brought to Wheeling yesterday by the "Roosevelt Day" exercises was Hon. John H. Atkinson, of New Cumberland, West Virginia's only surviving delegate to the First Republican national convention, held in 1856, and which named as its presidential candidate the gallant and chivalrous General John C. Fremont, "The Pathfinder." Mr. Atkinson was suitably honored by being named first vice president of the Roosevelt meeting at the state fair grounds. When seen last night, he said he had been delighted with his day's experiences. Comparing the infant days of Republicanism with conditions to-day, Mr. Atkinson said: "As I witnessed the immense crowd that listened to Governor Roosevelt, I could not but contrast the conditions of to-day with the convention of two hundred that assembled in one of the halls in your city to nominate an electoral ticket for Fremont in 1856, then a hopeless minority, now the dominating party of America.

"From the formation of the state in 1863, to 1870, the Republican party had control, but amending our statute law, in 1868, so as to enfranchise those who had gone into rebellion, the Democratic party came into power with a majority of 20,000 votes. Outnumbered but not disheartened, we have made an average gain of 1,000 a year, until in 1888 we elected General Goff as governor by a majority of over 200, but a Democratic legislature counted him out. In 1896 we gave McKinley a majority of over 11,000, which should be increased in November to 15,000.

"The Republican party has ever been one of principle and progress. Coming into power in 1861 as the champion of liberty and union, she accepted the responsibilities of the rebellion, and determined that 'all men were created with certain inalienable rights,' should not have been written in vain.

"Victory came to the Union cause when 130,000 colored men with silent tongue, and clenched teeth and steady eye and well poised bayonet helped us to this great consummation, and again they have been found side by side with our white soldier in the war with Spain and in the Philippines.

"The Republican party must never abandon her organization until every right is secured to the colored man, as to the white.

"Let our party stand as she has in the past, for free schools and free speech; for honest money and protection to American labor, for equal rights to all, and she will continue to guide the affairs of the state, and keep our country as she is to-day, the acknowledged leader of the world in Christianity, civilization and humanity.

DEMOCRACY DESPERATE.

A "Last Call" for Five Dollar Subscriptions Sent Out by the Ohio County Leaders—The Response Said to be Disappointing.

By the admission of the finance committee of the Ohio county Democratic campaign committee, the party in this neck of the woods is badly in need of funds to continue the campaign. The finance committee is composed of Messrs. A. H. Weidebusch, A. P. Garden and John Waterhouse, and they have just issued and sent out the following appeal to the faithful:

WHEELING, W. Va., Oct. 17, 1900. DEAR SIR:—Knowing that you are interested in the success of the Democratic ticket, and feeling assured that you are willing to back up your interest in the work for Democracy in a substantial way, we have taken the liberty of enclosing this circular to your address, with the hope that you can see your way clear to make a liberal contribution to the Democratic committee of this county, which committee is very much in need of funds.

We take this method of soliciting your aid because of our inability to reach people at their homes and places of business, and for the further reason that we have come to be too conspicuous in the work of soliciting.

We hope you will make your contribution in less than five dollars, and that you will send same immediately, as the campaign is rapidly drawing to a close. You can send the money or hand it to any of the undersigned.

Thanking you in advance for any aid you may extend the committee, and trusting that you will lend your influence and time to the good cause, we are, yours with much respect.

A. H. WEIDEBUSCH, A. P. GARDEN, JOHN WATERHOUSE, Finance Committee.

It is quite evident that the local Democracy doesn't know where it stands, for at least one of these circulars came to a sound money man, who isn't training with the present day Democracy, and he has kindly turned it over to the Intelligencer for publication.

It is said the response to the appeal, so far, has been disappointingly small. It is further stated that the state committee has told the Ohio county leaders that they need not expect any outside contribution—that Ohio county is expected to take care of herself.

NOTICE TO THE PUBLIC.

The Strike Still On.

Reports have been circulated that the strike which has existed since the 5th day of July, 1900, has been terminated by the committee resuming their positions on October 18, 1900.

We, the employes of the Riverside rolling mill, denounce the said report as a malicious lie, circulated for the purpose of discouraging the men of the Riverside mill now on strike. The strike still exists at that plant. Efforts for the last three days to settle the strike have proved futile. Therefore, the said strike is still continued by the old employes of the Riverside Iron Works, and all honorable men are requested to stay away from the said mill. EMPLOYEES OF RIVERSIDE IRON WORKS.
