

## CONFESSED HE WAS BRIBED BY ARTHUR GOEBEL.

**Finley Anderson, Whose Testimony Caused Powers to be Sentenced to Life Imprisonment, GAVE PERJURED EVIDENCE.**

From Campbell and Golden in the Conspiracy to Secure False Evidence. Story Told in Detail.

LOUISVILLE, Ky., Oct. 30.—The Louisville Evening Post to-day prints an affidavit of Finley Anderson, a telegraph operator upon whose testimony Caleb Powers was convicted of complicity in the murder of Governor Goebel, in which Anderson swears his story told on the stand at Georgetown, was perjured. After telling of a conversation with Attorney Campbell at Cincinnati in connection with the Goebel case, he says:

"I remained in Cincinnati after this conversation with Campbell, and some time after that Arthur Goebel, in his store on the fourth floor, where I had gone at his request, asked me if Powers had not in my presence, at Barboursville, in January, said to me in substance these words, referring to William Goebel, 'they say he wears a coat of mail, but it won't do him any good, or something to that effect. I told Goebel that Powers had never said anything of that sort in my presence to the best of my knowledge.

Could Not Remember.

"He told me to think and see if I could not remember it. I could not remember such a remark, and I know that Powers never did make such a remark, or anything resembling it, in my presence; but being urged by Arthur Goebel, I finally concluded to state that he did make such a statement and so swore upon the trial, which testimony was false.

"Before making my statement to Campbell, Wharton Golden told us to make it as strong as possible, as they (referring to Campbell and Goebel) would take care of me and protect me. I have since that conversation with Campbell and Arthur Goebel received from Arthur Goebel various sums aggregating about \$300, and upon one check \$10 from Justice Goebel. The last sum I received was on Tuesday, October 23, 1900, which was \$5 given to me by Colonel Campbell at his office in Cincinnati."

Tells of Meeting Campbell.

Anderson tells of meeting Attorney Campbell in Cincinnati, and continues in his affidavit:

"Colonel Campbell then told me that Joe Owens had told him that I had said that Caleb Powers at the hotel in Barboursville, prior to the 25th of January, had used these words, speaking of William Goebel: 'If we cannot get him killed and it is necessary, I will kill him myself.' I said to Mr. Campbell that I had never told anyone any such thing and that Powers had not made such a statement to me or any statement resembling it in any way. Campbell and Owens insisted I had made such a statement, and I afterward, upon Campbell's suggestion, sat down and wrote out a statement, in which I included the foregoing statement of Powers, which was untrue in every particular and upon the trial of Caleb Powers I swore to it as a fact, when in truth it was not a fact."

## FERRELL GUILTY

Of Murder in the First Degree—Slayer of Express Messenger Lane Will be Executed.

MARYSVILLE, Ohio, Oct. 30.—The fate of Rosslyn Ferrell, charged with the murder of his friend, Express Messenger Lane, was put in the hands of the jury this afternoon at 4:40 o'clock. Judge McHenry's charge was quite lengthy, being devoted largely to instructions for the guidance of the jury in determining the mental status of the prisoner at the time the crime was committed.

The jury at once retired for deliberation, and at a late hour to-night returned a verdict of murder in the first degree, without recommendation. The verdict carries with it the death sentence.

Ferrell's demeanor during the whole of the last day's proceedings was one of apparent indifference, and during the jury was debating the question, he was playing cards in the jail.

## OOM PAUL

Will Travel Incognito in Visiting European Capitals—Expected That Paris Will Tender Him a Demonstration.

PARIS, Oct. 30.—The foreign office officials believe former President Kruger will travel incognito during his visit to the European capitals, relinquishing it in each city only long enough to permit an exchange of visits between Mr. Kruger and the head of the nation. His stay in Paris will not exceed forty-eight hours, and possibly only twenty-four. The French government will not offer Mr. Kruger any formal function, though it is expected that the city will tender him a demonstration which will be a scene of enthusiasm. The government will not take part in the reception, but will, however, put obstacles in the way of private plans of welcome. In short, the government will not take any step likely to be construed as an offense to Great Britain, and Mr. Kruger will exchange visits. The same proceeding, it is believed, will be followed at each European capital visited.

## EXTENDED DRIVE

Taken by President McKinley, Accompanied by Judge Day—Received School Teachers at Night.

CANTON, Ohio, Oct. 30.—The President, accompanied by Mrs. McKinley and Judge and Mrs. William R. Day, took an extended drive to-day. When they reached the Cleveland axle works, President McKinley and Judge Day left the carriage and paid a visit to the club house erected for the benefit of and conducted by the employes of that establishment. The President and Judge Day signed their names in the register.

This evening the President received the principals and teachers of the public schools of Canton. The function was held in the home of Superintendent of Public Instruction Prof. G. A. Wight. The President was accompanied by Judge Day and Secretary Cortelyou, and they received in the parlor, each of the teachers being presented. After the formalities of exchanging greetings, the President and party remained for some time in informal social intercourse with the teachers, many of whom he had known personally for many years. There were several hundred guests at the function.

## DANISH CROWN

Preferred to the Stars and Stripes by the Citizens of St. Thomas Island. Opposed to Annexation.

ST. THOMAS, D. W. I., Oct. 30.—At an extraordinary meeting of the Colonial council at St. Croix, D. W. I., Monday, the vice chairman denounced the statements made by A. J. Blackwood, the United States consul at St. Croix and chairman of the colonial council, in an interview printed in New York, October 25, in which Mr. Blackwood was quoted as saying the sentiment of the people of the Danish West Indies is strongly in favor of annexation. The vice chairman said the allegations made were opposed to the facts in the case and that Mr. Blackwood spoke without the council's authority. A resolution was adopted to cable King Christian of Denmark "Submissively expressing" the wish of the inhabitants to continue under the Danish crown and expressing the belief that annexation of the United States would be against the wishes of a majority of the inhabitants. Some of the members protested against the passage of the resolution, but the vice chairman overruled them.

There was a torchlight procession Monday night, styled "The People's protest." A very large and orderly crowd, headed by a band of music, marched through the town. The houses were decorated with Danish flags and the processions dispersed cheering for Denmark.

## SEVERE EARTHQUAKE

Resulted in Loss of Numerous Lives. Inhabitants of Caracas Passed the Night in the Streets.

WASHINGTON, D. C., Oct. 30.—The state department has received the following cablegram from Mr. Russell, secretary of legation at Caracas, concerning the recent earthquake in Venezuela, in which Cipriano Castro, the president of the republic, was injured:

"CARACAS, Via HAYTI, Oct. 23. "Severe earthquake this morning; great damage to property; several killed; president jumping second floor government house, leg broken; details from interior later. "RUSSELL."

Tremors Still Felt.

CARACAS, Venezuela, Oct. 30.—Yesterday's earthquake destroyed the town of Guarenas, resulting in the loss of twenty-five lives.

Nearly the entire population of Caracas passed last night in the streets or squares of the city. Slight tremors following the severe shocks, have occurred at varying intervals and still continued.

## PHILIPPINE TARIFF

Proposed by Board of Army Officers to be Considered by War Department Before Being Promulgated.

WASHINGTON, Oct. 30.—Dispatches from Manila announcing the determination to submit the proposed new Philippine tariff to consideration by the war department here before it is promulgated are confirmed. The tariff was prepared by a board of army officers connected with the customs services in the Philippines. While it is under consideration all complaints concerning it and suggestions of those interested were forwarded to the board. Afterward it was sent to the tariff commission, in whose hands it has been idle for some time. The tariff is now to be sent to the war department, and will be public to all interested for sixty days, during which the department will endeavor to ascertain the views of persons in this country as to any changes needed. Finally, it will be reviewed by the commission, and proclaimed by the war department.

## DOCTORS WILL CONSULT

To Determine Whether or No Mercury Killed Millionaire Rice.

NEW YORK, Oct. 30.—There was a brief conference this morning in the district attorney's office between District Attorney Gardner, Captain McCloskey, Coroner Hart and Prof. Witthaus over the latter's finding in his analysis of the contents of the stomach of the late Millionaire William Rice.

Prof. Witthaus asked for more time until he could consult with Dr. Curry, who attended Mr. Rice in his last illness. He said he would not make the positive declaration that the quantity of mercury which he had discovered was sufficient to kill until after he had a talk with Dr. Curry. In the absence of such a declaration, Colonel Gardner said nothing can be done.

Gen. Flagner Dead.

NEW YORK, Oct. 30.—General Benjamin Flagner, of Niagara Falls, N. Y., died in the Fifth Avenue Hotel here to-day.

## RAIN DID NOT DAMPEN ARDOR OF NEW YORKERS

Who by Thousands Thronged the Cities and Stations Passed by the Roosevelt Train.

## GREAT CROWD OF SOLDIERS

Honor the Governor at Bath—Conditions of Democratic and Republican Rule Contrasted.

ROCHESTER, N. Y., Oct. 30.—When the Roosevelt train arrived here to-night the party found great crowds, both at the depot and the two halls, and a splendid greeting was accorded the vice presidential candidate. There was an immense parade of clubs and business men's associations, and both auditoriums where Governor Roosevelt spoke were filled to overflowing.

Besides an enthusiastic gathering at Corning, the home of the club that was assaulted at Elmira last night, the only incident of the day occurred at Geneva, where there was an attempt made to prevent the governor from speaking. Judging from the applause at Geneva, the crowd was largely with him, but

## EX-PRESIDENT CLEVELAND DENIES

In Forcible Language the Alleged Philadelphia Times Interview. Says It "Is An Absolute Lie."

PRINCETON, N. J., Oct. 30.—Ex-President Cleveland, being shown a publication in the Philadelphia Times of to-day, purporting to be an interview with him, said:

"The whole thing from beginning to end is an absolute lie, without the least foundation or shadow of truth. I have never uttered a word to any human being that affords the least pretext for such a mendacious statement. I have already telegraphed the Philadelphia Times to this effect."

The utterances ascribed to ex-President Cleveland in the publication referred to embodied an expression that there would be a landslide for Mr. Bryan the morning after the election.

Mr. Cleveland was quoted as naming certain elements working in favor of the Democratic candidate, and discussing Mr. Bryan as an orator and as an efficient campaigner.

There were a number on the outskirts of the crowd, especially in the windows of some buildings opposite the stand, who, assisted by the usual crowd of small boys, did what they could to interrupt him. The only cry that was intelligible from the stand was "Hurrah for Bryan!"

First interruption.

"Gentlemen," said the governor, "I appeal to you for the honor of that flag," indicating a large American flag which was on the stand, but he was interrupted by renewed shouts of "Hurrah for Bryan!"

"Gentlemen," said the governor, "I want you to reflect what a poor showing you make when you try to interrupt an appeal to the flag."

This remark caused the noise to diminish somewhat, but it was continued until the governor finished his remarks. A great many of the disturbers here, as in other places, were boys, but those in the windows of the buildings were men, one of them having a megaphone. Some small boys followed the train as it moved away, calling "What about the canals?"

Was Raining Hard.

At Canandaigua, where a good sized crowd had gathered despite the fact that it was raining hard and the train was about an hour late, the governor addressed himself on the subject of property and on the trust question. He said:

"Prosperity, like this rain, falls on the just and unjust. It is falling here on the just just at this moment, but still it is falling on the unjust, as Mr. Bryan is making a tour of the state also."

It was after 9 o'clock when the governor's train rolled into Rochester, the wet tracks and side roads delaying the party. The governor proceeded at once to the halls where the speaking was to take place. He discussed in the same general way that he has at other points, trusts and imperialism.

Teddy Replies to Dick Croker.

ROCHESTER, N. Y., Oct. 30.—Governor Roosevelt was shown this afternoon Mr. Croker's statement, running as follows:

"My advice to Democratic voters the country over is to congregate about the polling places on the evening of the election day, count noses and then, if the election returns for Bryan do not tally with their count, to go into the polling places and throw those fellows in charge of the returns into the street."

Governor Roosevelt said:

"Mr. Croker seems not to understand that if his incitement to riot and mob violence at the polls should bear fruit he would be an accessory before the fact. The election laws, like all other laws, apply to Mr. Croker, and to every one else, and Mr. Croker and every one else must and will obey them."

Old Soldiers Turn Out.

ROCHESTER, N. Y., Oct. 30.—The second stop of the Roosevelt train was at Bath, where is located the soldiers' home for veterans of the civil war, a large number of whom were among the great crowd that gathered at the depot. Governor Roosevelt said:

"I appreciate very deeply your coming down to greet me in such weather. When I speak at Bath, most naturally I recall the deeds done by the men who fought in that great civil war. This is more than a mere party contest, it is a contest fundamentally for those great principles of good citizenship which must underlie all party differences. All I want you to do is to take into account our deeds and our opponents' words."

Bryan Left for Ohio.

DUNKIRK, N. Y., Oct. 30.—W. J. Bryan concluded the final day of his

last campaign tour in this city to-night. The meetings of the day were generally well attended, and some of them quite enthusiastic. Mr. Bryan left to-night on the Lake Shore railroad for Ohio, expecting to begin a one-day tour of that state with a speech at Toledo to-morrow morning at 11 o'clock. All told he made about 110 speeches in this state.

## Democrats Claim New York.

NEW YORK, Oct. 30.—Executive Chairman James K. McGuire, of the Democratic state committee, gave out to-night the first estimate from the Democratic state committee on how the state would go. He said: "Our canvass of the state gives Bryan 50,000 majority, and it also shows that the Republicans will not come to the Bronx with more than 70,000 majority. I have refrained from making any statements heretofore until our canvass was completed. This estimate on our canvass is a very conservative one."

## BEHIND THE BARS

Is Alford—Bitter Scrap Between State and United States Officials as to Jurisdiction in His Case.

NEW YORK, Oct. 30.—Cornelius L. Alford, Jr., the embezzling note teller of the First National Bank, who was arrested yesterday in Boston, was arraigned in police court here to-day and remanded to police headquarters till 3 o'clock this afternoon, in order to give the legal authorities time to decide whether he shall be tried before the United States or state courts. Alford was accompanied by his counsel. A conference had been arranged between United States District Attorney Burnett and Asa Bird Gardner, District Attorney of New York county, to

## MINERS LOST THEIR LIVES BY GAS EXPLOSION.

Five Burned to Death and Six Injured So Badly That It is Doubtful if They Survive.

## SKIN HUNG IN SHREDS

From the Bodies of the Rescued. Work of Saving the Unfortunate Was Dangerous.

WILKESBARRE, Pa., Oct. 30.—A heavy explosion of gas occurred in No. 3 shaft of No. 1 shaft of the Keystone Coal Company at Edwardsville at 3 o'clock this afternoon, in which five men lost their lives and six others were badly burned. Five of the six injured are in a precarious condition and it is doubtful if they can survive. The dead are:

Peter Usavice, aged twenty-three, miner, single.

Frank Mackalowski, aged twenty-two, laborer, single.

John Dolan, aged twenty-four, miner, single.

Michael Gulawehous, miner, married.

Adam Waynales, miner, married.

Those believed to be fatally injured are:

Michael Gatorski, Adam Lotoski, Andrew Ratoukiski, John Bucho, David Evans.

Dangerous Undertaking.

When these men were brought to the surface by the rescuers, the skin hung in shreds from their bodies.

The work of rescue was dangerous, as "after damp" had accumulated. The first rescuing party went down the mine and were driven back and two men in the party had to be carried out. A number of physicians were on hand and as fast as the injured were brought to the surface their wounds were dressed and they were sent to the hospital or their homes.

The force of the explosion was so great that it blew down a great section of the roof. It was thought at first that there were a number of men back of the fall, but at 9 o'clock to-night the mine officials were of the opinion that all of the men had been taken out. The accident was due to an employee who diverted the air course unwittingly, and allowed the gas to accumulate in the place where the men were at work. The latter had been warned in time to vacate the place, but they did not think they were in danger and went on with their work. The explosion soon followed. The disaster has cast a gloom over the little town, as the miners had just celebrated their ending of the long strike.

Two more dead bodies were taken out of the mine at 11 o'clock to-night. The victims are:

Michael Gulawehous and Adam Waynales.

Both were married and leave families. All the missing have been accounted for.

## SHEET STEEL

Business to be Invaded by the Carnegie Company Within Six Months, So It is Told—Report Not Confirmed.

PITTSBURGH, Pa., Oct. 30.—A story is published here to the effect that the Carnegie Steel Company intends to invade the sheet steel business by manufacturing this product at their Duquesne works. It is said that steel sheets will be turned out by the Carnegie company within six months and that the plans for the proposed works are being rushed under the direction of President Schwab. Mr. Schwab to-night declined to discuss the matter and said he would neither confirm nor deny the story.

If the Carnegie company should go into the sheet business it will come into competition with the sheet combine, a concern organized nearly a year ago, after several attempts had proven failures. The combine is capitalized at \$52,000,000 and owns a number of mills all over the country, the most important of which are the Apollo Iron and Steel Works, at Vandergrift. They formerly belonged to the Apollo Iron and Steel Company, of Pittsburgh. Among the most important independent sheet plants are the Whittaker Iron Company, of Wheeling, and Zug & Company, of Pittsburgh.

Students' Pranks Cause Trouble.

ALLIANCE, Ohio, Oct. 30.—Three students of Mount Union College were suspended to-day for participating in a midnight demonstration, when a crowd of students clad in night robes entered the ladies' dormitory and pushed the president's cove into an upper hall, where they tethered it. To-day about 175 students met on the college campus and decided to go on a strike pending reinstatement of the suspended men. The faculty, however, remain firm in their decision.

American League Expanding.

CHICAGO, Oct. 30.—The American League will take in Baltimore, Washington and Philadelphia, said President Ban Johnson, after the meeting of the circuit committee, composed of Messrs. Somers, Manning, Comiskey and himself to-day. "We will carry out the plans already announced. The three clubs to be dropped have not been decided upon. The league must vote on that proposition."

Insured For Wedding Gifts.

BELLEFONTAINE, Pa., Oct. 30.—Fire insurance to the amount of \$20,000 was taken out on the wedding gifts of Mrs. Ress D. Hitek (nee Hastings), the daughter of ex-Governor Hastings.

## TRAINS COLLIDE

Killing One Mail Clerk and Injuring Six Others—All Passengers Were Unharmed.

ST. LOUIS, Oct. 30.—One man was killed and six others were injured, one perhaps fatally, in a collision on the Chicago & Alton, near Mitchell, Ill., early to-day. The passengers received a shaking up, but none was seriously hurt.

Dead:

George W. Corson, mail clerk, Bloomington, Ill.

Injured:

Sidney L. Webster, engineer, Bloomington, Ill., serious.

George Peritage, fireman.

B. Durham, mail clerk.

William Stewart, mail clerk.

R. W. Murphy, mail clerk.

J. P. Himes, mail clerk.

The midnight special, bound from Chicago to St. Paul, collided with a freight train on a long curve, near Mitchell. Behind the passenger engine was the mail car, in which several clerks were asleep. The car telescoped and none of its occupants escaped uninjured.

## BODIES FOUND

In the Wrecked Tarrant Building. At a Late Hour Thirty-four Were Still Missing.

NEW YORK, Oct. 30.—All the efforts of the authorities are now directed to cleaning away the ruins of the Tarrant and other buildings wrecked in the great explosion of yesterday. In the desire to find out how many bodies are buried in them, and to ascertain what was the cause of the explosion. The efforts of the searchers for the dead were rewarded this evening by the finding of the remains of H. C. A. Schmidt, of No. 550 Clinton street, Brooklyn, and the discovery of what looks to be the bodies of three other people. Schmidt was an engraver, and had an office on the third floor of 161 Warren street. The body could be seen pinned down under a mass of twisted iron, but could not be gotten at to-night. The identification was made by a nephew of Schmidt.

At the northwest corner of the Tarrant building, at Warren and Green-wich streets, a mass of clothing and indiscriminate articles was come across, and the mass was said to be the bodies of three or four people. The men went to work with a will to dig out the mass, and at 10 o'clock to-night brought to light a portion of a woman's foot and the top of a crushed skull. The skull had long brown hair, attached, and is supposed to be that of a woman.

A revised list made up at 10 o'clock

to-night shows thirty-four persons still missing:

At 10:30 a portion of a human trunk, probably the abdomen, was dug up and a little later a brown canvas coat. There was nothing in the package but four quill tooth picks. Still later, the fireman found another portion of a skull and a portion of a human back.

## OVATION FOR FREER.

Republicans and Friends Welcome Him in Ritchie County, After an Arduous Campaign Tour.

Special Dispatch to the Intelligencer.

PENNSBORO, W. Va., Oct. 30.—Congressman Romeo H. Freer, the Republican candidate for attorney general, was given an ovation here to-night at a Republican meeting held in the opera house. It was tendered him as a reception in honor of his home-coming, after his arduous campaign of three months. In that time he has traveled nearly four thousand miles and addressed fifty-eight meetings. The meeting was the largest ever held in Pennsboro and the opera house was packed to suffocation, many not being able to gain admission.

Hon. W. B. Padgett presided and when Judge Freer was introduced, the audience fairly went wild. The speaker in his matchless manner spoke for two hours and at frequent intervals was cheered to the echo. People were here from the congressman's home, Harrisville, and other places throughout the county, and Doddridge county, as well.

The Pennsboro band furnished music and the opera house was beautifully decorated with flags and immense quantities of flowers. Judge Freer also addressed a large crowd at Highland this afternoon, and will devote the rest of the campaign to Ritchie county. It is said this county will give the Republicans over eight hundred majority, being the largest in its history.

## FATAL FINISH TO HARD BATTLE WITH ROBBERS.

Pay Clerk of a Coke Company Killed by Italian Miners While Defending the Company's Money.

## TWO THIEVES BITE THE DUST

While a Third Was Fatally Wounded—Company's Messenger Also Shot—Latter Was Game.

MT. PLEASANT, Pa., October 30.—Four Italian miners to-day attempted to rob pay clerk Wm. Hosler, of the Southwest Connellsville Coke Company, while making his trip between the Alverton and Tarr works, amounting to \$4,000.

Mr. Hosler is dead, his companion, Harry Burgess, messenger of the company, is wounded, two of the Italians are dead, a third fatally wounded and the fourth is in jail.

Hosler and Burgess left this city at 1 o'clock this afternoon with the safe containing the money to pay off the men at the Alverton and Tarr works. As they reached the summit of the long hill above Morewood, just below which lies Alverton, a large coke town, without a second's warning, the four Italians fired a volley from their hiding place and sprang forward, firing as they advanced.

Fell Pierced by a Bullet.

Mr. Hosler fell dead at the first volley. Young Burgess, though wounded, was able to return their fire with effect, and one of the number at the robbers' heads fell dead. A second later he fired his revolver in the very face of another, and as he fell his two remaining companions became terrified, and leaving the dead one set out with the wounded one over the hill to the south in the direction of the Allee mines.

Burgess managed to drive on into Alverton with the body of Mr. Hosler and the safe, where he gave the alarm. Mt. Pleasant and vicinity, with the clerical force of the coke company, turned out five hundred strong, headed by Lieut. John G. Thompson, of Company E, and soon corralled the two, who had concealed themselves in a field on the Durstine farm, a mile or so from this town.

A summons to surrender was answered by a volley in which one of the posse received a slight wound on the chest. The outlaws, from their fortified position made a fierce stand for a few minutes until one of the posse succeeded in getting in their rear. He shot one through the head, killing him instantly. The other surrendered and was brought to the office of Squire Rhodes and remanded to jail.

In the meantime another division of the posse overhauled the third would-be robber, who had received a ghastly wound. The ball entering his mouth and penetrating his head, came out at the back of his neck.

He is not expected to recover.

## CONTINUE TO DRAW GAMES.

Checker Contest During the Day Was Tame—Jordan Still in the Lead.

BOSTON, Oct. 30.—Two more drawn games resulted in the Barker-Jordan championship checker match to-day, both in the "switcher," closing the section of the match.

The third section of twelve games throws the responsibility on white, who may reply as he likes to the six moves to be made by black, but may not repeat his own move as made in the first section. The score is now:

Jordan, 2; Barker, 1; drawn, 3.

The day's play was tame on the whole, though the games got out of the books early and strategy was novel.

## Another Draw.

PITTSBURGH, Pa., Oct. 30.—Jack McClelland, of Pittsburgh, and Billy Ryan, of Syracuse, pulled off their third contest to-night to decide who was the better in the featherweight class. They weighed in at 122 pounds and after twenty rounds of exceptionally fast and scientific fighting Referee "Buck" Cornelius declared the bout a draw. Both men took and gave some hard punches, and both were strong at the finish. McClelland landed probably oftener than Ryan, but the decision seemed to be a popular one.

## Hallowe'en Observance.

The annual observance of Hallowe'en in this city will partake of the nature of a celebration of the past, inasmuch as the irrepressible small boy will commit deeds of vandalism in destroying property and carrying away all portable objects that he can lay his hands on; the custom maid will throw beads on windows and run and giggle and enjoy herself as only the dear child can. Another feature of the day that has been vogue from time immemorial, "tasty pullings," will be given in numerous homes about the city.
