Hallow'e'en. At Moundsville Hallow'e'en was observed by the boys and young men in a whole-hearted manner. Judging by the amount of mischief done, in the "boom grounds" a great deal of damage was done to board walks and fences. railroad. In many places the track is twelve inches higher than the grade, and again it is from four to eight inches lower and in order that the paving may be properly put down, it is necessary that the company put their tracks on a uniform grade as established by the city ordinances. The city clerk was instructed to inform the company to change their tracks immediately or the same would be done by the city and charged to the railroad company. A large number of bills were ordered paid.

Dropped Dead. Oliver Wilkinson, an aged resident of Farmington, who has for the past few days been the guest of his daughter, Mrs. Joseph Manspeaker, residing on the corner of First and Penn streets, in Martin's Ferry, died very suddenly about noon yesterday. He had been going about the house all day and his health was as good as usual. Shortly after dinner he began feeling dizzy and remarked to his daughter, who rushed to his assistance, but before she reached him he had dropped to the floor and expired in less than five minutes. As soon as he sank to the floor a physician was called in, but did not arrive until after life was extinct. Heart trouble was pronounced the cause of death. Deceased was seventy years of age and well known throughout the township, of which he had been a resident for many years. Mrs. Wilkinson is the only surviving child. He was a member of the Mt. Pleasant post, G. A. R., which will probably have charge of the funeral when the remains arrive at that place. The funeral will take place to-morrow, from the residence of his daughter in Martin's Ferry, and the remains will be interred at the cemetery in Mt. Pleasant.

New Church Under Roof. Contractor Kerr finished his contract of slating the new United Presbyterian church at Martin's Ferry, yesterday, and the work is of a most excellent quality and entirely satisfactory to the congregation. The work on the interior of the new edifice is being pushed to completion as rapidly as possible, and it is expected it will be completed before the end of the year.

Road Improvement. One of the important matters to come up before the voters of Pease township in Belmont county, is the question of the general improvement of roads throughout the township. The intention of the trustees is to establish macadamized roads for the general use upon which there will be no toll collected. Many roads in the township are almost impassable and are badly in need of repairs. The question is a most important one and should be carried by a large majority.

Bridgeport Robbery. At an early hour yesterday morning burglars entered the residence of Thomas Duncan, in Kirkwood, by prying open the window in the pantry. C. L. & W. Officials in Bridgeport. Coach No. 10, on the Cleveland, Lorain & Wheeling road, containing a number of the high officials of the road, visited Bridgeport yesterday morning. This will be a short vacation the railroad men will appreciate.

Worst Frost to Date. The heaviest frost, politically, in the present campaign in this vicinity, occurred at Portland the first of the week. The Democrats of that little place endeavored to celebrate, and like all other meetings of that nature in this section, it fell flat. George P. Fisher was the speaker of the evening, and his audience numbered exactly twelve, according to reports. They will probably not attempt such a foolish thing again.

Tin House Off Yesterday. The new tin house at the Laughlin plant in Martin's Ferry, was off yesterday, on account of a shortage of plate. The tin house will resume operations again this morning with first run, and it is expected that they will run steadily until the holidays.

He, together with two other men, have rented a log cabin along the river, where they expect to spend the winter.

They have extended their double track through the Koehline addition to the Aetna-ville bridge, and yesterday a large force of men at work connecting the track on the north side of the bridge to the one on the south. About a half mile of new track will be put down this winter in Martin's Ferry, and they hope to have it completed before bad weather sets in.

A large list of vice presidents have been appointed by the central committee of that city, but space forbids the publication of the same. WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over thirty years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is, of course, regarded as strictly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst imaginable cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it! Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y.—take his advice and be well.

Mrs. R. D. Monfort, of Lebanon, Warren Co., O., writes: "I drop you a line this morning to let you know that I have received the Medical Adviser, and how very much pleased I am with it. I could not tempt me to part with it."

On receipt of 21 cent stamps, to pay cost of mailing only, we will send free to any address a paper-bound copy of Dr. Pierce's great book, "The Common Sense Medical Adviser." Or, the same book bound in fine French cloth will be sent for 10 cents extra to pay the cost of this more handsome and more durable binding. Address World's Dispensary Medical Ass'n, Buffalo, N. Y.

The recently organized Young Men's Catholic Club, of Benwood, gave their opening in the basement of the St. John's Catholic church, Wednesday evening. The affair was purely informal and various games were indulged in.

The formal opening will occur later. The club is non-sectarian and is founded on the lines of the Carroll club. Until sufficient funds can be secured for the erection of a club house, the quarters of the organization will be in the basement of the church. The officers of the club are: President, Barney Ward; vice president, John Sittner; secretary, James Sands; treasurer, John Deegan; trustees, Michael O'Brien and James Higgins.

Hallow'e'n Pranks. The vandals were much in evidence in Benwood Wednesday night. Several business men were astonished on awakening yesterday morning to find they were in a new business. A saloon-keeper found himself to be Wong Tru, conductor of a Chinese laundry; a confectioner discovered himself a dispenser of Reymann's booze product; an undertaker was metamorphosed into a restaurant proprietor, with a sign in front of his place indicating that "fresh meat," "dead lobsters" and "cold legs, half and whole" were dished up on the inside. A practical joker piled a heap of garbage in front of a drug store and a crowd of some of the Main street business houses, barrels, kegs, etc., were stacked up to make ingress or egress impossible. Benwood is one of the worst towns on the Ohio river for the committing of depredations on hallow'e'en.

Trouble at the Riverside. Yesterday morning about 3 o'clock Monford Byard, an employe at the Riverside plate mill in Benwood, while returning from work was attacked by a crowd of strike sympathizers at the coke ovens and badly used up. It is feared that further trouble may occur, as the strike sympathizers are not manifesting the indifference they did when the company first began operating the plant with non-union men. A crowd of men hangs about the plant all during the day and when the workmen leave the mill they are met with a chorus of "baas." There was a general melee when the plant closed yesterday morning and a pole sustained a serious wound on the head by being struck by a brick.
