

AN IMPORTANT MEETING OF THE BOARD OF TRADE

Board of Directors Held Last Night, at Which Standing and Special

COMMITTEES WERE APPOINTED

For the Year 1901—New Theatre Project Reported, With Half of Amount Subscribed.

GENERAL MANAGER UNDERWOOD

Promises to Come to Wheeling Next Week, and Made the Amende Honorable

AS TO A NEW B. & O. STATION.

The Board Making Progress in Its Efforts to Land Several Manufacturing.

A well attended meeting of the Wheeling board of trade's board of directors was held last night at the Hub building, President George A. Laughlin presiding and Secretary S. A. Thompson at the desk. Standing and special committees were appointed for the year 1901; the new theatre project was reported, with half of the amount needed subscribed; General Manager Underwood, of the Baltimore & Ohio, promises to visit Wheeling and make the amende honorable to Wheeling on the score of a new passenger station, and several other important matters were discussed. It is stated that the board's officials are working hard to land several important manufacturing enterprises for the Wheeling district, but that the negotiations now are in such shape as to make it inadvisable to give out anything for publication.

The Committees.

President George A. Laughlin submitted his list of standing committees for the year 1901. Some changes were made by the president after discussion of the selections by the board, and in addition the following special committees were named: New government building, clearing house, extension of fobbing trade, adjacent towns, advertising, trades excursions, public entertainment. The appointments were as follows:

- Education.** John Frew, Chairman. J. A. Miller, D. C. List, Jr. O. C. Dewey, A. T. Hupp.

- New Government Building.** J. J. Holloway, Chairman. A. S. List, H. F. Jones, George Wise, W. F. Carter, W. F. Sifel.
- Clearing House.** Lawrence E. Sands, Chairman. Guy A. Wagner, W. Alf. Wilson, J. A. Jefferson, E. W. Peterson, Thos. O'Brien, Sr., C. W. Franzheim.
- Extension of Jobbing Trades.** John Waterhouse, Chairman. W. A. Wilson, Jr., Geo. D. Maxwell, Allen Brock, W. H. Pfaff.
- House.** H. W. McClure, Chairman. C. H. Taney, Edward Wagner, Edward Hazlett, W. A. Millikan.
- Railroad and Transportation.** George E. House, Chairman. George E. Sittel, S. Alexander, H. W. McClure, W. F. Schaffer.
- Adjacent Towns.** L. E. Sands, Chairman. J. J. Holloway, James B. McKee.
- Advertising.** George E. House, Chairman. G. M. Snook, W. E. Stone.

Important Conference. A letter was read from General Manager Underwood, of the Baltimore & Ohio railroad system, stating that he would visit Wheeling not later than Wednesday of next week, to confer with the board of trade officials in regard to the proposed new passenger station of the Baltimore & Ohio in this city, and to hear complaints of the alleged discrimination against Wheeling in favor of Pittsburgh in the construction of passenger train schedules, by which shoppers from many West Virginia interior towns find it more convenient to shop in Pittsburgh. It is believed that the conference with Mr. Underwood will result in something definite being known as to the passenger station and

probably in the discontinuance of the alleged discrimination in schedules.

To Advertise Wheeling. Secretary Thompson was authorized to make advertising contracts with the Iron Age and the Manufacturer's Record, the latter of Baltimore.

To Retain Quarters. The board decided to retain the chamber of commerce quarters in the Hub building for one year at least, and Secretary Thompson was instructed to enter into a lease.

To Represent Wheeling. President Laughlin and Secretary Thompson were delegated to represent Wheeling's board of trade on the advisory board of the Philadelphia Commercial Museums.

Auxiliary Work. It was decided to form auxiliary committees in the over-the-river cities of Bellaire, Bridgeport and Martin's Ferry, and in Moundsville to co-operate with the Wheeling board of trade. The latter organization is working for the Greater Wheeling, which includes all the neighboring cities, and desires to get in touch with its neighbors. Each can help the other, it is argued, and a better feeling will be promoted.

Fifty-six New Subscribers. Walter H. Rinehart, who has been canvassing the city for new board of trade subscribers, reported that he had secured fifty-six members during the past week. He was authorized to continue this work, which can be prosecuted with even better success now that the holiday rush in the stores is over.

Income, \$15,000. The officers of the board reported to the board of directors that with the recent additions to the membership, the total annual income of the board of trade will be between \$14,000 and \$15,000. This is a great achievement for an organization of such recent birth, and shows what concentrated effort will do in a town that was popularly supposed to be ultra-conservative.

The New Theatre. The gentlemen who are interested in the project to give Wheeling her greatly needed new theatre, Messrs. W. E. Stone, George A. Laughlin and George E. House, reported that they had begun their canvass of the city yesterday and had already secured subscriptions to half of the stock. The committee will be out again to-day and expects to close up the matter within a day or two. It is thought the theatre will be located on the old court house property at the corner of Twelfth and Chapline streets, though other sites are in view. The stock will likely be \$100,000, with a bond issue of \$50,000 in addition, with the property as security. The plans are being prepared by Messrs. Giesey & Paris, the architects, and rough sketches are in the hands of the soliciting committee. The theatre will be the largest in the state, built of brick and iron and as near fire-proof as possible. In addition to the theatre proper, there will be a convention hall at the top, with a seating capacity of 2,500, and the ground floor will be taken up with several store rooms. The stage will be forty feet in width, and the auditorium sixty feet in height. The main entrance will be on Twelfth street, if the court house property is taken. The seating capacity of the theatre will be 2,000. The auxiliary apartments, including lobby, smoking room, ladies' parlor, etc., will be handsomely furnished. A roof garden, too, is in contemplation. With this modern theatre, with its convention hall, the board of trade will be in a position to inaugurate its campaign for the bringing to Wheeling of many national and state conventions and other gatherings.

IMPORTANT MEETING

Of Methodist Workers to be Held About March 1 to Act on Plans for the Expansion of the West Virginia Conference Seminary.

It is expected that an important meeting of Methodist workers will be held about March 1, 1901, to consider plans for the expansion of the work of the West Virginia Conference Seminary at Buckhannon, and to decide upon the erection of new buildings. The conference will be attended by the board of trustees of the seminary, the Twentieth Century think offering commission, the presiding elders of the conference, the board of control of the West Virginia Epworth League and the official conference visitors to the seminary.

Prisoners to the Pen.

Seven deputies from Huntington brought the same number of prisoners to the penitentiary yesterday and put up at the Stamm hotel in this city last night. The will return to Huntington this morning. The deputies were S. B. Paine, Elmer Johnson, I. J. Harshbarger, C. S. Hensley, W. L. Thompson, E. Herrenkohl and Thomas Childers.

Brakeman Rodgers Hurt.

Wednesday night, at Fairmont, Brakeman John Rodgers was painfully injured, his head being cut and internal injuries feared. Rodgers is a resident of Benwood Junction.

FOR CHILDREN

Nothing, that comes in a bottle, is more important for children than Scott's emulsion of cod-liver oil.

And "important" means that it keeps them in even health. Whenever they show the least disturbance of even balance of health, it promptly restores them.

It is to be used as a food, whenever their usual food does not quite answer the purpose of food. We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

...SOCIETY...

The Arion Society—including the singing and literary sections and the ladies—have arranged an elaborate entertainment for the night of Monday, December 31, ushering in the New Year and Century. A large number of invitations have been sent to the friends of the Arion in Wheeling and neighboring towns, and this will be the most pretentious entertainment of the night in this vicinity. The programme will include musical and literary numbers, to be followed by an informal reception by the ladies of the Arion, who will distribute handsome souvenirs of the occasion. At midnight, the assemblage will join in singing "The Chapelle," a song known to all Germans for its significance on New Year's eve. Then will follow supper and dancing. The committees in charge have issued a handsome souvenir programme, giving a roster of the Arion membership, names of departed members and a business calendar of Arion members only.

Miss Elizabeth, the daughter of Mr. and Mrs. Frank Stamm, entertained a crowd of her young friends at her parents' apartments at the Stamm hotel, yesterday afternoon. Various games were indulged in by the merry children and luncheon was served.

Last evening Welcome Lodge No. 6, A. O. U. W., entertained members and friends with one of their famous monthly "snacks." Members of Dakota Lodge, of Bellaire, were the guests of honor upon this occasion. This lodge has made a great gain in membership in the past month, including many young men. Welcome Lodge invited the Bellaire Workmen to pay a fraternal visit, that they might become better acquainted. There were also present members of the sister lodges in this city and vicinity. A most enjoyable evening was spent.

Last evening, at her home, on the South Side, Miss Annie Shaffer delightfully entertained a number of her friends. Music and dancing were the principal diversions, and at the conventional hour a delectable luncheon was served.

The entertainment given at Arion hall last night by the ladies of the Hebrew Temple was an unqualified success. The affair was given for the purpose of raising funds for improving the vestry rooms, and a large sum was realized on the affair. The first part of the programme consisted of a piano duet, by Mrs. Ella Horkheimer and Mr. Sara Adler, a recitation by Miss Estella Kraus and a violin solo by Miss Ida Rice. All the numbers were well rendered, and received hearty applause. The wax works followed this. This part of the performance consisted of different personages of history, represented by children, as well as a number of mythological characters. The first act consisted of a visit to the court of England, followed by a representation of "Mammy and Her Pickaninies," a ludicrous feature, which provoked laughter from the audience. The other acts were "A Farmer's Visit," and "A Visit to Hogan's Alley." The children were appropriately costumed, and the whole performance was one of great merit.

The Young People's Dancing Class was entertained at the auditorium of the Carroll Club last evening, and the affair was devoted a delightful success by those in attendance. Dancing was the diversion, and the young folks tripped it to the exquisite strains of the piano, presided over by Miss Bertha Schrader, until 1 o'clock this morning. At 11 o'clock the guests repaired to the dining hall, on the lower floor, where a delectable repast was served.

The Arab Patrol, Osiris Temple, Order of the Mystic Shrine, give their entertainment at Arion hall this evening. The first part of the programme will consist of the performance of the International Grand Operatic Company, which will be followed by dancing. Supper will be served in the dining room at midnight.

A Twentieth century reception in honor of the members of Black Prince lodge No. 19, Knights of Pythias, will be given at the Pythian castle on the South Side. A dance programme of twenty-four numbers has been arranged.

Elaborate preparations are being made by the members of the Carroll club for a phantom dance to be given at the auditorium, New Year's eve. All sheets will be gathered in white, and a head covering in order to make the affair as weird as possible. The ghosts will dance between the hours of 8:15 and 11:30, when the affair will come to a close in time to permit all desiring to do so, to attend midnight mass at the Cathedral. The Opera House orchestra will furnish the melody.

Arrangements for the minstrel show to be given by the members of the Carroll Club on the fifteenth of next month are going on apace. Those who will participate are rehearsing diligently, and a great exhibition of songs and stories by burnt cork artists may be expected. Those who will take part are as follows: Charles Swan, George Gehring, George Sonnefeld, Harry Wain, W. C. Gundling, Walter Cochran, Gus Weltzel, Charles Ray, Charles Dick, George Hervey, Robert Farley, A. L. Carney, Albert Flading, John Brady, Dr. O'Kane, John J. O'Brien, W. C. Handlan, Vincent Owens, Bernard Handlan, W. Kenny and C. J. LaRoche.

Sued for \$20,000 Damages.

Yesterday before Judge Melvin, in the circuit court, D. Board, through Attorneys Arnett and Dobbs, filed a suit against James Henry and Mrs. C. D. List for \$20,000 damages. Henry has attached Board's wages a number of times and as the latter is a conductor on the Baltimore & Ohio railroad, he has been suspended and virtually dismissed from their employ. Mr. Henry acted as agent for Mrs. List, in whose house Board resided and the attachment was made for rent due. The claim is made on the grounds of malicious prosecution.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected part is superior to any plaster. When troubled with lame back or pain in the side or chest, give it a trial, and you are certain to be more than pleased with the prompt relief which it affords. Pain Balm also cures rheumatism. One application gives relief. For sale by druggists.

AMUSEMENTS.

The Great Lafayette.

The Great Lafayette's vaudeville show opened a three nights' and Saturday matinee engagement at the Opera House last night before a large and mightily pleased audience. This is one of the best vaudeville shows ever seen in Wheeling, and crowded houses will be the rule for the entire engagement. The star feature, of course, is Lafayette himself, who captured the audience by storm with his travesties on Soud and Ching Ling Foo. He is at once a magician, an impersonator, a travesty artist and other master in other and similar lines. His substitution act, in which he passes himself off as his assistant and seems to have a double personality is not approached by any other entertainer, it is claimed. The other star feature was the rebounding billiard table act by its originators, Kelly & Ashby, which was cut a little short by the unfortunate accident that befel one of the team in crashing through the table at one side. To-night, however, the act will be seen in all its completeness. The other features were equally as good.

"The Katzenjammer Kids."

"The Katzenjammer Kids," Blondell & Fennessy's newest creation, will be seen at the Grand Opera House, commencing Monday. "The Katzenjammer Kids" have been made famous by the funny cartoons appearing weekly in the New York Journal, and if the comedy proves half as laughable as the illustrations a merry jumble of mirth and melody will be the result. The Blondells are capable artists, and were last season among the most successful stars on the road. Manager William Fennessy has surrounded them with such capable people as Mudge and Morton, M'lie Bertini, Bekert and Heck, Little and Pritzkow, Henry Bergeman, Henning Trio and many others.

Seabrooke in "The Rounders."

The management of the Opera House particularly calls attention to the fact that the curtain on New Year's night will rise at 8 o'clock sharp, owing to the length of the performance and the elaborate stage settings of "The Rounders" company, which will be seen on that evening. This is said to be the best comic opera ever offered by Comedian Thomas Q. Seabrooke in his long and immensely successful career. This organization is the largest that has visited this season, and travel by special train wherever they go. It requires two coaches and three baggage cars to transport the company and its effects; eighteen extra stage hands are required to handle the scenery alone. There will be sixty-five people in the production, and the press of every city where "The Rounders" has appeared, unite in saying that it is one of the most magnificent productions on the road.

Aubrey Dramatic Company.

It is seldom that a repertoire company attempts such an expensive production as "Faust," on account of the electrical effects and special properties which are necessary, but the Aubrey Dramatic Company gave a first class production of the play at the Grand Opera House last night. The audience was more than pleased. The work of the cast was almost beyond criticism. This afternoon the company will repeat "We Uns of Tennessee," which was the Christmas night bill, and to-night "Sappho" will be again presented.

THE ANDERSON CASE.

The Elm Grove Marshal is Out on Bail—An Indictment.

Ex-Town Marshal John Anderson, of Elm Grove, was arrested on the charge of embezzling \$400 from the town while acting in his official capacity, and was released on bond by Squire Rogers. Prosecuting Attorney Nesbitt said yesterday that he would make a presentment of this case to the criminal court grand jury, which will be called January 7, and it is expected an indictment will be found. The alleged embezzlement is claimed to have been the withholding of monies collected on town taxes. Anderson reported a small sum collected and failed to turn in the unpaid bills for the amount outstanding. An investigation showed there was but a small amount outstanding, and that Anderson had not reported about \$400 in collections.

How to Cure Croup.

Mr. R. Gray, who lives near Amelia, Dutchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup, and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind, and a bottle of the Cough Remedy kept at hand, ready for instant use as soon as these symptoms appear. For sale by druggists.

The last meeting of the present board of commissioners will be held next Monday. The new board will meet the following Monday to organize, when the Republican caucus selections will be formally elected.

THE RAILROADS.

Nearly 4,322 miles of new railroad were constructed in the United States during the present year. This is 265 miles more than were built during 1899. At the beginning of the year it was freely predicted that there would be at least 5,000 miles of new road built during the twelve months. The high price of steel and the great amount of work necessary to reduce grades and eliminate curves has prevented much new mileage. The Railway Age, in its next issue, will say: "The south and southwest continue to be the scenes of greatest activity, although there have been many important lines built in the west and north-west. Twenty-one states west of the Mississippi river have built 2,412 miles of new line, or more than one-half of the total for the entire United States, while the states east of the Mississippi and south of the Ohio have added 1,126 miles. Fifteen southern states show an added new mileage of 1,716 miles. The New England States, with Pennsylvania, New York and New Jersey added, show an increase of 368 miles, while the central northern states of Wisconsin, Michigan, Illinois, Indiana and Ohio have added 411 miles. The states in which no new road is reported are Massachusetts, Connecticut, Rhode Island, Delaware, Kansas and Nevada. Kansas leads all other states in the union with a total of 318 miles. Pennsylvania comes second with 277 miles, Iowa third, with 267 miles, Minnesota fourth with 261 miles, and West Virginia fifth with 225 miles. These are the only states showing an excess of 200 miles. The greater portion of the new mileage in Iowa has been constructed by the Northwestern (133 miles) and the Rock Island (105 miles), the Minneapolis & St. Louis and Burlington, Cedar Rapids & Northern also having made short additions. In Minnesota 158 miles have been built by three companies—the Northwestern, 71 miles, the Burlington, Cedar Rapids & Northern, 68 miles, and the Minnesota & Manitoba, 44 miles, the last named road being a link in the new Canadian Northern system. The longest stretch of new track, 142 miles, has been built by the St. Louis & San Francisco, and its extension from Sapulpa, I. T., to Denton, Texas."

THE PENNSYLVANIA CHANGES.

The directors of the Pennsylvania company, which controls the lines of the Pennsylvania railroad west of Pittsburgh, have re-established the office of fourth vice president, which was abolished in 1897. L. F. Loree, the present general manager, was elected to the office. G. L. Potter, general superintendent of motive power, was appointed to succeed Mr. Loree. The general engineering department of the Pennsylvania and the Pan Handle were consolidated. Thomas H. Johnson, of the Pan Handle, was appointed consulting engineer of both companies. Thomas Rodd, chief engineer of the Pennsylvania company, was made chief engineer of both companies. Robert Trimble, formerly principal assistant engineer of the Pennsylvania company, was appointed principal assistant engineer of both companies. R. F. Smith, present superintendent of the voluntary relief department of the Pennsylvania company, who will be retired on a pension January 1, will be succeeded by Frank C. Thayer. G. L. Peck was appointed general superintendent of the southwestern system, to succeed John F. Miller. W. C. Cushing was appointed superintendent of the Pittsburgh division, to succeed Mr. Peck. James McCrean, first vice president of the Pennsylvania company, will be in charge of the executive department of both roads. Joseph Wood will have charge of the traffic department, and Mr. Loree will be in charge of transportation. J. T. Brock will have charge of the treasury, law and real estate departments.
