Its avectness, purify, and freshness, make its rare-ly distasteful to the most deficate patient; while the uniformity of its mode of preparation makes it the most desirable brand of 01 in the market.

The uncertain quality, and defective manner of preparing Cod-Liver 011, have pre-inded many suffering persons from rightly appreciating its merits: we fully testing its remedial virtues. While its success depends mainly on the employment of a genuine and powerful article, no advantage will result from a single trial. In general it operates in a very grading manner, requiring a long persoverance in its use. It must not be taken, only constantly, or irregularly, but persevering and steadily, continuing its use even after apper one of 011, while the diseased patient has a guarantee, that, in using it, he is taking a medicine, the virtues and efficacy of which have been tested by eminent medical lien.

It is the most effectual remedy for Consumption. Bronchitis, Ashma, Gout, their mathem, and all Scrutiulous affections of tentimes producing immediate and carriain effects when other remedies have been taken with little or no benefit.

I sent to Cincinnati and got it, and used it till if cured me. I took it, as you advise, in small doese of a teaspoonful over a month; and used almost three bottles.
