O'er the far waters float the boatman's wing.
Timed by the flain fall of the distant our.
The fiful surges roll their waves along.
With hoars and wrathful nuturing to the shore,
With hoars and wrathful nuturing to the shore,
Through the rent woof of fleety clouds afar,
Steals on my soul like evening's holy close,
The lovely lustrous light of a lone star.
Heralding the Night Queen to her sweet repose;
Yet all this fairy seens light of a love surger,
No baim to bring my burdessed heart relief,
Sitting alone at midnight's witching bour,
Bowed by the spell of an o'ernast ering grief,
While half the world lies wrasped is slumber deep,
Caim as the Moon's pale beams that on these water

Obi come to ma, and bring with thee,
The sunny sur like of former years.
If smiles so bright can fend that light,
To cheer a brow long wood to tears.
I will not let one and regret,
A gloomy thought our meeting chill,
But for thy sake I'll strive to make
This altered cheek look cheerful still.

But if the gloom of life is come,
If smiles have now foraken thee,
If smiles have now foraken thee,
Then let not price stempt to hide,
The dreary change, but come to me.
If thou art gay, I will not say
A gloomy word to cause w test;
If thou art and I'll with I had.

A gloomy word to cause a tear; thou art sad I'll wish I had A brighter home for one so dear, The friends we love, not those we mourn.
We'll not destroy a present joy.
Lamenting those that ne'er return—
The arisent rays of early days;
And shilldhoods bloom, we ne'er may see;
But days of bright and pure delight
May be in store, then come to me.

IN PLEASANTS COUNTY, VA. TWO MILES BELOW St. Marys, the subscriber, Francis Wood, offers for sale a tract of lard, supposed to contain fifty acres, more or least, lying near the mouth of Freuch Creek. The land lays well to make a convenient small farm, all cleared and fenced and in a good state of cultivation and 12 acres sowed in timothy, all rich, and the oil running out of the ground and in the creek near by. Auy person whining to purchase such a piece of land would do well to see it soon. He may find the subscriber at his residence at Newport, Ohio, or on his farm at French Creek, Pleasants county, Va., two miles below St. Marys.

SECRET OF BEAUTY. SECRET OF BEAUTY.

I ARD'S BLOOM OF YOUTH or LIQUID PEARL, for beautifying and preserving the complexion and skin. This invaluable and wonderful toilet article was discovered by a celebrated chemist in France, some years since, and it is to him that all the Courts of Europe, at the present age, owe all their beauty and loveliness. This preparation, with all its simplicity and purity, there is no article that will compare with it as a beautifier and preserver of the complexion and skin. Mr. Laird procured the receipt of him some two years since: he has, during that time, given it a perfect trial amonget his own personal friends and the articorratic circles of New York City, who have used it with unqualified admiration, so much so that they would consider the toilet imperfect without this valuable and parely harmless preparation. Just Published, in a Sealed Envelope

The proprietors and manufacturers of HOSTET-TEL's CKLEHRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a regulation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bere sesention or blatoning puffery. The consumption of Hostetters Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is stident that during the coming year the consumption will resch near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the continty where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimoulals to its effi-WINTER SCHEDULE.

cacy in all cases of stomachie derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the quality of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hosterter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billions complaints have counted their victims by hundrades. To be able to state confidently that the "Bitters" are a certain core for the Byes — insued like diseases, is to the proprietors A sou Tunalloyed pleasure. It removes all morbid rown in and like diseases, is to the proprietors A sou Tunalloyed pleasure. It removes all morbid rown the atomach, purified the blood, and it is renewed vitality to the nervous vistems, givin—this tope and energy indispensable for the restor ion of health. It operaties upon the stomach, liver, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in its astification possibility-adapted to comfort deciling-years, as it is plossaut to the polate, invigorating to the bowels, excellent as a tonic, and requesting generally. We have the evidence of thousands of aced men and women who have experienced the benefit of using this preparation while suffering from atomach devangements and general debility; noting under the advice of physicians, they have abaptioned all delictrous drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harseling that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is an to forget her own health in her extronic anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is guerally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to hear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent Increase of bodily strength.
