SOOTHING SYRUP FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pair and spasmodic action, and is Sure to Regulate the Bowels.

Depending out, and health to your infants.

We have put up and sold this article for over ten years, and on say, in confidence or 'i-rath of it, what we have never been able to say of > her medicine; NEVER HAS IT FALED, IN A SINGLE IN-ANCITO EFFECT A CURER, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience and pledge our reputation for the fulfilment of what we here declars. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERILENCED and SKILFUL NURSES in New England, and has been used with neverfailing success in

THOUSANDS OF CASES. It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will relieve

Griping in the Bowels, & Wind Colic and overcome convulsions, which, if not speedily remedied, end in death. We believe it the next and surest exact in the World, in all cases of DYSENTERY AND DIARRHEA IN CHILDREN, whether it arises from teething, or from other cause. We would say to every mother who ans a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between you and your suffering child, and the stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used Full directions will accompany each bottle.
