A PROTRACTED MEETING at the Disciples' Meeting House, Market street, Centre Wheeling on next Friday evening, the 23d inst., at 7 o'cleck. The public are respectfully in-vited to attend. oct19-1w

THE ELECTION .- The election yesterday passed off with exceeding quietness. The vote is scarcely one-third as large as at the last election. There appeared to be no contest whatever between the candi-

The vote of the soldiers is included in the Court House returns. Almost eight hundred soldiers' votes were left at the Court House, which, upon being opened, smelled very strongly of fraud. They were principally for De Hass and nobody knows who they are, where they voted, what regiment they belong to, or whether they belong to any. These votes were not counted, but were put aside for further investigation. Below will be found the result as far as ascertained :

J. H. Atkinson.. 98 342 161 150 112 22 HOUSE OF DELEGATES. E. Day, 6t....... 96 809 161 148 707 J. D. Ma 11 co. dist. 74 210 139 134 89 A. D. Bedmion " 21 102 12 12 14 The delegates elected are Messrs.

Lamb, Ross and Logan. Mr. Atkinson having no opposition is slightly ahead .-Elijah Day is elected as assessor for the city district, and J. D. Maxwell for the country district. Willis De Hass, who was a candidate for Congress, got thirty-five votes in the city all told.

BOT THE CHANGE OF POLICY QUESTION .-It will be recollected that some time ago a joint committee was raised in the Legislature to see what steps should, and can, with propriety be taken to insure a more efficient defense of the persons and property of citizens against the common enemy including guerilla bands by whom so large a portion of our territory is now infested. Two reports have since been made. The

majority of the committee reported that "it is inexpedient at this time to legislate upon the subject."

The minority report expresses great confidence in the ability of the government to protect us, and goes on to say that "about one thind of the counties of the State lying on the border or frontier, are now in the hands of the rebels, and much that remains, especially the interior, is almost constantly being raided and infested with guerrillas Many of our loyal citizens are being dragged from their homes by lawless thieving bands, and incarcerated in the filthy prisons of the South, for no other crime than love of country, their property is being carried off, stores robbed, and the families of many soldiers now fighting for their country, are left destitute and in want .-Many of the loyal citizens so exposed are compelled to leave their homes and escape for their lives, and some are leaving the State. Those marauding bands are organized and set apart by rebel Letcher as and they are governed by no law of war

mountain rangers, whose pay is their booty, nor common decency. We feel that the policy adopted by some of the commanders of this department is not calculated to prevent raids, and the carrying on of guerrilla warfare. We would respectfully suggest that a more vigorous policy should be adopted; we are confident that the plan of inactivity, and treating of bushwhackers and guerrillas with kindness is but to encourage them; it has become a common saying that the best protection is to the rebel and rebel sympathizer. We feel that the voice of the loyal people for a change of policy or a change of commanders for this department is no longer to be disregarded by us. Our Governor, in whom we have great confidence, we believe is doing all that he can for our protection, but it is beyond his power to correct the evils that exist; therefore,

"Resolved by the Legislature of West Vir ginia, That our Governor be requested to lay before his Excellency, the President of the United States, the foregoing preamble and this resolution, and carnestly solicit his excellency to give us a change of com-manders for the Department of West Vir-ginia, or a change of the policy as set forth in the above preamble."

The two reports will shortly be called up for consideration, when a lively discussion may be anticipated.

BET THE RIVER .- The river was still rising slowly yesterday and there is now a sufficient amount of water to let out the smaller boats. The Savannab, that has been aground at the Sisters for a long time, expects to get off with the present rise. The Gem, Capt. Russell, left yesterday for Cincinnati. The Parkersburg pack-

ets will resume their trips to day.

The steamer Reserve will leave for Parkersburg to-day at 10 o'clock.

All our informants state that Lee's and Stuart's forces numbered over 70,000 men. With this force it sounds strange to have them falling back. It is said the want of supplies is the cause, but when they get within reach of transportation they will nake a stand.
