THREE HUNDRED DOLLARS COUNTY BOUNTY

## Ten Dollars from Citizens' Fund PAID CASH IN HAND

To each acceptable recruit—until the quota filled—mustered to credit of Ohio County.

IN ADDITION

TEN DOLLARS PAID TO ANY ONE PRESENTING AN ACCEPTA-BLE RECRUIT.

BOY EAST WHEELING .- To-day our Collector will begin his regular collections in East Wheeling.

THE funeral of the late Alderman William Robertson took place yesterday, The Council convened and attended the funeral in a body. The funeral was also attended by all the city officers.

CORRECTION .- In noticing the late guerrilla raid into Newark, Wirt county, we stated that the loss of Mr. Foster, whose store was robbed, was about one thousand dollars. Mr. F.'s loss will not fall much short of twenty-five hundred dollars.

WE notice that Capt. Wesley C. Thorpe, 13th United States Infantry, formerly mustering and disbursing officer at this post, has been appointed Acting Assistant Inspector General of the Military Division of the Mississippi, headquarters

WE learn that the journeymen tailors of the city are on a strike. They no fresh air but on Sundays; can't breathe contend that they are not at present recelving as much for their labor as other verish, feel a little chilly; feel very lazy; mechanics, and they think that their demands are no more than just. We do not intend nursing myself to-day; new bonnet understand the merits of the strike, but we do know that it takes a big pile of ing down stairs; got a new novel, must be greenbacks to buy a suit of clothes at

THE BRASS BAND attached to Carlin's battery came over to the city on Tuesday evening and serenaded the citizens generally. The band made very good music and attracted many people wherever it went .-It is composed of young men belonging to sermon it is too frothy; can't bear a writthe battery and it is very creditable to the ten sermon, too prosy; nobody to-day but musical ability of the members, many of our own minister, can't always listen to whom have had but very little practice as the same preacher; don't like strangers

A SLAUGHTER OF HOGS .- The other day, as the train from Washington was coming down over the Hempfield railroad, the engine ran upon some six or seven hogs that were foolish enough to be hunting grains of corn on the bridge over Wheeling creek at Elm Grove. Two or three of the porkers were killed outright. and the rest were knocked into the greek. If the train had been thrown from the track, which luckily was not the case, it would have been a great disaster.

THE new buildings which are being erected by Pryor & Frost, on Main street, near the Baltimore and Ohio railroad depot, are progressing as rapidly as possible. Mr. Van B. Goudy is the contractor. The buildings will be 66 feet front, 122 feet deep and three stories high, of 15, 12
and 10 feet. They are to be completed by and 10 feet. They are to be completed by the 1st of April and will be an ornament to that portion of the city, and creditable nett, Robert L. Cooke, Ohio county. alike to the enterprise of the proprietors and the skill of the builders.

RUNAWAY ACCIDENT-Two PERSONS INJURED .- On Tuesday evening, as Mr. Allen Davis was going home in his carriage. his horse got frightened near Elm Grove and ran away. Mr. D. was accompanied by his wife and an old lady whose name we did not learn. The vehicle was upset and all its occupants were thrown upon the road side. Mr. Davis received a severe cut upon the head and was otherwise injured. Mrs. D., who is in bad health, was so severely injured that it was feared she could not recover. The old lady was only slightly hurt. The horse ran on with the vehicle, and up to a late hour in the eve-ning had not been found.

TEN DOLLARS MORE .- Marshall and other counties having agreed to pay a bounty of \$310 for volunteers, it is an nounced by our Military Committee that besides the \$300 cash down, paid by Ohio county, \$10 additional will be paid from the citizens' private fund, to each accepted recruit mustered to the credit of Ohio county. All persons, therefore, who enlist and credit themselves to Ohio county, will receive three hundred and ten dollars, cash in hand, besides the Government bounty and every person presenting an accepted recruit will receive twenty dollars, ten from the county and ten from the citizens'

HOW TO PREVENT BURGLARIES .- A great proportion of the hotel robberies and burglaries on stores and private houses, are committed by picking door locks with a skeleton key, or where the key has been left in the door by turning it with nippers or an "outsider." To frustrate the efforts of burglars in these attempts, all that is necessary is to simply lock the door, leaving the key in the lock, and passing through the handle of the key both ends of a piece of wire, bent in the shape of an elongated letter U. and suspended from the door-knob. The key being in the lock prevents the use of a "skeleton," as does SOFT HATS—Received this day a large lot prevents the use of a "skeleton," as does the door-knob. The key being in the lock the wire the use of an "outsider."

FAMILY MARKET .- There was another very good market in the Second Ward resterday morning. Tomatoes sold at 40 cents a peck, which is just what had to be paid for a bushel a couple of years ago .-Potatoes brought 40 and 50 cents a peck and green corn 15 cents a dozen. Onlons were 40 cents a peck; apples, 30 and 40 cents a peck; cabbage, 5, 10 and 15 cents a head, according to size. Lima beans sold for 10 and 15 cents a quart, and egg plants 20 cents apiece. Water-melons brought 20 and 30 cents, and cantelopes 10 and 15 cents. Butter was 50 cents a pound and scarce at that. Eggs were 15 cents a dozen. Sweet potatoes sold at \$1 per peck. Beefsteak, mutton, veal cutlets and pork 15 cents a pound, and lard sold at 20

THE RIVER IS now in a fine navigable state for all classes of boats. We had a slight rain yesterday and the weather was cloudy during most of the day.

The Minerva will leave for Pittsburgh his morning at 8 o'clock. Capt. Campbell Sweeney's new packet made a trial trip to Moundsville and return. He is very much pleased with the manner in which every part of her machinery works.

Mr. William Cecil, Clerk of the steamer Peerless, is in the city and gives notice of the coming of that magnificent packet .-She will leave next Monday for Louisville after which will resume regular trips between this place and Cincinnati, leaving here every Saturday, and Cincinnati every Tuesday evening.

Arrivals .- The steamers Minerva, from Pittsburg; Roanoke, from Cincinnati; and regular packets from Sunfish and Parkers-

Departed .- Rosnoke for Pittsburg.

#### Afternoon Report.

From the Potomac Army. New York, August 24.—The morning apers contain very little news in addition o what was telegraphed last night. The Herald's 10th corps correspondent, says, our forces were withdrawn from Deep Bottom on the night of the 30th. An important co-operative movement by the 10th corps commenced this morning, details of corps commenced this morning, details of which will reach you at the proper moment.

WASHINGTON, Aug. 23, P. R.-The Star of this evening, says when the boat left City Point yesterday morning, Warren was warmly engaged with the enemy, who was trying to dislodge him from his position on the Weldon rail road. His position is so much strengthened as to be deemed impresentable.

as but strengthened as to be deemed impregnable.

A Times special dated Washington, Aug. 23, says that it is reported by officers just arrived from the front, that an attack was made on Sunday upon our left by the rebels in which they were handsomely repulsed. The rebel General A. H. Hill, was knocked from his horse by a piece of shell and badly wounded, and that Gen. Heath and Fits Hugh Lee, son of the rebel captain, were

HEADQUARTERS ARMY OF THE POTOMAC, Aug. 23.—The enemy early yesterday morning disappeared from the front of the 5th and 9th corps on the Weldon railroad, and it is believed that the attempt to re-gain this important line of communication has been abandoned, and the enemy are fortifying their right flank to resist an attack in this direction. They may be pre-paring to make a dash on our lines in some other direction.

The wet weather is making travel very difficult.

Several deserters have come in, some or whom think that the end of the struggle is near at hand, and they believe that Peters burgh is now within our grasp and will be in our hands at an early day.

Rebel Treachery. New York, Aug. 24.—The Herald gives the following particulars of the rebel Gen. Haywood's treachery, in the battle of the

The rebels found themselves under a quadruple fire of musketry and artillery, which caused them to throw down their pieces and throw down their arms in token of surrender. Gen. Outler sent Capt. Da-ley, of his staff, to receive them as prison-ers. Our men having ceased firing, Daley told Haywood that he had been sent to receive him and his brigade as prisoners. Without saying a word, Haywood drew his revolver and shot Capt. Daley. The Captain lived only half an hour, but long enough to make his statement.

Haywood followed the shooting of Daley by calling upon his men to pick up their muskets and follow him back, which order

they attempted to obey.
Our men again fired, when they again Our men again nred, when they again threw down their pieces, and this time gave themselves up as prisoners. This second volley added large numbers to their killed and wounded, among them Haywood, who was shot through the bead. The prisoners numbered between five and air handred. After two hours' fighting six hundred. After two hours' fighting the battle ended. The same correspondent states that the

rebels report that the rebel Gen. Hooke was killed on that day. From Harper's Ferry. New York, Aug. 23.—Dispatches to the Herald, dated Harper's Ferry, August 22d,

11.30 a. m., say.
Skirmishing commenced very early this morning on the right and extended along the whole line. The rebels made several charges which drove our lines in, and were rapidly driven through the town out on the Harper's Ferry pike. The rebels fol-lowed. The whole army is now strongly posted on the heights in the rear of this place. The enemy is close upon us, but seeing us se thoroughly prepared they may not risk an engagement. Should they do so, your readers may look for some very

encouraging news. BALTIMORE, August 24 .- Reports have been received here by way of the Northern Central Railroad that the rebels have crossed the river. The reports need con-firmation. Nothing direct has been received from the Upper Potomac.

The Richmond Dispatch of August 20th

has the following:
"The most important news we have from this point is that a force of the enemy has advanced from Pensacola towards tion from the Upper Potomac show that the Mobile Bay. We had previously heard report of the rebels having crossed the this as a rumor, but preferred awaiting a confirmation before making it public."

# Last Night's Report.

Rebels Abandoned the Weldon Railroad. New York, Aug. 24.—A special dispatch to the Commercial Advertiser, dated Washington, August 24th, has the following:

Advices to-day from the Army of the Potomac state that Gen. Warren is missing. We made a reconnoissance yesterday towards Petersburg and ascertained that the rebels had fallen back to their works at that place, thus abandoning the Weldon Railroad to its fate. The expedition sent Railroad to its fate. The expedition sent down the road yesterday pulled up rails and destroyed bridges to the extent of

thirty-five or forty miles.

LATER.—Our forces have advanced on the Weldon Railroad to within two miles of Petersburg without opposition. The rebels have retreated within their earthworks and no longer dispute the possession of the Weldon line. The Danville road is naturally the next point of contention, and it is reported this morning that a cav-alry dash in that direction has already been made. The news received here to-day from

Sherman's department is exceedingly sat-isfactory. His plans for the reduction of Atlanta are said to be working to the best advantage, and there is abundant evidence of a considerable degree of demoralization

among the rebel troops.

It is asserted here this morning with a degree of plausibility, that Hooker will be immediately put in the field with an important command. Government dispatches were forwarded to him to-day.

Latest from Sheridan. PHILADELPHIA, August 24.—The Bulle-

tin has the following special from Har-per's Ferry, dated Aug. 23:

The position of our army is still un-changed. A strong line of entrenchments has been thrown out in front. Desultory skirmishing could be heard all day yester-day, and this morning it broke out. With day, and this morning it broke out with redoubled vigor in front of the 19th corps, which is holding the centre; nothing of

river, although our latest news from Wil-Hamsporl, says they have not yet crossed the Potomac. Guns could be heard yes-terday up the river, supposed to be Averill shelling the woods in the direction of Sharpsburg. Our army is lying quietly in their entrenched camps. Gen\_Max Weber has been relieved from the command of Harper's Ferry and ordered to report for duty in the department of the Susquehan-ns. Gen, Stevenson now has command of Harper's Ferry. river, although our latest news from Wil-

na. Gen. Steve Harper's Ferry. More Peace Negotiations.

New York, Aug. 24, 3 p. m.—Rumors are current here and believed in the best financial circles, that the government has decided to send five commissioners to Rich-mond, three Republicans and two Demporats, there to arrange preliminaries fo peace. It is also rumored that the commis-sion is on its way to Richmond. This ru-mor is said to have had a sensible effect on the Gold market, causing a decline of som four per cent.

The 147th Ohio Regiment of 100 day's men passed through Washington on their way home, their time having expired.— They paid their respects to the President, who thanked them for the service they had rendered the sountry.

CAIRO, Aug. 24 .- The Bulletin says that he rebel force which entered Memphis on Saturday morning consisted of nine regi-ments of cavalry, and four guns, under Forrest in person. Only half of the com-mand entered the city, the remainder stopping outside to prevent their retreat being cut off. They captured about 250 prison-ners, mostly one hundred day men, many of whom escaped; the others were murder-ed. The rebels fired on the patients in the hospitals, shot several sick soldiers,

captured others who were unable to keep p with the cavalry, and killed them.

But for the action of the 8th Iowa, the prisoners in the City pri-on might have been released and the Bulletin office sacked. The rebels suddenly left the city, about 6 o'clock, followed by a considerable force of our troops, and a fight occurred near Lane's, lasting two bours, in which the

nemy were severely punished and driven ff. It was here that Cols. Starr and Kendrick were wounded. drick were wounded.

In coming through the lines the rebels captured two guns, a portion of the 7th Wisconsin battery, and a number of 100 days men, but were obliged to abandon the guns on their retreat.

After the retreat Forrest sent a flag of

truce, asking an exchange of prisoners, which was declined. Lt. Harrington, of the 3d N. J. Artillery, was killed in the Gayoso House, Major Lansing, of the 4th colored Artillery, and Lieut. Kinsey, member of Wasburn's Staff, were captured.
