Hoofland's German Bitters! (PURELY VEGETABLE.)

Hosts of ignorant Quacks and unscrappions adventurers, have opened upon suffering humanity the flood-gates of Nostrumen in the shape of poor whisky, viles, compounded with injurious drugs and christened Toulcs, Stomachics and Bitters.

Beware of the innumerable array of Atcoholic preparations in plethoric bottles, and high-bellied preparations in plethoric bottles, and high-bellied acqs, under the modest appulation of bitters, which instead of curing; only aggravate disease, and leave the disappointed sufferer in despair.

HOOFLAND'S GERMAN BITTERS

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their Ingredients and effects, I yet know of no enfi-cleat reason, why a man may not testify to the benfit he believe himself to have received fromany simple preparations, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. O. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly as alcoholic mixture. I am indetted to my friend Mobert Shoemaker, Keq., for the removal or this prejudice by proper tests and for encouragement to try them, when suffering from great and long continued debility. The tase of three bottles of three Bitters, at the beginning of the present year, was followed by wright relief, and restoration to a degree of bodily and mental vigor which I had not full for aim months before and had almost deto a degree of bodily and mental vigor which I had not felt for six months before and had almost dispaired of regulating. I ther ";" in 6 do and my friend for directing me to the use of them.
