FROM THE HILL TOPS.

"Troupe" on a Trip—Flower Gardens—Full-Blown Roses for the Third Time—Personal and Other Items.

Lovelandville, Oct. 8th 1900.
sent no report to Press and Banner last week, therefore what follows, will be the events in part of the last two weeks.
Mr. Louis Bell, who is engaged in business at Abbeville, came up last Saturday was two weeks ago, to spend a few days with the family at his father, Mr. E. A. Bell.
Mrs. T. Baker, Mrs. J. B. Franks and Mrs. W. C. Tennent, spent several days last week part of their time in shopping, and in attending the millinery openings, which took place during their stay in that thriving city.
Mr. R. L. Smith, who a short time ago went to Augusta to serve as bookkeeper for one of the largest dealers in merchandise, had to resign his position, because the duties required of him were injuring his eyesight and came home.
Miss Genevieve Marchant and her daughter, Miss Genevieve Marchant, left a few days ago for Rock Hill, where the latter named will enter Withrop College, having been so fortunate in a competitive examination as to gain a scholarship.
Mr. R. E. Moseley who has been in business in Columbia, S. C., for sometime, because of sickness came home a few days ago and will remain till his health improves.
Mr. C. E. Cobb of Anderson, was down on business for a day or two last week.
Mrs. D. L. Barnes spent a day with her family with the family of Prof. J. F. Harper, at Abbeville.
Mr. and Mrs. A. V. Barnes went to Deana, to the home of Mr. Will Mattison, their registered wife, where they remained for a day or two.
Dr. J. D. Wilson, a few days ago treated a case of a fine horse and top buggy. It had been his first indulgence in such luxuries it might be supposed to indicate a very important change in his life's relations, but if such a change is in the near future, it is a few days ago a negro boy nearly got shot, (of course) an unloaded pistol. He was so much pleased with his new roses, soon out to see that he might hear it better, it, as might have been expected "went off." The ball with which it was loaded, went into the bushes into his month, then he was so badly scared that he swallowed it. That by no means, lessened the scare. He got sick, and vomited out the ball. He was in town Saturday and said that he felt all right.
Mrs. B. F. Rice, of Reids, spent last week with the family of her sister, Mrs. A. E. Moorhead.
Mr. L. J. Moorhead, of Chester, paid a brief visit to his day and night, to his old home here last week.
Mrs. J. Hart Baskin, returned from a month's visit to her sister, living in Chicago, last week.
Misses Mamie and Laura Baskin who have been in the city for some time, returned to their home in this place last week.
Some of our good ladies have been rather severely rewarded this year, by some of their floral pets, Lee the roses. In the early spring they put forth leaves and buds, and ere long were full of full blown roses, soon these were withered—lost their beauty and fragrance, and even the bushes seemed to be nearly dead from the dry weather. In time, again came the buds, but not so big and new, and a new growth, which gave another crop of beauties. Another dry spell, more disastrous than the first, and was for the second time parched and burned up. About three weeks ago, a good rain again revived the bushes, they for the first time this year, are covered with tender foliage, and another fine crop of roses.
Last Wednesday morning a week ago, the writer accepted a kind invitation, from his young friend, Mr. W. W. Thompson to accompany him in a drive and was for the first time in the city, and a good team landed us at above named place in good time without accident, or incident of special importance. Self interest has called quite a number of old Abbeville's sons and daughters to that place. They are all so far as could be learned, proving themselves worthy citizens and well deserving of the high stand which they have taken. Anderson is a bustling city, she has grown wonderfully in the past few years. Quite a number of the up-to-date industries are being pushed for all that they can get, and it is not surprising, at least seems to be much in evidence. The writer spent ten days very pleasantly among friends, and old time friendships, and forming new, and is very grateful for the many kindnesses shown him. Troupe.

GRAND JURY PRESENTMENT.

October Term, 1900.

To His Honor the Presiding Judge: The Grand Jury beg leave to present their final report:
We have passed on all Bills handed out by the Solicitor.
We have examined the different county offices, and find them in good condition with the papers neatly kept. The following information is gleaned from the Treasurer's office:
From July 19, 1899, to Aug. 31, 1900, the ordinary county expenses amounted to \$16,417.66; roads and bridges, \$5,318.35; aggregating \$22,031.01. For maintaining the poor \$1,520.75 per annum. The number of inmates of the Poor House averaging 35.
About 7,788 children are attending the public schools throughout the county.
The 3 mill and Poll Tax raised the sum of \$22,908.19, equal to \$2.20 per capita.
Amount raised and disbursed in special school districts amounted to \$7,179.25.
From January 1st to September 4th, current year, receipts from the dispensary amounted to \$3,374.24.
The jail was found to be in good condition. The cook-house, well and drainage from the back lot need some attention.
The Poor House has been admirably managed. We repeat, however, our recommendation that some sort of shelter be provided for the protection of farming implements, wagons, &c., during the winter.
About 1,000 bushels of corn, 13,000 bundles of fodder, with fair crops of peas, wheat and oats have been raised on the farm.
We present Tom Hogan and Lizzie Nelson as living in a state of adultery upon the sworn testimony of S. A. Graves, who also furnishes the names of T. F. Ferguson, M. H. Wilson, S. A. Allen, J. D. Graves, Henry Owens and Abram Calhoun as additional witnesses.
We are informed that there is a mass of old equity records of untold importance lying in the office of Judge of Probate, having been rescued from the fire of 1872. We recommend that the Probate Judge be authorized to index and preserve these records, and that he be allowed adequate remuneration therefor.
Thanking his Honor and the Solicitor for courtesies extended, &c.
Respectfully submitted,
R. J. Robinson, Foreman.

THE DEVIL "FIRED" HIM.

An Editor Not Allowed to Go to the Final Resting Place of Delinquent Subscribers.

An editor died and wended his way to where he supposed a warm welcome awaited him. The devil, however, at the threshold, subject to disease, and are said to live 600 years. It is money well invested that will be hard for the boys to throw away. Single trees have been known to produce more than 800 worth of nuts in a year. The nuts have never been a drug on the market. Jamberg Bamberg, S. C. have these trees for sale. Their 1900 catalogue is now ready and can be had for the asking. It describes and prices every stock of fruit and shade trees, roses, verbenas, vines, etc. Mention this paper when you write. 41

Money in Pecans.

The best life insurance in the world is a pecan grove. That kind of an insurance company never bankrupts. The trees are not subject to disease, and are said to live 600 years.
