

LOWNESVILLE.

Improvements Here and There—Escape of a Convict—Visitors—Other Things of Interest.

A part of the gang known under Capt. J. V. Schoder is robbing and travelling the road side of the Loper place which has been a terror to all who had to pass over it during the winter for several years. When finished up it will be a great improvement.

Mr. R. W. Mason left today week for Atlanta where he went to enter Deaughorn's Practical Business College.

Short time ago Mr. F. W. R. Nance and T. D. Cooley traded land and lots, the one on Main, the other on Bell street. Last Wednesday each one moved to his new property.

Mr. and Mrs. J. D. Sullivan of Laurens spent several days last week at the home of the venerable Mr. Frank Clinckscale, father of the late named.

Rev. R. W. Barber was called to Iva Wednesday and united in marriage Mr. Jno. Parson and Miss Annie Fisher.

Mr. C. W. Webb of Anderson spent a part of Wednesday and Thursday in our town. Mr. Bigby spent last week for Lockburg, Ark., where he will make his home for at least a part of the year.

Joe Drayton whose camp name is Rooster, escaped last Monday night. He was complaining that day and Dr. Schroeder brought him to this place that Dr. Kirkpatrick might examine him. Somehow while he was secured a file with which he filed one of his shackles. As he lay in the cell the next morning it was discovered that he was gone. Capt. Schroeder with his posse and the dogs started in pursuit. He was tracked to Rocky River about a mile from camp, which he crossed four times. It was partly frozen, before he was captured.

Mr. Leon Bell returned to his duties as telegraph operator in Savannah last week.

Mr. H. H. Harris assistant in our High School, went to Greenville to see his loved ones.

Mr. J. J. Johnson took charge of the department managed by the one above named during his absence.

Dr. O. Kirkpatrick is building a large and up-to-date barn on his place in rear of Mr. E. R. Horton's store.

There was a party at Mr. W. L. Bowman's Friday night. This being the initiative along this line for this year as to whether the program followed by last year was used, "dependent sayeth not." Those present claim to have spent a very pleasant and an interesting of those of the same attendants upon such occasions. Daily refreshments were served.

Miss Jessie Clinckscale went to Greenwood Saturday to visit the family of her brother in law, Mr. E. R. Horton.

Miss Emily Bowman of Bowman is with the family of her son-in-law, Mr. T. D. Cooley yesterday was a balmy spring like day. While the winter has had some of the features attending this season, yet it has been rather remarkable one in some respects. There has been more or less of a frost every night for more than two months. It has been no frost that at no time was the ground frozen deep. At the same time it has been cold enough to kill and save meat. The roads are still good making travel over them pleasant and safe and it is very handy up and get their grain hauled to their homes, the chances for having no bad roads this winter are better than ever.

There was a little excitement here Wednesday upon the part of some of our people because of a large hawk that was down in the mud near the center of the town, in the middle of Main street trying to kill a pair of young chickens which was its level to prevent it. A passer by caught it to fly near by where it stayed till a gunner shot at it. It left, but soon came back again shot at. It left again but was soon back again and another time was frightened off. It came back the next morning when it was killed.

One more day, which will close next. Friday will close the season of the winter gingers. Then the machinery will have run up a few more miles of cotton than it did last season. This is accounted for by the fact that the custom brought to the mill this year covered a larger territory than it did last year. Troupe.

SHUTTING OFF STEAM

"Shall we stop our advertising for awhile now?"

The advertiser who thinks of discontinuing may argue: "We have been advertising so long and so steadily that our name and specialties are well known, and we intend to advertise again when business is better in our line than it appears to be now. In the meantime our business won't stop."

No; neither will the engine stop the minute the men suspend shoveling in coal. The point is, however, that when the engine is to be started again ten times as much will have been lost in power as has been saved in fuel or feed.

Using up reserve force never pays. It is a loss, however it may be looked at. The buying public is prone to forget.

It is, moreover, much more difficult and much more expensive to regain a lost customer than to prevent his straying away.—Money Maker Magazine, Chicago.

People naturally look to our columns for advertisements of what they want to buy. The merchant whose announcement appears regularly has a great advantage over the occasional advertiser.

L. W. WHITE

Was never better equipped than now for offering Great Bargains in Merchandise. His stock of Manufactured Cotton Goods is immense, and having bought the most of these goods in the Summer of 1903, he is in position to name exceedingly low prices on them. Now is undoubtedly the time to buy Cotton Goods. They can be had at almost old prices. If there is any advance it is slight you can scarcely detect it, and this is in the face of the fact that the raw material has advanced from 5 to 6 cts. a pound.

I OWN more than two hundred pieces of Bleached Long Cloths and am prepared to make special prices to any one desiring to buy these goods by the piece. They are advancing every day and will undoubtedly go a great deal higher. I am now selling four-quarter unbleached sheetings, fine and coarse, at prices less than I can buy the same goods at by the bale. I have just received large quantities of Gingham, Madras and White Goods that are very attractive and very cheap.

A Wagon's First Cost

is not all there is to it. There are plenty of low priced wagons (mighty dear in the end), that actually look well—at first. You can't see the paint-covered wood-pithy, "dead," the defective axle-wood, or foresee the shrinking, rattling, loosening of spokes, the fire setting and constant repairs, that will rise up to trouble you in time. All said and done, it pays to buy once for all a dependable wagon.

STUDEBAKER WAGONS

are that kind. That is a matter of common knowledge—testified to by every man who ever bought one. Built on honor by master mechanics out of selected and perfectly seasoned materials. Definite, sterling worth in each job of Vehicles and Harness, that result in longer and better service than you have a right to expect. You don't make mistakes if you pin your faith there.

Studebakers in Your Town.

The undersigned are the local sales agents. We carry a generous stock, will order and quickly get anything you want. You see the goods, and know what you are buying. We stake our reputation on pleasing you. Always ready to show you. Give us a call.

Notice to Tax-Payers.

For the Purpose of Accommodating the Public in the Matter of Making Their Tax Returns, I Will Visit the Places Mentioned Below on the Dates Indicated in Schedule.

ALL RETURNS MUST BE MADE UNDER OATH, AND ALL PERSONAL PROPERTY RETURNED AT ITS TRUE MARKET VALUE.

Persons not making their returns between January 1st, 1904, and February 20th, 1904, are liable to a penalty of 50 per cent. This penalty will be enforced against delinquents; for the failure to enforce it heretofore has put a premium on neglect of the law.

The returns of those who conform to the law are placed before the Townships and County Boards, while those who disregard the law come in after the meeting of the Boards and return to suit themselves. The enforcement of this 50 per cent. penalty will correct this evil.

Employers are requested to return all their employees after notifying them and getting a statement of their property.

Returns will not be taken by mail unless they are sworn to before some proper officer. This does not apply, however, to persons returning only land.

All improvements on the transfers of real estate must be reported to the County Auditor.

My Appointments Are as Follows:

Calhoun Falls, Tuesday and Wednesday, January 19 and 20.
Lowndesville, Thursday and Friday, January 21 and 22.
Mt. Carmel, Monday and Tuesday, January 25 and 26.
Willington, Wednesday, January 27.
Bordeaux, Thursday, January 28.
McCormick, Friday and Saturday, January 29 and 30.
Dix West, Monday and Tuesday, February 8 and 9.
Donalds, Wednesday and Thursday, February 10 and 11.

Office open from January 1st to February 20th, inclusive.

R. E. COX, Auditor.

ALL are invited to come and get the bargains while they last. During a year upon which we have just entered no pains will be spared to induce a continuance of the patronage so generously bestowed upon me last year. With the aid of my patrons, which are numbered by the thousand, I was enabled to do in 1903 the largest business I have done in ten years. It is my aim to make the business of 1904 larger still. This can be done easily with the co-operation and help of my friends and customers.

I take this occasion to acknowledge with gratitude the support given me by a generous public in the past, and to assure the people among whom I was born and with whom I have always lived, that in the future I will strive all the more earnestly to merit and secure a continuance of their favor and patronage.

Don't Do That.

Some people envy even the wealth accumulated by dishonest methods. Don't do that.

If you are willing to listen to gossip, you will surely hear it. Don't do that.

The man who cannot tell a story is always trying to do it. Don't do that.

Failure to make a child happy when opportunity offers is worse than sinful. Don't do that.

The easiest thing in the world to do is to deal out good advice all the time. Don't do that.

Some men imagine that if they advertised their own virtues the world will be too interested to see their faults. Don't do that.

If it is easy to acquire the habit of leaving your smiles at the office and taking your troubles home. Don't do that.

Some men waste so much time waiting for somebody to give them a start, that they couldn't accomplish anything if they were started. Don't do that.

It is wonderfully easy to spend all of today thinking about what you will do tomorrow. Don't do that.

ANCIENT AND MODERN ADVICE ABOUT HOW TO ACQUIRE WEALTH.

The ancient sage "the road to wealth" was, "be temperate in all things, be economical always." Modern life, with its "rush method" in business requires that "keep healthy" be added to the old adage.

Everybody knows how to be temperate and most people know how to be economical, but few know how to be healthy. Overeating, irregular habits, neglect, etc., derange the stomach, liver and bowels, causing indigestion, torpid liver, constipation, etc. Rydals Tablets are nature's best ally when such conditions exist. The Stomach Tablets will digest your food, strengthen your digestive organs and cure your indigestion. The Liver Tablets will arouse your liver, stimulate your bowels and establish a healthy habit. Rydals Tablets insure good health. C. A. Milford.

TO LET UP MEANS LOSS

In the advertising campaign there should be no truce. While the merchant lives and remains in business there comes no time when he can safely lay down his arms. If he ceases advertising for a single day he gives his competitors an advantage. If he stops for a month he has started on the road which leads to discomfiture and ultimate oblivion.

Advertising is usually cumulative in its effect. It is true that mercantile advertising, if judiciously done, will bring returns from the beginning.

But it is also true that the best results are only obtained by keeping at it.

Cured Chills.

A. B. Cannon writes March 4, 1903: "Having been troubled with Chills at different times and tried one physician after another; then tried the medicine and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Eucalypti, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former sufferers." 50c, 50c and \$1.00. Sold by C. A. Milford.

The advertising that was done before serves as an introduction to that which comes after; the advertising that comes after heightens the effect of that which was done before. One advertisement strengthens another, and the combined effect produces results which one of them alone might be powerless to achieve.

To stop advertising, even for a short time, destroys the cumulative effect it has already produced and puts an end to all the advantages gained by continuity. If you withdraw your ads. from the papers you may be assured that your competitors will not make the same mistake.

Pleasant and Most Effective.

T. J. Chambers, Ev. Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and solicited by you. I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it to be the most effective and pleasant remedy for coughs and colds I have ever used." 50c, 50c and \$1.00. Sold by C. A. Milford.

The man who can't afford to travel enjoys it better than a man who can.

COLD WAVE COMING.

If you have Rydals Elixir in the house when a cold wave is coming, you need not fear attacks of Bronchitis, Croup, Coughs, Colds, etc. Rydals Elixir taken when attack begins never fails to check the progress of the disease. It is equally successful in chronic cases of throat and lung disease. C. A. Milford.

Resolve to perform what you ought; perform without fail what you resolve.—Franklin.
