The House is in Favor of Abolishing

Mr. August Kohn, the Columbia correspondent of the Charleston News and Courier, writes as follows in that paper of today's is-

All Right.

Mr. August Kohn, the Columbia correspondent of the Charleton New of Coloxy's is not produced with the Charleton New of Coloxy's is not produced with the disponent, the control of the Color of the Color

merely to map out the course of the fight and if possible harmonize all interests opposed to the state dispensary.

From the present outlook Mr. Morgan's bill is the most popular proposition of those opposed to the system.

In brief, Mr. Morgan's bill provides for the closing of the state dispensary and the sale of its effects.

It provides for three options: prohibition county dispensaries and high liscenses. The liscense system is provided for such counties as Charleston, where it is though by some to be desired, but if it is preferred to have county dispensaries, then this is provided for under Mr. Morgan's bill. Mr. Morgan provides for a \$3,000 liscense, but is quite willing to fix the license at such an amount as may be agreeable to those counties, thinking they may want a license system. Some counties, which it has been though preferred a liscense system, think they can get a county dispensary pian which will realize more money to the city and counties, and with home management give better satisfaction.

IN STATUARY HALL

Why is South Carolina not Represent

To the Editor of The Press and Banner,
My dear Sir; We the undersigned representing the Kings Mountain Chapter D. A.
R. Yorkville, S. C. wish to call your attention, and that of your readers to a work which we beg your cordial help and cooperation.
It has long been a source of regret and mortification that South Carolina has no representative in the National Statuary Hall in the Capitol at Washington. "This Statuary Room was, the old Hail of Representives, it was the scene of the debates of Webster and Clay, Adams, Calhoun, and others, whose names are indelibly associated with the history of Congress. In 1884 at the suggestion of Senator Morrill of Vermont, the room was set apart as a National Statuary Hall to which each state might send the effigies of two of her chosen sons in marble or bronze, to be placed permanently here."

ble or bronze, to be placed permanently here."

No South Carolinian ever views those stately statues, erects, by practically all the states in the Union, in memory of their chosen sons, without wondering why our place has been so long empty and wishing that we two could point with pride to a representative, occupying the place allotted to South Carolina.

The Kings Mountain Chapter is desirous of starting a movement to remedy this long standing neglect. We have written to every womans organization in the state asking them to join us in petioning the legislature to apprapriate at this present session the sum of twenty fivethousand dollars, (\$25000,00) for the purpose of erecting a statue to John C. Caihoun in the National Statuary Hall in the Capitol at Washington.
