BILL WAS DEFEATED

ABBEVILLE DISPENSARY BILL
WAS DEFEATED IN HOUSE
THURSDAY

VOTE WAS VERY CLOSE

Mr. Ashley and Mr. Watson of Anderson and Others from Surrounding Counties Vigorously Opposed the Measure.

Columbia, Jan. 19.—The house Thursday afternoon defeated by one vote Mr. Moore's bill seeking an election for Abbeville county for the restoration of the dispensary in that county. The vote was 50 to 49 on a bill that had been unfavorably reported. There are several counties that are trying to have these elections on the liquor question and the prospect now is that a general bill will be presented looking to some provision for such elections.

There was a spirited discussion of the bill, that had come over from last year, but it failed. The same idea will be taken up in the pending bills to provide for such elections in Orangeburg, Dorchester, Berkeley, Calhoun and other counties.

Mr. Moore made a strong and forcible argument for his bill. He insisted that it was a local bill and his people wanted the county dispensary. His county, he argued, was not in favor of prohibition, although the record showed it. This was because of the restricted vote and the requirements as to certificates. He knew what his people wanted and held that his county could have no election except by special authority. He argued that his county could have no election except by special authority. He argued that his county could have no election except by special authority.

Mr. Ashley said the Abbeville people were after money—Anderson money—that was about all there was to it.

Replies to Ashley
Mr. Moore said Abbeville was not asking for dispensaries to have Anderson folks come down and buy the liquor. His people wanted to sell liquor. He thought sentiment was changing and that the committee would now favor the bill. He was willing to stand on his measure. All he wanted was for a full and fair election. There was not a fair and open election last time and all he wanted was to have the real expression of the full white vote of his county. He had prohibitionists to come to him and tell him that prohibition in Abbeville was a farce. Abbeville wanted to vote and that was all. It would cost nothing, as it has provided to hold the election at the regular primary.

Mr. Browning of Union, wished to know whether only qualified electors or those entitled to vote in the primary shall participate in such an election.

Mr. Moore said only qualified electors were to participate only the election was to be held on the day the primary is held.

General Law Suggested

Mr. Magill said he must differ with Mr. Moore and based his objection entirely on the ground that a special law was wrong and a general act should be passed. Mr. Moore held that under the general law there was no provision for such election as was sought.

Mr. J. Belton Watson was strong in his opposition to the bill.

Mr. McCrary of Pickens, was opposed to the sale of liquor and was heartily opposed to the bill and argued strongly against proposition to take any chance of Abbeville selling liquor. As to the lack of enforcement of the prohibition laws, the best people in many counties were often to blame and he begged the people to help enforce the law and then there would be a better feeling.

Messrs. Ashley, Watson and Scott of Anderson, voted against the bill and Messrs. K. P. Smith and Jackson for it. The Greenwood delegation was solidly opposed to it and two of the three from Laurens favored the bill.

ONE MILLION DOLLARS FOR A GOOD STOMACH.

This Offer Should Be a Warning to Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others.

Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power, and to aid in making the stomach strong and well.

We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion, and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. C. A. Milford & Co.

THE FIRE DEPARTMENT

Horses have been purchased for the Fire Department and Mr. J. M. Gaffney, an experienced fireman and horse trainer came in yesterday to train the horses. The headquarters for the department have been fixed up. The entire first floor is occupied by the horses and equipment. Up stairs is fitted up for bedrooms for the men of the department. The building is equipped with electric lights, water and sewerage so that the men will, at all times, be perfectly comfortable.

There is a sliding pole connecting the bed rooms with the downstairs which will enable the men to get to the horses and get the truck out in a few minutes. The department will need 6 or 8 good reliable men to sleep at the headquarters and it would be a good place for congenial crowd of young men of the City to have their rooms there and make it a club. The room rent would not cost them anything, it is convenient and close in, and it is hoped that the young men will take hold of the proposition. Those applying first will secure the rooms.
