BURNING ITCH WAS CURED liver the keynote speech.

"I deem it my duty to tell about s cure that the Cuticura Soap and Oint ment have made on myself. My trou ble began in splotches breaking out right in the edge of my hair on the forehead, and spread over the front part of the top of my head from ear to ear, and over my ears which caused a most fearful burning itch, or eczema

"For three years I had this terrible breaking out on my forehead and scalp. I tried our family doctor and he failed to cure it. Then I tried the Cuticura Soap and Ointment and used them for two months with the result of a complete cure. Cuticura Soap and Ointment should have the credit due, and I have advised a lot of people to use them." (Signed) C. D. Tharrington, Creek, N. C., Jan. 26, 1911 Itching Scalp-Hair Fell Out.

"I will say that I have been suffer ing with an itching on my scalp for the past few years. My hair fell out in spots all over my head. My scalp started to trouble me with sores, then the sores healed up, and crusts formed on the top. Then the hair fell out and left me three bald spots the shape of a half dollar. I went to more than one doctor, but could not get any Remedies. I tried one bar of Cuticura and felt relieved right away. Now the bald spots have disappeared, and my hair has grown, thanks to the Cuticura Soap and Ointment. I highly all that are suffering with scalp trouble." Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. L. Boston.

interrupted by cheers for Parker.

Talk of Mr. Bryan has not ceased by any means. Some of his friends claim that Tuesday's vote was no test; that many of his most ardent supporters were compelled by cfrcumstances to vote against him as temporary chairman. They claim, on the other hand, that the vote of 510 given to Mr. Bryan indicated that he held a "veto" power in convention, which put him in a position of dominance as to who should be the nominee.

The conservative element, it may be stated, is practically prepared to accept a radical or progressive can-

The turn of political affairs in the past few days is regarded here as having been decidedly favorable to Speaker Clark's candidacy. The straight out Wilson delegates Tuesday Roll Call Threw the Convention Into threw their support solidly to Mr. Bryan in his fight against Judge Parker. This, the leaders figured, would make the conservative element choose Clark in preference to the New Jersey Governor as the progressive candidate.

A rapid fire, routine session Tuesday night closed the first day of the Democratic convention which began with the defeat of William J. Bryan for temporary chairman in the afternoon. Scenes of disorder on the floor which made further proceedings impossible, forced the night's session and compelled Alton B. Parker to suspend his keynote speech.

The delegates on the floor gave earnest evidence of their desire to do everything in a hury and get away from Baltimore. The leaders had planned to adjourn session Tuesday night until 2 o'clock Wednesday and to have the committees which were appointed Tuesday night to meet Wadnesday. But the delegates would not hear of this plan and disorderly protests from the floor forced an adjournment till noon and advanced the committee meetings so that they were ordered to meet immediately after the session.

The delegates were very excited about hurrying things along. A voice from the floor during the session said: "We have no Perkins to pay our bills."

The completion of Judge Parker's speech and the naming of convention committees was the sum of the work of Tuesday night's session. William Jennings Bryan did not appear at the convention hall during the evening. His failure to be on hand caused an almost immediate adjournment of the resolutions committee which met after the session in response to the delegates' demand for speed. It was practically certain that Bryan would be elected chairman of the committee. The other committees got together immediately for organization. But a scattering attendance appear
