

THIS TIME GONE FOR GOOD

New Yorker Might Say Goodbye to Watch and the \$50 He Had Confidingly Given Up.

In a subway crowd not long ago a New York man was "touched" for his watch. The watch was not valuable, but the New York man wanted it back for sentimental reasons, and inserted divers advertisements in the papers, offering \$50 for the return of the watch and "no questions asked."

The "dip" who had "lifted" the watch saw the advertisement and concluded to take the \$50. He called on the New York man, handed him the timepiece and demanded the reward.

IF BACK HURTS CLEAN KIDNEYS WITH SALTS

Drink Lots of Water and Stop Eating Meat for a While if the Bladder Bothers You.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

Only One "BROMO QUININE" To get the genuine, call for full name, LAXATIVE BROMO QUININE. Look for signature of E. W. GROVE. Cures a Cold in One Day. 25c.

The Proper Kind. "Brain experts declare that fish is the best brain diet." "Then some people I know must live on sheep's head fish."

Dr. Peery's Vermifuge "Dead Shot" kills and expels Worms in a very few hours. Adv.

Perils. "Does that play tend to remind you of the dangers of a great city?" "In my opinion," replied the uncompromising critic, "it goes farther. It's one of 'em.'"

Singing for Advertisement. He had obtained a place in an estate agent's office, and was doing everything he could for the interests of his employer.

The other evening he was at a social gathering, and was asked to sing. He responded with "Home, Sweet Home." His friends were a little surprised at the selection, but he was heartily applauded. Stepping forward, he said:

"I am glad you like the song. There is nothing like 'Home, Sweet Home,' and let me say that the company I represent is selling homes on terms to suit everybody, within 40 minutes' ride of the city. Everybody ought to have a home. If you don't want to live in one of these houses yourself it's the chance of your life for an investment."

SAGE TEA DARKENS GRAY HAIR TO ANY SHADE. TRY IT!

Keep Your Locks Youthful, Dark, Glossy and Thick With Common Garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.—Adv.

At Forty. Mrs. Harry Payne Whitney, congratulated on her Titanic memorial, said at a tea at the Brevoort in New York: "Success in sculpture as in other things, is very pleasant. But even failure is bearable. Failure admits of so much hope."

"A failure, running his hand through his pepper-and-salt hair, said in my studio in McDougal alley: "Today is my fortieth birthday. When we reach forty we begin to look up the names of men who become famous after forty-five."

FRUIT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

VILLA VICTORIOUS IS NOW IN GOMEZ

ESTABLISHES HEADQUARTERS IN TOWN AFTER THREE DESPERATE SIEGES.

MANY MEN DEAD OF THIRST

The Dead of Federal and Rebel Sides Are Piled Up in Cities Streets and Air Filled With Smell of Blood.—Wounded Carry Stretchers.

Gomez Palacio, Mexico.—Four days of fighting, including three desperate assaults by the Rebels were crowned with success when General Francisco Villa moved into the city and established his headquarters on that side of the town looking toward Thornton and within three miles of that goal of the campaign. The final and deciding assault has been delivered. It was preceded by a bombardment, after which the infantry and cavalry dashed into the streets.

Rifles, machetes, pistols and hand grenades were used in a hundred different encounters.

General Villa does not know his own loss, except that it was heavy. The wounded suffered terribly from thirst and many died for lack of water and surgical attention. The dead of both sides were piled in the streets or huddled under adobe houses or corrals, wrecked by Rebel shells. Veterans say no more furious battle ever was fought in Mexico.

General Villa did not stop to mourn his losses, but began preparations to move on to Torreón. He expects to co-operate with 400 men under General Herrera, who is under orders to attack the town from the east.

The day was hot and the air reeked with smell of stale blood. Those with fresh wounds disinclined to desert and many a wounded soldier was seen among the stretcher bearers.

Villa's first assault took place four days before. There was comparatively a small number of Federals in the city, and premature reports of victory were sent out. Soon, however, the Federals received reinforcements and in the desperate fighting which followed the Rebels had received the worst of it. General Villa with drew.

BRITAIN'S ARMY UNCHANGED

Another Cabinet Council Will Be Held But Outcome is Doubtful.

London.—The political situation appeared unchanged, and no official declaration as to what course Field Marshal Sir John Spencer Ewart, Adjutant General of the forces, will take with regard to their resignations is expected until after the meeting.

Sir Edward Carson, Unionist leader in Ulster, has left Craigavon for London, but the report that Brigadier General Hubert Gough, of the Third Cavalry Brigade at Curragh camp, is coming to the Capital, seemed to be premature. He still is at Curragh camp.

The continuation of the crisis is attributed to Premier Asquith's reluctance to remove Colonel Seely from the post of Secretary of War. Colonel Seely's relinquishment of his portfolio doubtless would satisfy Generals French and Ewart and Premier Asquith's objection to having him do so seems to indicate dissensions in the Cabinet itself.

Orders Sale of Nantucket.

Norfolk, Va.—United States Judge Waddill directed sale of the Merchants' & Miners' Transportation Co.'s steamer Nantucket held in limited liability proceedings following her libel for \$1,000,000 by the Old Dominion Steamship Company, after the Nantucket had rammed and sunk the Monroe at sea January 30.

Suffragists Threaten Ulster.

Belfast, Ireland.—Suffragettes burned down Abbeylands, the country residence of Major General Sir Hugh McCalmont, near Whiteabbey, on Belfast lough. The house was not occupied. The loss is \$75,000. Suffragettes recently threatened to start war against the Ulster unionist leaders because of the refusal of Sir Edward Carson to support the suffrage movement. The grounds of Abbeylands have been used recently for drilling the Ulster unionist "volunteers."

Keith of Vaudeville Fame Dead.

Palm Beach, Fla.—Suddenly stricken with heart failure, Benjamin F. Keith, pioneer vaudeville producer in the United States, dropped dead in his room in a local hotel. He was 68 years old but apparently had been in the best of health. The day before he was wheel-chair riding with friends. The theatrical magnate's sudden death came after a conference over business affairs with his son, Paul. The latter stepped out of the room for a few moments. When he returned he found his father dead.

Indians Condition Serious.

Washington.—The health conditions among Indians are described as deplorable by Commissioner Sells in his report. Approximately 25,000 Indians are suffering from tuberculosis, he says, while available hospital facilities for all will not exceed 300 beds. During the past fiscal year 1,905 Indians died from tuberculosis. The Indian death rate was 32.25 a thousand against 16.90 a thousand for the entire registered area of the United States.

TOY TRAVELING CRANE.

By A. NEELY HALL. This is an easily carried out idea that will be productive of a great deal of fun. The crane may be used to hoist earth, and dump it to one side out of the way, in building a miniature Panama canal, or for excavating for a toy well, or any other play engineering feat you may think of; it may be placed upon a porch when it can travel back and forth with its boom, or swinging arm, extending out over the railing, and the hoisting cable lowered to the yard below, to hoist things to the porch; and it may even be used to right "wrecked" toy wagons and trains.

The toy crane may be built upon your express wagon, or a home-made wagon of the form shown in Fig. 1. A clothes-pole or short rug-pole may be used for the mast (A, Fig. 2). The lower end should stick through a hole cut in the wagon-bed, and the two crosspieces B should be nailed to the sides several inches above the bottom end so they will rest upon the wagon-bed. When the mast has been set in place, nail a pair of crosspieces similar to pair B to its end, beneath the wagon-bed, to brace it. The stick B, nailed to the upper crosspieces, is the lever by which the mast is turned.

The mast-top pulley is a thread spool, mounted on a long spike driven through the blocks D, and blocks D are securely nailed to the end of the mast.

The day was hot and the air reeked with smell of stale blood. Those with fresh wounds disinclined to desert and many a wounded soldier was seen among the stretcher bearers. Villa's first assault took place four days before. There was comparatively a small number of Federals in the city, and premature reports of victory were sent out. Soon, however, the Federals received reinforcements and in the desperate fighting which followed the Rebels had received the worst of it. General Villa with drew.

The swinging boom (Fig. 3) is made of the two side strips G, separated 6 inches from the outer end by the block H, and its spool pulley is mounted in the same way as the mast pulley spool. Fasten the mast end of the boom with nails driven through the sides of strips G into the mast.

The wrapping-twine hoisting cable has a hook bent out of heavy wire attached to its end, and the cable runs over the boom pulley, then through a screw-eye in the mast at E, and from there over to a windlass, while the cable which raises the boom is attached to a nail in block H, runs up and over the mast-top pulley, down through the screw-eyes at F, and over to a second windlass.

Figure 4 shows how the windlasses are mounted upon the edges of a box, and Fig 5 shows how the drums are made.

The shaft A is a broom-handle, the crank strip B has a hole bored through it for the shaft to fit in, and the spool C is fastened to the end for a handle. Drum D is a baking-powder can, and it is nailed to the wooden end block F, and the can cover E is nailed to the end block G. Holes must be cut through the end blocks, and the cover and bottom of the can, so all will slip onto the axle, and, after the cover has been fitted on to the can, the end blocks must be secured to the shaft with nails.

Notch the top edges of the box, to receive the drum shafts, and nail strips of wood over them, as shown,

to hold them in place; also drive nails through the ends of the shafts, to prevent them from slipping lengthwise. Nail the windlass box to the wagon.

It Doesn't Apply. Mrs. Nicholas Longworth was condemning village gossip. "They say," she ended, "that one-half the world doesn't know who the other half lives. That, though, doesn't apply to the average village."

ECZEMA ITCHED AND BURNED

Falmouth, Ky.—"Two years ago I was troubled with skin and scalp troubles. I would have pimples that would break out and form sores on my face and head, with terrible itching. The eczema on my face and head itched and burned and when I scratched it, it made sores and I was very disgusted for the time being. My head became so sore I could not touch it with a comb; it became a mass of sores. My hair fell out gradually."

"I was afflicted about a year before I used Cuticura Soap and Ointment and after using them three weeks I was getting better and in less than three months, after using eight cakes of Cuticura Soap and five boxes of Cuticura Ointment, I was completely cured of eczema."
