M. C. Bigby.

Mr. Marvin C. Bigby, nephew of Mr. Hugh Wilson, who was reared near Honea Path in this county, visited his uncle here yesterday. Mr. Bigby is a locomotive engineer and now resides at Vancouver, Washington.

Mill News.

Times are very hot and dry and a lot of sickness these days. Rain is much needed.

DEATHS.

Mrs. John Box died Friday after a long illness with something like dropsy. She leaves behind a husband and five children, some of them very small. The funeral was conducted at the home and the body was taken to Long Cane for burial. The family have our deepest sympathy.

Also, the little infant of Mr. and Mrs. John Coleman was buried last week. Lived only a few days after taking the measles. The good Lord is calling the little one home.

And the sad death of Mrs. Annie White Greene happened Saturday eve; after just a few days suffering she was carried home. She married about a year ago Mr. Robert Greene, son of Mr. Benj. Greene, of Abbeville. The young husband and the aged parents have our deepest sympathy, for it had just been two weeks since Mr. White brought our dear little grandchild to our home. Little did we think that in such a short time that he would have such trouble, but the good Lord seems to treat all the same. Blessed be his name.

There is a great deal of pellagra around now.

Mrs. John H. Mundy from Columbia has been up for some time visiting homefolks.

Mr. Balos Monroe from near Honea Path has brought his family here and will go to work in the mill.

Mr. Dock Martin from near Newberry, S. C., has left his crop and come here for work.

Crowds went fishing from here Saturday but caught nothing.

The little child of Mr. and Mrs. C. B. Walker has been sick for the last few days.

Master Joe Bowie and Mr. Guy Ausburn have great attraction over the branch. I do not know their trouble, but I think it is sweethearts that is making their hearts ache.

The schools will close with a picnic tomorrow, and I think the children will certainly be glad.

Little Ida Bowie will leave in a few days to visit her sister, Mrs. C. W. Long, in Atlanta.

Mr. James Evans has been visiting his cousin, Mr. John T. Evans and family.

Mrs. Mamie Branchton was over from Athens visiting homefolks Saturday.

News is so scarce I think it has all dried up this dry weather. Pansy.

Notice to Trespassers.

The undersigned give notice that they advertise their lands against hunting, fishing or trespass of any kind.

Kate Eikelberger, English.
A. W. Ayers, Principal.

Remarkable Test.

Jersey City, May 16th.—The most remarkable non-stop run of an automobile engine ever held in this country is still in progress at the garage of the Crescent Automobile Company, on Hudson Boulevard, this city. On April 8th last, a Cadillac 1914 stock model engine was started running in a small booth set up in full view of the hundreds of motorists who daily pass along the Boulevard, which forms the eastern end of the Lincoln Highway.

The engine has now been in continuous operation for more than five weeks, has covered over 21,000 road miles, or more than six trips across the continent, via the Lincoln Highway, and is still turning up a daily average of 535 miles, or a little over 22 miles per hour. No signs of overheating have yet appeared and only a pint and a half of water has been fed into the radiator since the test started. Cylinders and bearings are lubricated with Polarine, the oil being fed at the rate of 26 drops per minute.

The fuel used is the Standard Oil Company's Motor Gasoline, and the engine averages 44 miles on a gallon of gas. It is run at from 600 to 700 revolutions per minute.

All previous non-stop records are now far out-distanced, the best previous run being that of the Packard, which ran for 16 days in an official test under the auspices of the Automobile Club of America.

Perhaps the Only Survivor.

Celebration of the seventy-fifth anniversary of Erskine College, calls to mind Erskine's first commencement. Mr. H. T. Tusten of this city is perhaps the only survivor of that commencement, and his recollection of the event is still very vivid. Mr. Tusten says that there were only two in the graduating class: Robert Fair and David Haddon, and that Robert Fair was not given a diploma for the reason that he had not taken Greek in his course. Mr. Fair made this statement in person to the audience.

Mr. Tusten has always felt a deep interest in Erskine College, and for many years, as long as his physical condition would permit, attended the commencements, when they were the leading annual event in the county.

Agents Wanted.

We want a reliable man or woman in Abbeville to look after renewals and new subscriptions to Metropolitan. The Liveest Magazine in America. The work may be done in spare time—a few hours each week. Liberal pay for whatever time is put in. No investment or bond required, no previous experience necessary. Full instructions and samples sent free. Give two references. Desk 14, Metropolitan Magazine, New York.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists.

Landreth's garden seed grow. C. A. Milford & Co. sell them.

Whether it's a nipple or a fountain syringe or hot-water bottle, you want the best. The medical cures you no more at Milford's Drug Store.

MEN CURED FOREVER

By a true specialist who possesses the experience of years. The right kind of experience—doing the same thing the right way hundreds and perhaps thousands of times, with unfailing permanent results. Don't you think it time to get the right treatment? If you desire to consult a reliable long-established specialist of vast experience, come to me and learn what can be accomplished with skillful, scientific treatment. I hold two medical diplomas and certificates by examination and other requirements from the boards of medical examiners of 14 States in the Union, together with over 20 years' experience in specialty practice. I successfully treat Blood Poison, Varicose Veins, Ulcers, Kidney and Bladder Diseases, Rheumatism, Gall Stones, Paralysis, Discharges, Piles and Rectal Trouble, Stricture and all Nervous, Chronic and private diseases of Men and Women.

Examination free and strictly confidential. Hours: 9 a.m. to 7 p.m. Sundays, 9 to 2.

School Election.

Whereas, a petition having been circulated in Omega School District No. 51, asking that an election be held in said District for the purpose of voting a 4 mill tax for school purposes, and seemingly a third of the freeholders and a like number of qualified electors have signed the same, it is ordered that an election be held at Gun Shell school house in said District, on Saturday, June 8th, 1912, for the purpose of voting such tax on said District. The Trustees will be managers of election. The voting to be between the usual voting hours. Those who favor voting the tax will vote a ballot on which is written or printed the word "Yes." Those opposed to the tax will vote a ballot on which is written or printed the word "No." M. A. Simpson, R. A. Martin, G. P. Grant, Trustees.
