BANQUET FOR FIREMEN.

The home boys gave quite an elaborate banquet Friday evening complimentary to the firemen upon their return from the Tournament at Orangeburg. Twelve courses were served at the firemen's headquarters and a most delightful occasion it proved. One course was real fried chicken with real chicken gravy, served a la country. About twenty of the young men, including the Honorable Mayor were present.

A MAN OF MYSTERY.

The identity of the big fine looking man in the big fine looking car who came to Abbeville from Columbia last Sunday and took in the attractions of the city and of Greenville street especially, is still a mystery to the people of the town and of our street. He rode in a big brown car and he had a beautiful young Abbeville lady by his side. They drove up in front of the Associate Reformed church and looked as though they expected to worship there, but when we have in sight, with our Sherlock Holmes proclivities for finding out things, the young man moved on in a hurry, deciding that the shrine (by his side) at which he has worshipped for the past two or three years was good enough for him.

From the look in his eye the big fine looking man in the big brown car is coming again.

MOFFATT-DONNALL WEDDING.

The marriage of Miss Julia Moffatt and Dr. Floyd Donnald was solemnized at the home of the bride's parents, Dr. and Mrs. J. S. Moffatt, of Due West, on June 21st, 1916, at half after eight o'clock in the evening.

The scene was a beautiful one and was carried out in every detail. The ceremony was performed on the wide porch of the Wylie Home, which was brilliantly lighted and daintily draped in Spanish moss. The interested spectators were on the lawn and were charmed with the singing of Mrs. Edgar Long, which immediately preceded the entrance of the bride party. The wedding march was played by Mr. Wayne Donnald, a brother of the groom, and the party entered in the following manner:

Misses Jean Moffatt and Lucille Donnald, pretty rose bud girls, who wore white dresses, green sashes and carried in their arms bunches of lilies. Mr. Harold Shirley and Mr. Dexter Brown came next and were followed by Miss Lena Flower and Miss May Ellen, who wore white dresses and carried white shepherds' crooks, tied with pale green maline bows. Misses Nancy Moffatt and Gladys Brown, little flower girls, came next carrying in their arms large baskets of daisies whose beauty was made perfect by bows and streamers of maline. Eleanor Long came next bearing in her hand a large lily in which was the wedding ring.

The groom entered next supported

by his brother, Dr. Edgar Donnald, after which came the bride leaning on the arm of her father, Dr. Moffatt. The interesting ceremony was performed by Rev. Livingston Grier, of Maysville, an uncle of the bride, the ring ceremony being used.

After the ceremony the bridal party received the guests, there being many friends and well wishers from the town of Due West and other towns to wish the young couple all the joys that go to make a bright and beautiful life.

In the dining room refreshments of cake and cream were served by a bevy of pretty young girls and white and green ribbon souvenirs were given each guest. The cutting of the cake afforded much pleasure and amusement to the wedding party, the Rev. E. B. Kennedy being fortunate enough to cut the ring.

Many beautiful presents were received by the young couple, attesting the high esteem in which they are held.

Miss Moffatt, the charming bride, is the oldest daughter of Dr. and Mrs. J. S. Moffatt and is a young woman of many superior attractions. Since her graduation at Due West she has been teaching, for the past three years at Honea Path. She is a young woman of attainments and culture and starts in life endowed with many graces of mind and heart.

Dr. Donnald is a young pharmacist of Honea Path and is a young man of splendid traits, who is making his way in the world and has a successful and bright future before him.

E. M. ANDERSON ELECTED PRESIDENT OF THE TRI-STATE WATER AND LIGHT ASSOCIATION

At the convention of the Tri-State Water and Light Association, which was held at the Isle of Palms last week, our local superintendent, Mr. E. M. Anderson was elected president. This is a distinct honor for our fellow townsman and for Abbeville.

A most delightful meeting was held. Macon, Ga., was chosen as the next meeting place.

Mr. Anderson returned to the city Sunday.

At the 1915 Convention of the Tri-State Water and Light Association, Mr. E. M. Anderson, the Manager of the Abbeville Plant, was appointed to design an emblem or seal for the Association. The following is the emblem or seal which he prepared and submitted to the association at its recent meeting and which was adopted:

Emblem Designed by E. M. Anderson and accepted by Tri-State Association.

Mr. Anderson, along with the emblem or seal, submitted a full explanation of its parts which in brief are as follows:

FIRST: The shape of the design, a circle, is indicative of continuity of service rendered by the members of the association.

SECOND: Within the circle is a triangle which represents the three same being indicated by lightning flashes representing immediate service when demand is made.

THIRD: The three sides of the triangle represent capability, equipment and co-operation.

FOURTH: Within the circle are four spaces in and around the triangle, representing a follows:

(a) The fire hydrant and hose, emblematic of protection.

(b) Water main, meter, and spigot, representing good services.

(c) An Electric Light representing "More Light."

(d) Father Time and the hour glass, meant to impress upon the members that none should be lost but that every hour should be used for improvement.

FIFTH: Finally, the emblem represents loyalty, the highest standard of service, a continuous and instantaneous service to the public and to other phases of the work of the organization.

And in conclusion, the emblem may be thus read, "All hours of time we are called upon for more light, better service, ample protection, with capability, equipment and co-operation, all within the circle of no limit."

He came in last week and stayed long enough to change clothes and light out for a visit to his aunt, Mrs. Thompkins Ramey. He had about decided to stay at home for a few days until he was told about several fishes which had been swimming up and down the streams in that section. He at once phoned his uncle Tom to come for him, and took his seat on the piazza, where he kept watch until his arrival.

PREPARING CAMP FOR GUARDSMEN

SURPRISING RUMORS DIE WITH NOTHING MORE THAN OTHER RUMORS TO FEED ON.

El Paso, Texas, June 26.—Hurried preparations for the reception of thousands of National Guardsmen were under way in El Paso tonight. Military authorities believed that approximately 20,000 guardsmen will arrive here before the end of the week and, with the 5,000 regular troops now stationed here, will make El Paso the largest military concentration camp in the United States.

With the entire National Guards of Massachusetts, New Jersey and Connecticut, approximating 10,000 men, under orders to entrain for El Paso, Gen. Bell said that he was preparing for the housing and rationing of 25,000 men, so he would be ready to care for any additional troops sent him.
