There will be no floats and the exhibits this time will be of the classroom exclusively and the largest and best is being planned.

Programs are being printed this week and distributed through the county and city schools. A band will add greatly toward making the day a success, and the money will have to be donated, or else collections taken up, since the entire program of the day will be "FREE."

Advertising Service Department of The Press and Banner.

A Farmer carrying an express package from a big mail-order house was accosted by a local dealer.

"Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and builds up this locality?"

The farmer looked at the merchant a moment and then said:

"Why don't you patronize your home paper and advertise? I read it and didn't know you had the stuff I have here."

BROTHERHOOD ITEMS.

The large amount of rain of superfluous inundation caused an inflow of water into the rear room of the hall, which interfered with the games last week. The Brotherhood is taking pains to avoid in the future any recurrence of this sort. This week the usual hours are being observed and patronized. The new improvements perfecting the accommodations of the hall were installed last week making the facilities in every way ample and satisfactory.

The second grand championship Basket Ball contest for the silver cup recently awarded the Brotherhood by W. E. Johnson, will take place Friday, March 30th. The silver cup is at present held by the High School girls of the ninth and tenth grades. There'll be a double contest, if the girls of the present team hold the cup, it will be due to hard and fast playing.

The interest in the Brotherhood recreation is spreading and friends are multiplying. As a concrete illustration of the physical value of these games, one lady who is employed indoors, states that in two or three weeks' playing she has gained several pounds. This recreation hall is for every person, whether desiring to play or look on without regard to any religious affiliation whatever. Both players and spectators have full use and enjoyment of the hall "FREE" of any cost.

The Brotherhood is only glad to have the community realize the full and most hearty welcome which is theirs.
