DR. NEUFFER SPEAKS OF THIRD ROLL CALL

This being the first opportunity I have had to make any statement as to the Red Cross work since accepting the chairmanship of the local Chapter, and it gives me great pleasure to make this first statement in connection with the Roll Call. I believe sincerely in the future of the Red Cross, and believe every community should have such an organization. I believe the peace program will fill a long felt want in Abbeville. The nature and extent of that service will be determined by the support given the Chapter by the people, therefore I am interested in the response to the Third Roll Call.

Dr. G. A. Neuffer.

J. FRANK STRICKLAND.

One of the greatest services rendered by the Red Cross during the War was that of locating soldiers in the A. E. F. Many distressed parents have appealed to the Red Cross for some news of the boy in France, and so perfect was the system of communication that almost in every case and without fail, word was sent and received that under existing circumstances could not otherwise have been secured.

Mr. Strickland was detailed to a similar duty in the army. Similar, except that he had to locate the graves of fallen heroes instead of the living man.

"Dear Sir:—

from your letter of the 8th instant, that the City Schools of Abbeville have contributed the sum of \$99.99 to the Memorial Fund, with more coming in daily.

"If the patriotic school children of Abbeville can contribute this large sum, what should the men and women of the State subscribe to this great memorial? This subscription from your schools should be an incentive to the entire State, and I am sure that it will be.

Respectfully yours,
Signed: "Charles H. Gerald."
