## DEPORTATION IS HELPING TO BRING ORDER

Washington, Feb. 4.—Deportation of radicals, country-wide arrests of others and the "vigorous enforcement of existing laws has given notice that the United States intends to keep order and has helped improve conditions," Attorney General Palmer today told the House judiciary committee.

The positive intention of the government to punish crimes of "Reds" and communists has created a state of order which would have been impossible without arrests and deportations, he added.

Mr. Palmer denied that he had "a plain case of cold feet" when he failed to appear before the House rules committee several weeks ago to explain the need for additional anti-secession legislation.

"Some misunderstanding exists in regard to my attitude towards this

legislation," he said. "Some said I had a plain case of cold feet," others that I had "turned tail." That of course is not correct. I did not attend because I could not give support to the pending rule for the Sterling-Graham bill."

More harm than good would come from repressive legislation, Mr. Palmer said, adding that pending measures were so drastic and far reaching that they would over-reach the purposes for which they were intended.

"The situation calls for legislation of simple character guarding the bill of rights, but filling a hiatus in laws which exist in present statutes," said Mr. Palmer.

"There is no federal statutes which are adequate to meet the situation. A condition of revolutionary intent exists in this country on the part of aliens and citizens sufficiently wide-spread in character to merit consideration of congress. Threats are written by persons who would

injure and overthrow the government.

"And these threats which are being circulated on the part of such persons are the kind which do not entitle those who employ them to the guarantee of the so-called right of free speech.

Mr. Palmer said he disagreed with those who claimed revolutionary utterances should be met by arguments instead of statutory laws.

He again urged that the bill drafted by the Department of Justice and introduced last November by Representative Davey, Democrat, Ohio, be reported favorably.

## SHERIFF, SUSPECTED OF DEATH OF FEDERAL AGENT, HELD

Nashville, Tenn., Feb. 5.—"I am here and I am not going to run away," said Sheriff A. P. Warren Wednesday afternoon on his return to McMinnville from Cookeville, following his arrest by federal agents in connection with the mysterious death of Fred Murphy, in the McMinnville jail January 24.

The sheriff did not seem unwilling to be interviewed by newspaper men.

## BILL REPEALING WAR MEASURE FIXING PRICE OF WHEAT IS FAVORED

Washington, Feb. 6.—A favorable report on Senator Gronna's bill repealing the war-time measure under which the government controls wheat prices was ordered today by the senate agriculture committee.

The vote was unanimous. Under a committee amendment the United States Grain corporation must wind up its business, pay into the treasury its profits, estimated at approximately \$50,000,000, and submit to congress a complete report of its operations.

## NAVAL AWARD PROBE TO BE RESUMED SATURDAY

Washington, Feb. 5.—Chairman Hale, of the senate committee investigating naval awards, announced that the hearings will not be resumed until Saturday. Secretary Daniels will resume his statement at that time.

Legal Blanks of all kinds at the Press and Banner Office.

## CROPS THAT COMPETE WITH COTTON

Consider for a minute some figures: American cotton, the South's royal staple, brought \$13,000,000,000 in the past eleven years. American hay in the same period brought \$11,000,000,000.

Wheat brought more than \$10,800,000,000, and corn produced a total of \$26,000,000,000, besides the value of the fodder.

Even oats brought half as much as cotton. The growers of corn and wheat and oats and hay have become wealthy.

The growers of cotton have received a scant living for the most priceless of crops. Why?

Because they have been beggared, driven down to poverty, by the one-crop, speculative system under which they have operated.

But the South will no longer have to plead for a profitable price. By the system advocated by the American Cotton Association the price will be regulated by the legitimate laws of supply and demand and not by speculation.

The cotton growers will get a fair price this year—they will have more money to put into the bank.

## STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THEDFORD'S

# BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

## EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation. Improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.
