

It Takes the Bain

To Stand the Strain

We have just received two cars of Bain Wagons.
It is the Wagon to depend on.

The wheels, axles, baelsters and beds are made
of the very best material.

It is soaked in boiling hot Linseed Oil and then
given five separate coats of paint.

A look will convince you that the Bain is the
Wagon to buy.

THE STARK VEHICLE COMPANY

No. 18 North Main St.

Abbeville, S. C.

ed by Mr. Lane for his withdrawal from the Cabinet, and in reply Mr. Wilson wrote his hope "that your future career will be as full of honorable success as your past."

Mr. Lane's resignation was submitted last Thursday, his letter shows, but it had been known for many weeks that he intended this action as soon as President Wilson could spare him from the Cabinet circles. In discussion today of his probable successor the name of Alexander T. Vogel-sang, also of California, was mentioned.

ONE CAPTURED GERMAN MACHINE GUN CAN BE GIVEN TO EACH COUNTY

Washington, Feb. 8.—The American army captured so many cannon and heavy machine guns that congressmen can distribute one to each county, Representative Kahn, California, chairman of the house today. "The army captured 1,300 cannon and 4,000 heavy machine guns," Kahn said, "and there are only 4,000 counties in the country. How these trophies will be divided has not yet been decided."

Nearly 6,000 bills for the distribution of the cannon to as many cities have been introduced in the house.

The national debt of Brazil is \$1,020,000,000.

Dixie Land Co.

Splendid Investment

For Anyone Who Wants a Good Farm to Rent.

550 Acres, six miles from Abbeville, between Abbeville and Greenwood—Six good tenant houses, plenty of barns and out-buildings. Can easily run a 12-horse farm.

Land lies well—in good state of cultivation.

The Price is Attractive.

FARMERS REFUSE TO JOIN LABOR IN POLITICAL MOVEMENT

Washington, Feb. 9.—Farm organizations will not join the American Federation of Labor in its non-partisan campaign to elect this year only friends of the trades union movement, according to T. C. Atkeson, representative of the National Grange, which has 700,000 members. Mr. Atkeson said today his organization had decided not to support organized labor's political activities and pointed out representatives of the Grange, National Farmers' union, International Farm Congress, American Farm Bureau Federation, Farmers' National Congress, and National Milk Producers' Federation who recently met here and formulated a platform of principles, but decided that individual members should be allowed to exercise their right of personal preference in voting.

Organized labor's pronouncement of its entry into politics, a call to "all lovers of freedom to marshal their forces in defense of their rights and ideals," and to all trade unionists and their friends to unite in defeating those seeking office who are hostile or indifferent to the rights of labor, today was being broadcast of the country.

The declaration, issued officially by the American Federation of Labor, after reciting what it termed vain efforts to secure remedial and constructive legislation for the interest and welfare of the toilers, denounced congress for its "failure to do its duty" and its "repression of labor."

"Scorned by congress, ridiculed and misrepresented by many members of both houses," the announcement said, "the American labor movement finds it necessary to vigorously apply its long and well-established non-partisan political policy. The American Federation of Labor announces its determination to apply every legitimate means and all of the power at its command to accomplish the defeat of labor's enemies who aspire for public office, whether they be candidates for president, for congress, for state legislatures or any other office."

LEXINGTON RIOT IS FOLLOWED BY QUIET

Frankfort, Ky., Feb. 9.—Governor Morrow late this afternoon signed Lockett's death warrant. The negro will die in the electric chair at the State penitentiary here March 11.

Lexington, Ky., Feb. 9.—Martial law prevails here tonight. Six hundred federal and State troops are patrolling the streets to prevent further rioting which during the day exacted a toll of four dead and fifteen wounded.

The city was quiet early tonight, but authorities fear a recurrence of violence. Five hundred additional United States troops are en route from Camp Taylor, Ky.

Lexington and all of Fayette County was placed under martial law at 3 o'clock by Brig. Gen. F. C. Mar-

shall upon his arrival from Camp Taylor with 300 troops of the famous First Division, which helped repulse the Germans at Chateau Thierry.

Rioting began this morning when a mob bent on lynching William Lockett, a negro, who confessed to the murder last week of ten-year old Geneva Hardman, was fired upon with rifles and machine guns by State militiamen as the mob was storming the Fayette County courthouse to get the negro during his trial.

Had Just Confessed.

The attempt to lynch Lockett was made just after he had confessed to the murder and as the jury found him guilty of murder in the first degree. He was sentenced to die in the electric chair March 11.

The shooting temporarily dispersed the mob and gave the authorities time in which to rush Lockett to a secret place of safety. The mob reformed, however, and looted pawnshops and hardware store to get fire arms.

Following an attack upon the handful of national guardsmen on duty, the authorities appealed to Governor Morrow for assistance. As a result 300 troops, members of the Twenty-sixth and Twenty-eighth infantry, arrived at 3 o'clock on a special train from Camp Taylor.

The federal troops immediately began the work of patrolling the streets to keep crowds from congregating.

Lockett, arrested last Tuesday night and held in the State penitentiary at Frankfort for safe keep, was indicted last week and was brought here on a special train this morning for trial. He was heavily guarded.

Hundreds of farmers from the surrounding country arrived early to attend the trial, and sullenly watched the prisoner as he was marched from the train to the courthouse between lines of State troopers. When the trial opened, the court room was crowded to capacity. Everyone was searched for firearms before being admitted to the courthouse. Hundreds were unable to gain admission to the court room and congregated in the street in front of the courthouse.

GERMANS ARE PUSHING TRADE WITH FRANCE

Special Cable to the New York Times.

Paris, Feb. 8.—Since the Peace Treaty was ratified three weeks ago and business relations renewed between France and Germany every French importer's mail has been heavy with letters and circulars from German firms eager to resume the old relations. Whatever may be the uncertainties of the political situation, the German trader has lost no time getting to work. His efforts are so far, however, confined mainly to mail business, as few can obtain passports to come and push their trade personally.

Those few who have come have been courteously, if coldly, received. And for any coldness there is in their reception they have this comfort, that they get business just the same. The

The large industrial syndicates are trying as far as possible to prevent the purchase from Germany of goods which can be manufactured in France and to confine purchases to necessities. At the same time they complain that a great deal of business is being done by English and American buyers in Germany who are selling in France and profiting both ways from the low exchange rates.

One of the greatest difficulties Frenchmen are faced with is the settling of pre-war accounts. At the same time that is also one of Germany's greatest difficulties, for in most cases there is no disposition to do new business till old accounts are settled.

SECRETARY LANE

QUITS CABINET

Washington, Feb. 7.—President Wilson today accepted, effective March 1, the resignation of Franklin K. Lane for nearly seven years/Secretary of the Interior Department. The necessity that, after twenty-one years of public life, he must "now think of other duties," was the reason assign-

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

Fish Fertilizer

We are making the best fertilizer this year we have ever produced; it is heavily charged with fish, and we are using more fish this year than ever before, and that is why it is the best. It will pay any farmer in Abbeville County to use it. It is the best goods made, but we do not charge any more for it than others do for their goods. It will pay you to get in communication with us early, as the supply is not large.

W. F. FARMER, Sec'y.

FORMERS' BODIES OUT OF POLITICS

Washington, Feb. 10.—Farm organizations will not join the American Federation of Labor in its non-partisan campaign to elect this year only friends of the trades union movement, according to T. C. Atkeson, representative of the National Grange, which has 700,000 members. Dr. Atkeson said today that his organization had decided not to support organized labor's political activities, and pointed out that representatives of the grange, National Farmers' union, International Farmers' Congress, American Farm Bureau federation, Farmers' National congress and National Milk Producers' federation recently and formulated a platform of principles, but decided that individual members should be allowed to exercise their right of personal preference in voting.

The program has been sent to every member of congress, Mr. Atkeson said, and it may be expected that

farmers will observe the attitude of legislators on bills affecting their interests.

"We decided," Dr. Atkeson said, "that the interests of the farmers and of organized labor were not identical in fact were diametrically opposed on some questions. The union man wants shorter hours and higher pay, which means higher prices to the consumer. A similar attitude on the part of the farmers would mean curtailment of production of food until the people were so hungry they would pay exorbitant prices rather than starve. Instead, it is our policy to encourage as much work as possible to stimulate production, so that normal conditions may be restored."

Dr. Atkeson said the opposing interests of farmers and organized labor had illustration at the time congress fixed a price for wheat, the unions urging a low price.
