PHILSON & HENRY

ANTREVILLE

Mr. and Mrs. Carl Busby of Buffalo, were the guests of Mr. and Mrs. Langdon Erwin last week-end.

Mr. and Mrs. Andrew Fell and family of Verdery spent the past week-end with Mr. and Mrs. Will Fleming.

Mr. and Mrs. Frank Gilliard of Anderson, spent Sunday with Mr. and Mrs. Frank Crowther.

The following young ladies stood the Winthrop examination Friday: Misses Myra Williams, Elizabeth McCarter, Olive and Ina Gabite.

Mr. Frank Anderson, cashier of the bank at Clemson College, spent Sunday and Monday with homefolks, Dr. and Mrs. J. A. Anderson and family.

Miss Lorene Cook of Latimer, is spending sometime with her aunt, Mrs. S. J. Wakefield.

Mrs. W. W. McCarter entertained the Junior Missionary society at her beautiful new home last Saturday afternoon.

Mrs. R. A. Keaton and daughters, Misses Winton and Fay Keaton, and son, Carlisle, spent Saturday in Anderson shopping.

Mrs. W. S. Martin has returned home after a delightful visit to her mother in Hendersonville.

Miss Anne Clinkscales of Greenwood is visiting Mrs. J. A. Anderson.

The Presbyterian ladies sold ice cream at Antreville last Saturday for the benefit of their church. The sum of \$15 was made.

The young people enjoyed a picnic at Black's Mill last Monday evening.

We are sorry to hear of the illness of Mr. H. J. Power. We hope he will soon be entirely well and able to return to the country again.

Mr. and Mrs. J. R. Vandiver and family visited relatives in Anderson Sunday.

Miss Esther Bowen, Messrs Henry and Prue Bell, Carl Suber and several friends from Abbeville attended the picnic Monday evening.

Mr. and Mrs. J. C. Campbell and family, Mr. and Mrs. William Patterson and daughter, Miss Bertha, spent Sunday in Belton with Mr. and Mrs. Will McMahan.

Mr. and Mrs. Hugh Blackman and daughter, of Birmingham, visited at the home of Mr. and Mrs. E. L. Bell last week.

Mrs. McElrath of Augusta, is spending several days with her son, Mr. Bennie McElrath.

Mr. Joe Prince, Sr., has purchased a Ford touring car.

MAY LOSE EYESIGHT

Anderson, July 8.—C. E. Cowan, foreman of the Southern Paving company, was blown up Tuesday afternoon by a charge of dynamite. Mr. Cowan will likely lose his eyesight as the charge went directly in his face and drove sand into his eyeballs. There had been two charges set to explode, and one went off all right, the other seemingly had gone out, and Mr. Cowan went to examine it, and when bending over the stone the dynamite exploded, blowing Mr. Cowan several feet in the air. Fortunately the charge was what is called a "pop-shot" just to blow a ledge away, and was not very large, otherwise Mr. Cowan would likely have met instant death. The accident happened near the Rocky River bridge. The attending physicians do not hold out any encouragement that Mr. Cowan will ever see again. He also had his face badly mutilated, and his back is wrenched and an arm broken. Mr. Cowan is about 50 years old and his home is in Gadsden, Ala. His wife and three children were notified immediately of the accident.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc.

A HANDY TRACTOR

FOR ANY FARM

HERE is an economical little Kerosene Tractor for small or large farms—it pulls 2 1/4 in. plows anywhere a good team can continuously pull one plow. At the Salina, Kansas, Demonstration in 1918 it proved that it can average 1 1/10 acres per hour on 1.62 gal. of kerosene plowing gumbo under an average draw bar pull of 1015 pounds. It has a four cylinder Case Valve-in-head Motor set cross wise upon a one piece cast main frame. This affords the use of all cut steel spur gears and prevents disalignment of shafts, gears and bearings. All of these important parts are thoroughly enclosed and run in oil. The friction clutch belt pulley is mounted on the crank shaft and conveniently located for belting up to any machine. The Motor has a removable head also big hand hole covers along the side of crank case and a large cover underneath which makes engine bearings and other parts very accessible. The fin and tube, non-clogging Case Radiator

Core is supported by a four piece cast frame. The fan is driven by spiral gears enclosed. The "safety" fan hub prevents damage to these gears when starting. No fan belt or chain to look after. The Siphon Thermostat regulates the cooling system. Water circulation is insured by a centrifugal pump. This controlled cooling device maintains proper temperature of water to keep the motor hot thereby assuring thorough combustion and prevents raw fuel passing by the pistons or diluting the oil in crank case.

The Case Air Washer permits only clean, moist air entering carburetor, consequently no dust can enter the cylinders. This means a long lived motor. This tractor weighs only 3400 lbs. When plowing all wheels travel on unplowed land. The hitch is low and adjustable, eliminating undue side draft. For Discing, Seeding, Haying, Harvesting, Threshing, Silo Filling, Baling, etc., it's a handy tractor.
