Universal Seven-Reel Super Special by Von Stroheim

The Devil's Pass Key

A Picture of Paris, the wicked and Paris, the Wonderful.

Do you know what the devil's passkey is? Do you know who uses it? Would you know it if you saw it? What is its price? Can it be bought? There is a way, says Paris, to every woman's heart—and Von Stroheim, who knows his Paris as you know the rooms you live in—shows you what it is, in the most sensational photo drama of many years. A picture which every well-known critic has pronounced one of the wonders of the screen—for suspense, for detail of plot and setting, for the very human people who meet here the one great crisis of their lives. See "THE DEVIL'S PASS KEY" without fail. It was created by a man who knows—and who knows YOU know.
