To this end my efforts have been unceasing and it is to this alone, I am quite sure, that I am indebted, not only for that share which I have the happiness to believe I hold in the esteem and good opinion of your community, but for all the kindness and hospitality I have received during my residence among them.

"I pray you, gentlemen, to convey to your honorable associates my best wishes for the welfare and prosperity of your ancient and enterprising city, and to accept for yourselves individually, my grateful acknowledgments for the very flattering manner in which you have been pleased to communicate these proceedings, and the interest you so kindly expressed in my future happiness."

The answer was received with cheers, and it was unanimously resolved that the report and answer should be entered upon the journals of the court.

A PROCLAMATION.

We find the following in a late number of the Detroit Advertiser. It is a curiosity in its way.

Patriot Proclamation to the Indians!—The Provisional Government of Upper Canada take the earliest opportunity of cautioning the INDIANS against taking party with their swindling oppressors, the enemies of Liberty, against the Patriots of Upper Canada and assuring them that if they do not take part with their oppressors, the loyalists, during the struggle of the Patriots for their independence, they shall have their lands secured to them, and their civil and religious rights respected.

The Provisional Government of Upper Canada also promise all Indians who join their Standard, and aid them in obtaining their Independence, the same wages, rations, and bounty, as are given to white men, that is, 12 dollars a month, and rations, one hundred dollars bounty money in June next, and three hundred acres of land free simple at the successful close of the war.

By order of the Provisional Government of Upper Canada.

MUSICAL EXHIBITION.—We had the pleasure of attending the exhibition of Mr. Bacon's Musical Class on Friday evening last. The performance of the young ladies, was, in the general, highly creditable to them, and to Mr. B. If we may be permitted, for a moment only, to play the critic, we will say, that as much as we love that retiring modesty for which the truly virtuous and well-bred female is distinguished, there is such a thing, we think, as sometimes touching too gently the strings of the guitar, or the keys of the piano, and injuring a good voice by not singing loud enough to be heard with any distinctness.

The guitar is an instrument well adapted for the display of the graces, and while we cordially deprecate those convulsive motions which may be called the jerks, we like to see a young lady show motion enough to distinguish her from a lifeless statue.

But let it not be thought that we are displeased. We repeat that they deserve praise, and the more so, as the period of instruction with most of them has been very short.

We wish that occasions of this kind would occur more often among us; and the large company which attended the recent exhibition, give an earnest of a similar desire on the part of the community. We wish Mr. B. full success in his vocation, (for which we know he possesses high qualifications,) and the young ladies a rapid progress in that pleasing art, which it has been said, often speaks to the soul a language richer in meaning than words, and which none can deny but he who has not heard its sublimest strains, or has not the capacity to appreciate them.

We are requested to give public notice that the Upper Battalion of the 10th Regiment of South Carolina Militia, (Col. Huet's) will parade at Clark's (formerly Christie's) on the last Saturday in April, the 28th; that the Lower Battalion will parade at Mt. Willing on the 1st Saturday in May, the 5th. The commissioned and non-commissioned officers will parade the day previous for drill and instruction.

TEXAS AND ARKANSAS.—A difficulty has arisen between these States, in relation to their boundary. Texas claims Miller and Fayette counties in Arkansas, and has established land offices there. The majority of the people are on the side of Texas, and have renounced the jurisdiction of Arkansas. The Governor has submitted the matter to the Legislature.

The new Hotel in Charleston being nearly completed, the proprietors, a few days since, gave a splendid entertainment, at which Col. Small, the architect, and Mr. Page, the lessee, received their full share of praise and honor. Feeling as we do a lively interest for the growing success and prosperity of Charleston, we are pleased at every new evidence of the enterprise of her citizens. It was said on the occasion to which we are alluding, "that the first Page in the history of the Hotel promises a volume of good things." We trust, at no distant day, to come in for our portion of the volume.

CONGRESS.—The Sub-Treasury Bill has passed the Senate by an amendment which changes its whole character. We look upon the result as a defeat of the measure. The 23d section, the hard money section, was stricken out on motion of Mr. Cuthbert of Georgia. An amendment from Mr. Webster was adopted, the effect of which was to do away the specie circular, by making no distinction between the kind of funds to be

received for public lands and custom house dues. After the rejection of amendments from Messrs. Benton, Tipton and others, the question was taken upon the third reading of the bill and decided as follows:

Yeas—Messrs. Allen, Burton, Brown, Clay, of Ala., Cuthbert, Fulton, Hubbard, King, Linn, Lumpkin, Lyon, Morris, Mouton, Niles, Norvell, Pierce, Roane, Robinson, Sevier, Smith of Ct. Strange, Trotter, Walker Wall, Williams, Wright & Young—27.

Nays, Messrs. Bayard, Buchanan, Calhoun, Clay of Ky., Clayton, Crittenden, Davis, Grundy, Knight, McKean, Merrick, Nicholas, Prentiss, Preston, Rives, Robinson, Ruggles, Smith, of Ind. Southard, Spence, Swift, Tallmage, Tipton, Webster and White—25.

As soon as the Vice President declared the vote, the Senate adjourned.

Mr. Calhoun, it will be observed, voted against the bill, it being, as he declared, with its amendment, as objectionable as the Pot Bank system.

The Annual Meeting of the Central Temperance Board of Edgefield District was held in the Baptist Church on Tuesday evening during the sitting of Court.

The Meeting was opened with prayer by the Rev. Dr. Johnson, after which a very impressive and elegant address upon the evils of intemperance was pronounced by the Rev. Mr. Suares of Aiken S. C.

A committee was appointed to wait upon Mr. S. and request a copy of the address for publication, which the committee have the pleasure to announce was granted.—The address will appear as soon as practicable.

The following persons were appointed officers for the ensuing year, viz:

W. B. JOHNSON, President
DR. M. L. BORDE, V. President
M. MIMS, and
EDW. PENN, }
R. T. MIMS, Secretary.

The Board then adjourned until Tuesday evening during the Fall term of Court for this District.

W. B. JOHNSON President.
R. T. MIMS Secretary.

[COMMUNICATED.]

At a meeting of the citizens of this District on Wednesday the 28th instant, Col. Jno. Bauskett was called to the Chair, and Mr. Wm. H. Moss appointed Secretary; whereupon Whitfield Brooks Esqr. offered the following preamble and Resolutions which were unanimously adopted.

The people of Edgefield District having witnessed with gratification the patriotic efforts which were made by the enlightened convention of Merchants from the South and South West, held in the City of Augusta in October last, for the purpose of encouraging a direct trade with Europe; and participating largely in the general anxiety, which now happily pervades the entire Southern community for the accomplishment of the great enterprise and sensibly impressed with the obligation of performing their part in the laudable effort, now being made of emancipating the South from the present state of dependence on the North, and from the degrading tribute which is annually exacted in consequence of this dependence.

Resolved, That under a deep sense of this obligation enforced by the motives of patriotism and interest they will co-operate with their fellow citizens by sending suitable delegates to represent them in the Convention, which is to be held in the City of Augusta on the 1st Monday in April next.

Resolved, That the following persons to wit: Jacob B. Smith, Col. M. Watson, John C. Allen, Maj. John Middleton, Ducl. M. Golphin, J. L. Jeffers, George Parrott, N. L. Griffith Esqr., F. H. Wardlaw, Esqr. Thos. Smith, Edw. Penn, Jas. Sheppard, and W. B. Brannon, be and are hereby appointed Delegates from this District to the Convention; and that it shall be the duty of the chairman of this Meeting to notify them of their appointment.

Resolved, That the proceedings of this Meeting be published in the Edgefield Advertiser.

JOHN BAUSKETT, Chairman.
W. H. Moss, Secretary.

Miscellaneous.

NEW YORK, March 19.

From the Frontier.—We received on Saturday, the British official account of their attack on the horde which invaded Point Pelle Island, but had no room then to place it in our columns. It appears that Colonel Mathland, the British officer commanding on the Canada shore, after ascertaining that the ice was sufficiently strong, passed out in a detachment of regular troops and militia, two companies of which he ordered to the south side of the Island to intercept the retreat of the invaders to the American shore, whilst he himself landed on the north side and drove them before him. Finding themselves hemmed in, they attempted to escape on the south side, and here encountered the two companies posted there. An engagement ensued, in which the invaders were routed and left a Col. Bradley, a Major Handley, and Captains Van Rensselaer and McLeod, and seven others, dead on the field, several besides taken prisoners, many of whom were severely wounded. The British loss is said to be two killed and twenty eight severely wounded.

A NEW ERA IN STEAM.—Extract of a letter to Messrs Wadsworth and Smith, from the Secretary of the British and American Steam Navigation Company of London.

LONDON, Feb. 23.

I have the pleasure to inform you that the Sirius, steamboat of 700 tons and 320 horse power, has been chartered by several of the Directors, of the British & American Steam Navigation Company and some of the Proprietors, for a voyage to New York and back. The "Sirius" is a new vessel, about six months at work, during which time she has proved herself superior to any Steam vessel upon our waters, in speed and seaworthy qualities, and is a great favorite in the station she is at present."

(Dr. Lardner, and many of our packet ship Captains say "the thing can't be done,"—but we shall see. In open sea

navigation, there is no question, but that we are behind the British, as much as we are before them in river, lake, and all interior navigation. If the Sirius can come out here in March, and early in April, against the strong Westerly winds usually prevailing, the thing can be done. At any rate the attempt is to be made.—Express.

Mr. Clay, in his late speech says:—"In the sense which the Senator (Mr. Calhoun) supposes Banks to conflict with the coinage power, foreign commerce, and especially our commerce with China, conflict with it much more extensively. That as the great absorbent of the precious metals, it is therefore, much more unconstitutional than the State Banks. Foreign commerce sends them out of the country; Banks retain them within it."

Mr. Clay's inference, that the Banks retain the precious metals within the country, while foreign commerce is their great absorbent, is at war with facts. The Banks by over issues of paper drive the precious metals out of the country. They then become merchandise and constitute a part of foreign commerce. The China trade has occasionally produced a demand for these metals; but that demand has ceased. Why will not those who occupy distinguished stations as Legislators, and who are looked to as guides of public opinion, be more accurate in their facts?—Charleston Patriot.

Van Rensselaer in Limbo.—Gen. Van Rensselaer had his trial at Auburn, New York, on the 7th inst. when the various instances of his violation of the neutral laws of the United States were fully established. Declining to give bail he was sent to Albany to jail, to take his trial there in June. Gen. Sutherland was taken to Toronto on the 12th and his trial by court martial was to commence on the 13th; but was subsequently put off, until the arrival of the new Governor Sir George Arthur.

Gen. Van Rensselaer is drawing up a full statement of "movements, doings and so on"—connected with his northern expedition, which is to be laid before the public. Char. Cour.

AWFUL DISPENSATION.—On Wednesday last, while a cause was on trial in the Superior Court of this county, one of the Jurors, Richard Barber, fell forward in his seat and almost instantly died. He had not been in the least indisposed, that any of his acquaintances knew, and but a few moments before, on some question arising at the Bar, as to the testimony of a particular witness, had given his recollection of it.—Mr. Barber was a most pure and excellent man in all his relations, and leaves a large number of devoted friends to deplore his loss.—Salisbury (N. C.) Watchman.

We learn with deep regret the death of Stephen D. Miller, Esq. formerly Governor of this State, Senator in Congress, &c. He died on the 8th inst. at Raymond, Mississippi. South Carolina remembers him with gratitude and affection, for his virtuous character and eminent public services.—Telescope.

Commercial.

From the Augusta Constitutionalist, March 29.

AUGUSTA AND HAMBURG MARKET. **COTTON.**—During the past week there has been a better enquiry than has been experienced in the market for several weeks past, and the sales have been to a fair extent, without any material change in prices. The general opinion still is that the article will hold lower, and purchasers seem disposed to go off a little longer. Our receipts are on the increase, and our warehouses full.—We quote 7 1/2 a 9 1/2—a lot of strictly prime, in square bales, might bring 10 cents.

GRAIN.—The same old tune to sing—nothing doing in our grocery. Our streets at the present moment, present any thing but a lively appearance.

MONEY.Is getting scarce, and we hear many complaints. City money is very scarce and is much sought after. The bills of the following banks in this state are uncurrent in this market at the present time, for what reason we are not financiers enough to see, viz: the Bank of Rome, whose bills are taken by none of our banks, and are selling at 10 per cent. discount; and the Monroe Rail Road and Banking Company, ditto, 1 per cent. discount. The bills of the Ocmulgee Bank are received by only one of our banks, the Mechanics, on deposit—and our Brokers charge 1 per cent. discount on them. The Post notes of the banks of the interior payable in current paper are not received on deposit in this city, and are selling at 1 per cent. discount. Hamburg money is selling at a premium of 2 or 3 per cent., and Charleston at 3 1/4.

FLOUR.—The Cleveland (O.) Commercial Intelligence of the 8th says: Great quantities of flour have arrived in this city within a few days past. Some fifteen or twenty wagon loads arrived here last evening.—The market is pretty well supplied with the article; and we anticipate a decline in price. It is quoted at \$6."
