Allum Spring Pills,

For the Cure of Dyspepsia, Scrofula and Liver Diseases.

THESE PILLS are prepared by Dr. S. R. Campbell, from the water of the highly celebrated Mineral Springs in Rockbridge county Virginia, called the Alum Springs.

These Pills, like the water from which they are prepared, are a diuretic, promoting the secretion of urine and an alterative, increasing the secretions of the glandular system generally, and particularly of the liver. They act gently, but effectually upon the bowels, after two or three days' use of them, producing copious dark, bilious evacuation.

They also effect a determination to the surface, increasing the perspiration; therefore,
