

inced against South Carolina for boldly struggling in a cause, which they have solemnly declared to be just and righteous, and which in a few years, they look upon as inevitable!

THE CHURCH CASE.—The latest information (says the Southern Christian Advocate) we have in regard to the law suit, is embraced in the following paragraphs taken from the leading editorial of last week's issue of the Christian Advocate and Journal. We hope the offer of the Northern book agents will be received in the spirit of frank and kind reciprocity, that all further litigation and trouble will be forestalled:

"It is a fact which will, no doubt, be regarded of great importance, that under this recommendation, the Book Agents of New York and Cincinnati are brought to a point from which they are authorized by the General Conference, to offer a settlement of the case by 'arbitration.' In the plan for a 'peaceful' settlement of the 'matters in dispute' between the Methodist Episcopal Church, North, and the Methodist Episcopal Church, South, adopted at the General Conference of 1848, is found the following resolution:

"Resolved, That should the agents find, upon taking such legal counsel, that they have not the power to submit the case to voluntary arbitration, and should a suit at law be commenced by the commissioners of the Methodist Episcopal Church, South, said agents are hereby authorized, they, in that case, to tender to said commissioners an adjustment of their preferred claims by legal arbitration, under the authority of the Court."

"We are advised, that under the authority given by this resolution, the agents at New York and Cincinnati have resolved, without unnecessary delay, to offer to settle the claims of the Methodist Episcopal Church, South, in the mode contemplated in this resolution. How the offer will be received, we are not able to say. This mode of settlement would soon end the controversy, whereas the course of litigation before the United States Court will necessarily be protracted. We, for the present, waive further commentary."

ALABAMA SOUTHERN RIGHTS CONVENTION.—A Convention of the Southern Rights Association of Alabama took place at Montgomery, on the 10th inst. Nineteen Associations were represented. Ninety-three delegates were present. This is the second convention held in Alabama, and evinces an earnestness on the part of our sister State to maintain the right of separate secession. The following Preamble and Resolution were unanimously adopted:

"Whereas, in the opinion of this Convention, events of recent occurrence indicate that one of the sovereign States of this Union is placing herself in a situation to secede from the Union.

"And whereas, in the opinion of this body, any State has the right to secede, and from the very nature of the case, is the only judge of the justice and propriety of such act.

"And whereas, it is not improbable that the exercise of such right by the seceding State will be opposed with arms by the General Government. Therefore be it

Resolved, That any Southern State in the exercise of its own judgment, should secede from the Union, in the opinion of this Convention, it would become the duty of this State, as of all the other States, to oppose with force any attempt upon the part of the General Government to coerce such seceding State."

ANDERSON HOTEL.
THE Subscriber, late of Edgefield District, having taken the Hotel in this place, formerly occupied by Daniel Brown, takes this method of informing his friends and the public generally, that he has settled permanently (he hopes) in the pleasant Village of Anderson; that the house he has taken charge of, has undergone considerable repairs, and is well furnished, in neat and comfortable style.

The virtues of the mountain breeze, the pure and delicious water of Anderson Village, have been so long known and so generally tested, that I presume it is not necessary here to say anything in their praise. The proprietors assure those that are pleased to call at this OLD ESTABLISHED HOTEL, that the best of everything that the country affords, shall be provided for their accommodation. With a liberal patronage and our best exertions, we hope to make Anderson just the place.

In connection with the Hotel, is a Livery Stable, where horses will be well attended to. Also, Hack, Buggies, &c., kept on hand and in good repair, for the accommodation of the public generally.

I BEG leave respectfully to inform the citizens of Edgefield, Village and Country, that I have commenced a MERCANTILE BUSINESS in the house situated between Mr. BAYAN'S Store and the Court House.

My STOCK, consisting of all the varieties usually found in a Village Retail Store, has been recently purchased in Charleston, from Houses that import their Goods, principally direct from Europe. And I flatter myself, that an experience of five years in an Importing and Jobbing House in Charleston, together with other facilities, has enabled me to get a STOCK of GOODS, that will, in point of STYLE and PRICE, compare favorably with any Establishment of the place. Persons wishing to purchase Goods for Cash or on a credit until first of January next, will lose nothing by giving me a call.

A small share of patronage is earnestly solicited.
