THE Third Academic year will commence on MONDAY the 19th of September.

The whole number of Pupils in attendance during the past year has been 112.

The next Session will commence with greatly increased facilities for instruction. These consist First, Of the very considerable additions to the building which have been made during the present

Second'y, Of the purchase of a very splendid Philosophical and Chemical Apparatus, the original cost of which was above \$2,000. This has been added to that already in the Institute.

Thirdly, Cf an additional number of Teachers.

Fourthly, Additional Pianos, five of which, and an Organ for the practice of Sacred Music, are now in the Institute.

There will also be opened in connection with the

Institute a PERMANENT BOARDING HOUSE. For this purpose the very desirable and spacious mansion, form rly owned by Mr. EDMUND PENN has been purchased by the Principal. A large num-ber of Pupils can here enjoy not only the comfort of a well regulated home, but they will be at all hours under the control and watchful care of their Teachers. Their hours of study, seasons of recreation, visiting, &c., will be regulated by their instructors; and any directions which parents may give concerning their children will be rigidly observed. Board can also be obtained in several of the best

families in the Village.

The Tru-tees take pleasure in adding their renewed commendations, to the flattering testimonials which are daily given of the very high estimate in which this Institution is field. They think that not only does it deserve fully, the patronage of their fellow citizens, but that the People of the District may justly feel proud of raising up, and sustaining such a noble Institute in their midst—an Institute which they believe second to none.

They : Iso take pleasure in recommending to the patrons of the School the R.v. W.M. Christy of Alabama, a Presbyterian Clergyman, a gentleman with whom they are personally acquainted. Mr. C. brings with him rare qualifications, ripe experience, and the best recommendations. His acceptance of the position offered him in the Institute, they are convinced will add very much to its strength and merits. The Assistant yet to be chosen in the Musical Department, will be required to possess the

highest qualifications.

The Academical year is divided into three Ses sions of 14 weeks each. There are two vacations, one at the time of the Christmas holidays, and one in August and September. Expenses per Session of 14 Weeks.
