Messrs. Mason & Hamlin, the well-known manufacturers of the "Model Harmonium," in Boston, have recently introduced into our country...

The foregoing extract is from the "Musical Review and Gazette," and we copy it for the express benefit of the Baptist congregation in this place.

The day of musical objection, to the use of musical instruments in churches, is now a thing of the past.

It may be that the Organ-Harmonium is just the thing for a room with the dimensions of a Baptist church.

Much suffering has been experienced at Lyons. STARTLING NEWS FROM KANSAS—THREE GEORGIANS KILLED.

The reports that have from time to time been circulated of an engagement in Kansas between Capt. Pate's company and a party of Abolitionists, are fully confirmed by an extra of the Border Times, forwarded to the Savannah Republican.

It is on that paper, which took part in the fighting. It appears that the Abolitionists were a party of U. S. Sharpshooters was a posse under the U. S. Marshal, sent out in quest of some murderers.

On Monday, the 22nd inst., they were in camp at Hickory Point, when a large body of abolitionists came suddenly upon them.

About twenty fired, wounding six of Capt. Pate's men. The company returned the fire and they fell and fired incessantly for four hours.

Capt. Pate then sent a flag of truce and surrendered with twenty of his men to the enemy.

Three of Capt. Pate's company, Messrs. Coleman, Long and Ream mounted their horses and made good their escape.

The list of wounded in Capt. Pate's company is as follows: Edward G. Wood, mortally; J. Benjamin Lambert, mortally; R. W. Wood, of Ga., mortally; James McGee, dangerously; Henry James and Tim Connelly, slightly; several persons, names not known, were wounded.

A number on picket guard have not been heard from—supposed to be murdered.

The Border Times, June 4, adds the following: Dr. Follen, a member of the late Territorial Legislature, has just reached this place.

He gives us the following: Yesterday morning, the U. S. Marshall, I. B. Donelson, together with four of his men were murdered at Hickory Point, K. T. Maj. Donelson was on his official duty, when he and his men were attacked and cut to pieces by the Abolition Outlaws!

PHILADELPHIA, June 18.—The Hon. John Charles Fremont was nominated by the Black Republicans to-day on the first ballot as their candidate for President.

At an informal ballot of 258 votes; since the first ballot, Fremont had 183; Banks 25; Sumner 33; and Scattering 33.

The names of Messrs. Sumner, Wilson, Banks and Wilmot were then withdrawn, and Mr. Dayton nominated on the first ballot as the candidate of the party for Vice President.

The candidates who withdrew the Convention on the 18th inst. were: Fremont, for the duty of Congress to prohibit slavery in the Territories—condemns the administration for its pretensions in Kansas, and favors the admission of Kansas as a free State—favors the Pacific railroad, river and harbor improvements—and extends general invitations to all free States to join theirs on terms of perfect equality.

PHILADELPHIA, June 19.—Mr. Buchanan, in his response, accepts the nomination of the Democratic Convention with diffidence, and hopes to be able to allay domestic strife and preserve peace with foreign nations.

He intimates that he will resort to interrogatories on the issue of the Missouri Compromise. He endorses the platform on all points. He declines a re-election. He thinks that the slavery agitation is rapidly approaching a finality. He pledges himself, if elected, to exert the constitutional power to restore harmony to the Confederacy, and that his foreign policy shall be conducted with firmness, at home as maintained in the past, and abroad to be based on the principles of justice for all, requiring justice in return; and that the National honor shall be preserved at all hazards and at all sacrifices.

WALKER STAMER.—Recent advices from Gen. Walker state that the Central American States had leagues of 2,000 men from Salvador, and 1,000 from Honduras, were actually in march in Nicaragua. This news was brought by a British steamer to San Juan, and is highly improbable.

We understand, says the Louisville Democrat, that the U. S. Marshal, I. B. Donelson, upon the reception of the news of the nomination of H. N. John C. Breckinridge for the Vice Presidency, was tremendous beyond the powers of description. The nomination of Buchanan had just created the wildest enthusiasm, but when it was known that Kentucky's favorite son had been placed on the ticket, the whole population seemed to melt away. The cheering and the shouting confined to the home of Mr. Breckinridge. As the news spreads out over the rural districts, one universal shout will go up from the valleys to the hills-tops, and from the hills-tops to the valleys again. We venture the prediction that one hundred thousand cheering councils of this State will be disbanded before the first of July next.
