Concerning the Free Library. Senator Tillman sent to the Library, this week, a large number of valuable books which will be interesting to a great many people. There is a good library in Edgefield, one that every citizen should be proud to own and work for. Mr. Adams kindly gave us the use of a room free of charge, for a stated length of time, and the only actual expense is a small sum for the services of a librarian. Last June the librarian resigned. Mrs. Haltiwanger had given up active work in the library three months before. Since June the library has been opened at rather irregular intervals for the accommodation of those who patronize it and love to read the books, but new ones are needed, and some one needed to take charge of them. Edgefield needs this library, and those who realize the fact should meet and make arrangements for carrying it on successfully. Two weeks from today if such arrangements are not made, the books will be packed in boxes and sent to the Chairman of Library Department of the State Federation of Women's Clubs of South Carolina to be used as traveling libraries. These libraries, 30 in number, all shipped when ever they are called for and the railroads kindly give us free transportation for same. All who have books belonging to the Free Library or to Mrs. Haltiwanger's private library, are urged to return same to the library room on Tuesday and Friday afternoons and Saturday mornings during the next two weeks. Mrs. J. B. Haltiwanger, Pres.
