ADAM'S BIG BOLL DROUGHT RESISTING COTTON.

Two years ago I purchased some improved cotton seed from a Georgia farmer who had bred it up, paying \$1.18 cents per pound for the seed. It is large, deeprooted, resisting drought, storm and rust. I have made 664 pounds per acre of lint on thin land by using only 200 pounds of standard guano. On same grade of land with my next best variety only made 300 pounds of lint. Seed cotton from 32 well developed bolls weighs a pound. Will stand drought three weeks longer than other varieties.

I have a limited quantity of seed that I will sell for \$5.00 per bushel. Send in your orders at once.

R. F. ADAMS,
