**MISCELLANEOUS.**  
**E. T. TAYLOR & CO.,**  
MANUFACTURERS OF  
PREMIUM COTTON GINS, AND  
PATENT EXCELSIOR  
STRAW CUTTERS,  
Columbus, Ga.  
THE Subscribers having completed important additions to their extensive Gin Manufacturing Works, and perfected in all respects the details of their celebrated Patent Excelsior Straw Cutters, beg leave to call the attention of Planters, and all others interested in the cultivation of Cotton, and the raising and feeding of stock, to the importance and advantage of using the above named Machine. On the subject of their  
PREMIUM COTTON GINS.  
Little need be said to satisfy those who feel willing to be convinced of their superiority over those of any other manufactory, as evidenced by the numerous certificates that effect from our most extensive Cotton Planters, and the premiums uniformly awarded them by the various State Fairs and Agricultural Societies in Georgia and South Carolina, during the last five years. To all interested they would say they are prepared to supply on terms more reasonable than ever, any number of their Gins; all of which they fully warrant to give satisfaction with proper usage.  
They would also call the attention of those interested in feeding stock, particularly to the newly invented and improved Patent Excelsior Straw Cutter, manufactured by themselves, and for sale by their authorized Agents in the principal Cities and Towns in the United States.—This Cutter they confidently offer as the most complete and effective machine for cutting hay, straw or fodder, ever invented. The objections which have been urged against all the straw and hay cutters heretofore used, viz: Slowness of operation and difficulty of keeping in repair, in this machine are entirely removed. As to its speed, they confidently assert that it would perform five hundred per cent, more than any other Cutter ever used. The knives are nineteen in number, of fine cast steel, presenting a cutting edge of thirty-seven and a half feet. They are never brought in contact with anything but the straw or other material to be cut, they do not wear out the machine, or soon become dull. The whole of them can be sharpened in five minutes, without removing them from the machine. For the correctness of these assertions, they refer to any of their numerous patrons.  
All orders received by letter, or through any of their Agents, will receive prompt attention, and any information cheerfully given, on application.

William T. Caston } Lancaster District  
Samuel C. Caston } Partition.  
BY virtue of the decree of the Court of Equity, made in the above case, June Term, 1851, I will sell at Lancaster C. H., on the first Monday, the 6th December, 1852, the following valuable tracts of land, belonging to above parties, viz:  
One tract containing 732 acres, situate in Lancaster District on both sides of Little Lynch's creek, and on both sides of the Red field road to Camden, bounded by lands of Wm. H. Roberts, Mrs. Ellis, Mrs. Connors, Mrs. Ingram, and tract No. 1 belonging to same estate.  
Also, one other tract containing 968 Acres situate in said District, on both sides of said creek and road, adjoining lands of Robt. Crammenger, Wm. Bowers, James Reeves, James J. Horton, Uriah Williams Jno. Neal, Wm. H. Roberts, and the tract above described.  
These two tracts adjoin and form one body of land, having heretofore been cultivated as one plantation. Persons desiring to purchase, would do well to examine before the sale, as so large and valuable a body of land is becoming difficult to be purchased.  
Terms of Sale.—Cash, sufficient to pay costs and expenses; the balance a credit of one and two years with interest annually from day of sale, purchasers giving bond and two good sureties and a mortgage.  
JAMES H. WITHERSPOON, Com'r. Eq. L. D.  
Lancaster C. H., S. C., Oct. 20, 1852. 37 71  
\*Camden Journal will copy weekly until day of sale.
